Child Protection Ethos

In Victoria Nursery we have a responsibility for the safeguarding and child protection of the children in our care and we will carry out this duty by providing a caring, supportive and safe environment, where each child is valued for his or her unique talents and abilities, and in which all our children can learn and develop to their full potential. All staff, teaching and non-teaching should be alert to the signs of possible abuse and should know the procedures to be followed. This Policy sets out guidance on the action, which is required where abuse or harm to a child is suspected and outlines referral procedures within our school.

Key Principles of Safeguarding and Child Protection

The general principles, which underpin our work, are those set out in the UN Convention on the Rights of the Child and are enshrined in the Children (Northern Ireland) Order 1995, "Co-Operating to Safeguard Children and Young People in Northern Ireland" (DOH, 2017), the Department of Education (Northern Ireland) guidance "Safeguarding and Child Protection in Schools" (DENI Circular 2017/04) and the Safeguarding Board for NI Core Child Protection Policy and Procedures (2017). The children and Young People's Strategy 2020-2030 is a requirement of the Children's Services Co-Operation Act (NI) 2015. It is the overarching strategic framework for government to improve health and wellbeing of all children in Northern Ireland.

The following Principles form the basis of our Child Protection Policy:

- the child or young person's welfare is paramount;
- the voice of the child or young person should be heard;
- parents are supported to exercise parental responsibility and families helped stay together;
- partnership;
- prevention;
- responses should be proportionate to the circumstances;
- protection; and
- evidence based and informed decision making.

Other Related Policies:

The school has a duty to ensure that safeguarding permeates all activities and functions. The child protection policy therefore complements and supports a range of other school policies including:

- Anti-Bullying Policy
- Attendance Policy
- Positive Behaviour Policy
- Code of Conduct
- Educational Visits
- First Aid and Administration of Medicines
- Health and Safety Policy
- Intimate Care
- Special Educational Needs

These policies are available to parents in the front hall and any parent wishing to have a copy should contact the Principal.

School Safeguarding Team

The following are members of the school's Safeguarding Team:

- **Chair of the Board of Governors:** John Devine
- **Designated Governor for Child Protection:** John Devine
- **Principal:** Orla McAllister
- **Designated Teacher for Child Protection:** Orla McAllister
- **Deputy Designated person for Child Protection:** Patricia Mulholland

Roles and Responsibilities

Designated Teacher/ Deputy Designated Teacher

Every school is required to appoint a Designated Teacher with responsibility for Child Protection. They must also appoint a Deputy Designated Teacher who as a member of the Safeguarding team will actively support the Designated Teacher in carrying out the following duties:

- the induction and training of all school staff including support staff;
- being available to discuss safeguarding or child protection concerns of any member of staff;
- responsibility for record keeping of all child protection concerns;
- maintaining a current awareness of early intervention supports and other local services e.g. Family Support Hubs;
- making referrals to Social Services or PSNI where appropriate;
- liaison with the EA Designated Officers for Child Protection;
- keeping the school Principal informed;
- lead responsibility for the development of the school's child protection policy;
- promotion of a safeguarding and child protection ethos in the school; and
- compiling written reports to the Board of Governors regarding child protection.

Principal

- as secretary to the Board of Governors, assist in fulfilling its safeguarding and child protection duties;
- ensure the Board of Governors are kept fully informed of all developments relating to safeguarding including changes to legislation, policy, procedures, DE circulars, inclusion of child protection on the termly meeting agenda;

- to manage allegations / complaints against school staff;
- to establish and manage the operational systems for safeguarding and child protection;
- to appoint and manage designated teacher/deputy designated teachers who are enabled to fulfil their safeguarding responsibilities;
- to ensure safe and effective recruitment and selection including awareness of safeguarding and child protection for new staff and volunteers and that all volunteers have the necessary clearances in place and maintain a record of these.
- ensure that parents and pupils receive a copy or summary of the child protection policy at intake
- to maintain the schools record of child abuse complaints.

Board of Governors

- a designated governor for child protection is appointed;
- a designated and deputy designated teacher are appointed in their schools;
- they have a full understanding of the roles of the designated and deputy designated teachers for child protection;
- they safeguard and promote the welfare of registered pupils
- safeguarding and child protection training is given to all staff and governors including refresher training;
- the school has a child protection policy which is reviewed annually and parents and pupils receive a copy of the child protection policy and complaints procedure every year.
- the school has an anti-bullying policy which is reviewed at intervals of no more than four years and maintains a record of all incidents of bullying or alleged bullying. See the Addressing Bullying in Schools Act (NI) 2016;
- there is a code of conduct for all adults working in the school;
- all school staff and volunteers are recruited and vetted, in line with DE Circular 2012/19;
- they receive a full annual report on all child protection matters (It is best practice that they receive a termly report of child protection activities). This report should include details of the preventative curriculum and any initiatives or awareness raising undertaken within the school, including training for staff; and

- the school maintains the following child protection records in line with DE Circulars 2015/13 Dealing with Allegations of Abuse Against a Member of Staff and 2016/20 Child Protection: Record Keeping in Schools.

