

(c)

(a)

(d)

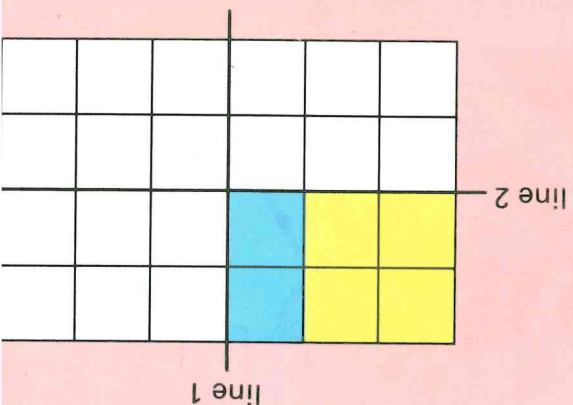

(b)

1 Copy this coloured pattern on squared paper.

2 Colour squares on the other side of line 1 to make the pattern symmetrical. You could use a mirror to help you.

3 Now colour squares on the other side of line 2 to make the whole pattern have these 2 lines of symmetry.

4 In the same way, copy and complete each of the following coloured patterns:
