

## REMOTE LEARNING PLAN NURSERY

Areas of Learning		Focus: Aliens Love Underpants
<b>Language Development</b>	<b>A</b>	Story: <b>Aliens Love Underpants</b> (link shared)
	<b>C</b>	Rhyme: 5 Little Men in a flying saucer (clip shared) Revisit January rhyme booklet.
	<b>T</b>	Talk about aliens and where they come from? Discuss the planets, names of the planets, focus on which planet we live in and what you can see from outer space.
<b>Early Mathematical Experiences</b>	<b>I</b>	
	<b>V</b>	Create a washing line of underpants. Have a variety of sizes, colours and patterns available for children to sort and use. (see sample images)
	<b>I</b>	Collect bottle tops and complete suggested activities, for example, creating shapes, sorting and matching and counting bottle tops. (see sample posters)
<b>The Arts</b>	<b>T</b>	Play shape patterns game on Topmarks (See Link)
	<b>I</b>	
	<b>E</b>	Maybe make some flying saucer cookies. Using a simple baking recipe, add an extra ball of dough to the middle of the cookie. Once baked, you could cover in icing sugar and sweets to make them look like the aliens flying saucers. (see sample recipe)  Make a flying rocket using kitchen roll or toilet roll tube. (see sample images)
<b>Personal, Social and Emotional Development</b>	<b>S</b>	The aliens take turns playing games. Why not play some games as a family and take turns? If you have games like Connect 4, Pop Up Pirate, or cards to play pairs, snap, you can play these with your child to develop sharing and turn taking. The above-named games can also aid colour recognition, sorting and matching, communication skills. Etc. Please use whatever games or resources you have at home.

## REMOTE LEARNING PLAN NURSERY

		Football is perfect for sharing and turn taking, kicking the ball to each other or even taking turns aiming at the goals. Hide and Seek is an ideal game for playing indoors and out. Not only is it great for turn taking but also counting skills and having fun.
<b>Physical Development</b>		<p>The Aliens have upside down pants races. Can you play a sporting game with your family? Maybe have a race, decide on a starting point and finish point. Have a game of football, who can score the most goals.</p> <p>Using clothes pegs is great for fine motor skills and developing the muscles needed for writing, encourage your child to help you hang up the washing and let them use the clothes pegs. See other fine motor activities. (see examples)</p>
<b>World Around Us</b>		<p>Learn about the solar system. Which planet might the aliens have come from? Watch the solar system video. (see link)</p> <p>Can you make some planets? Use a variety of craft materials to make a planet. If you don't have craft materials, draw one. Which planet will you create? Is this your favourite and why?</p>
