- The models in the photos are a visual representation of what the garments look like on. The dimensions stated in **red** are of the individuals rather than the garments.
- The kids pictured are typically average sized for the age bracket shown. We appreciate that everyone is different therefore, it's always best to take note of the height and waist details given. If you need more information on this, please see the page above.
- When ordering for children, please take into consideration that orders will take 5-6 weeks from the date that the link shop closes, so it may be an idea to size up. We want your children to get as long as possible out of their garments.
- We find that many of our customers like to wear a jacket over our half zips, especially on those colder days. Therefore, we recommend sizing up in our jackets if this sounds like you.
- While our garments are unisex, we find generally our adults XS corresponds to a ladies size 10.
- If in doubt, call us! One of our customer service representatives will be more than happy to chat and go through any questions you may have.
