

No Pylons

Hello my name is Lauren Carr and I am going to tell you about pylons.

Pylons are so big and dangerous. There going to destroy are lovely view on Madden as well as animal habitats.

Pylons are dangerous to our world they can cause great dangers and can hurt people in many different ways, they can also hurt animals.

Pylons can hurt people by different diseases one of them is leukaemia they can also hurt animals, they hurt cows because a pylon might be in their field, they can also hurt birds because a bird might be flying and the pylon might be in its way and the bird might not see it and crash into the pylon.
