Consent for Photographs and Digital Images

Our school maintains a database of photographs and digital images including videos of school events. It had become customary to take photos and videos of students engaged in activities to create a pictorial and historical record of school life and as a means of presenting projects and work done. Photographs and videos may be published on our school website, newsletters, calendars and local and national newspapers. In the case of website images student's names will not be recorded with the picture.

We seek your permission to allow our school to use these at the discretion of the school authorities in school publications/ website and/or school blog. **If you do not wish to consent to the above, please inform the school in writing.**

Information for Department of Education and Skills Primary Online Database

The Department of Education and Skills have developed an electronic database of primary school pupils called the Primary Online Database (POD). This database will allow the Department to evaluate progress and outcomes of pupils at primary level, to validate school enrolment returns for grant payment and teacher allocation purposes. Both religion and ethnic and cultural background are considered sensitive personal data categories under Data Protection legislation. Therefore, it is necessary for each pupil's parent/guardian to identify their child's religion and ethnic background, and to consent for this information to be transferred to the Department of Education and Skills. All other information held on POD was deemed by the Data Protection Commissioner as non-sensitive personal data.
