

Are you interested in fostering? Would you like to find out more?

We at KinderCare Fostering are a non-profit making, Independent Fostering Agency that covers all of Northern Ireland. We work in partnership with the 5 Trusts across NI, we aim to provide loving and safe foster homes for Northern Ireland's most vulnerable children and young people.

There is currently a crisis in fostering in Northern Ireland. Unfortunately, there is an extreme shortage of foster carers, and as a result, we are unable to help many children and young people who would benefit so much from a safe and loving foster home. If you are interested in Fostering you can help us bridge that gap by getting in touch to gain more information.

We offer a high level of tailored support and training to all of our foster carers, as well as a generous monthly fostering allowance. The whole KinderCare family will be with you every step of the way in your Fostering journey.

You can contact us on 028 9002 0247 and ask for Gillian or Rebekah to have an informal chat. We will happily give you lots of information that is tailored to your personal circumstances and answer any questions you may have.

Alternatively, you can check out our website www.kindercareni.co.uk, or email Rebekah.Harper@kindercare.co.uk

Never rule yourself out, contact us and see if you could be that important life line that makes a positive change and difference to a child life.