Chair of Board of Governors

The chair of the board of governors:

- has a pivotal role in creating and maintaining a safeguarding ethos;
 - receives training from CPSS and HR;
 - assumes lead responsibility in the event of a CP complaint or concern about the principal; and
 - ensures compliance with legislation, Child Protection record keeping and policies.
- Ensures that child protection records are kept and for signing and dating annually the Record of Child Abuse Complaints against staff members even if there have been no entries.

Designated Governor for Child Protection

Advises the board of governors on: -

- the role of the designated teachers;
- the content of child protection policies;
- the content of a code of conduct for adults within the school;
- the content of the termly updates and full annual designated teachers report; and
- recruitment, selection, vetting and induction of staff.

Other members of school staff

- members of staff **must** refer concerns or disclosures initially to the designated teacher for child protection or to the deputy designated person if she is not available. A detailed written record of the concerns will be made and any further necessary action will be taken,
- **staff should not** give children a guarantee of total confidentiality regarding their disclosures, should not investigate nor should they ask leading questions.

Parents

The primary responsibility for safeguarding and protection of children rests with parents who should feel confident about raising any concerns they have in relation to their child.

Parents can play their part in safeguarding by informing the school:

- if the child has a medical condition or educational need;

- if there are any Court Orders relating to the safety or wellbeing of a parent or child;
- if there is any change in a child's circumstances for example - change of address, change of contact details, change of name, change of parental responsibility;
- if there are any changes to arrangements about who brings their child to and from school;
- if their child is absent they should make contact with the school. More information on parental responsibility can be found on the EA website at: www.eani.org.uk/schools/safeguarding-and-child-protection

It is essential that the school has up to date contact details for parents/carers.

Child Protection Definitions

Definition of Harm

Harm can be suffered by a child or young person by acts of abuse perpetrated upon them by others. Abuse can happen in any family, but children may be more at risk if their parents have problems with drugs, alcohol and mental health, or if they live in a home where domestic abuse happens. Abuse can also occur outside of the family environment. Evidence shows that babies and children with disabilities can be more vulnerable to suffering abuse.

Although the harm from the abuse might take a long time to be recognisable in the child or young person, professionals may be in a position to observe its indicators earlier, for example, in the way that a parent interacts with their child. Effective and ongoing information sharing is key between professionals.

Harm from abuse is not always straightforward to identify and a child or young person may experience more than one type of harm.

Harm can be caused by:

- Sexual abuse
- Emotional abuse
- Physical abuse
- Neglect
- Exploitation

Sexual Abuse occurs when others use and exploit children sexually for their own gratification or gain or the gratification of others. Sexual abuse may involve physical contact, including assault by penetration (for example, rape, or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside clothing. It may include non-contact activities, such as involving children in the production of sexual images, forcing children to look at sexual images or watch sexual activities, encouraging children to behave in sexually inappropriate ways or grooming a child in preparation for abuse (including via e-technology). Sexual abuse is not solely perpetrated by adult males. Women can commit acts of sexual abuse, as can other children.

Emotional Abuse is the persistent emotional maltreatment of a child. It is also sometimes called psychological abuse and it can have severe and persistent adverse effects on a child's emotional

development. Emotional abuse may involve deliberately telling a child that they are worthless, or unloved and inadequate. It may include not giving a child opportunities to express their views, deliberately silencing them, or 'making fun' of what they say or how they communicate. Emotional abuse may involve bullying – including online bullying through social networks, online games or mobile phones – by a child's peers.

Physical Abuse is deliberately physically hurting a child. It might take a variety of different forms, including hitting, biting, pinching, shaking, throwing, poisoning, burning or scalding, drowning or suffocating a child.

Neglect is the failure to provide for a child's basic needs, whether it be adequate food, clothing, hygiene, supervision or shelter that is likely to result in the serious impairment of a child's health or development. Children who are neglected often also suffer from other types of abuse.

Exploitation is the intentional ill-treatment, manipulation or abuse of power and control over a child or young person; to take selfish or unfair advantage of a child or young person or situation, for personal gain. It may manifest itself in many forms such as child labour, slavery, servitude, and engagement in criminal activity, begging, benefit or other financial fraud or child trafficking. It extends to the recruitment, transportation, transfer, harbouring or receipt of children for the purpose of exploitation. Exploitation can be sexual in nature.

Although 'exploitation' is not included in the categories of registration for the Child Protection Register, professionals should recognise that the abuse resulting from or caused by the exploitation of children and young people can be categorised within the existing CPR categories as children who have been exploited will have suffered from physical abuse, neglect, emotional abuse, sexual abuse or a combination of these forms of abuse

Signs and symptoms of abuse – this section is included as an Appendix in our policy.

Information for schools - Please find attached the link to signs and symptoms from the SBNI Regional Core Policies and Procedures guidance.

<https://proceduresonline.com/trixcms/media/1248/signs-and-symptoms-of-child-abuse-and-neglect.pdf>.

Specific types of Abuse

In addition to the types of abuse described above there are also some specific types of abuse that we in **Victoria Nursery** are aware of and have therefore included them in our policy. Please see these in **Appendix 1**.

Children with Increased Vulnerabilities

Some children have increased risk of abuse due to specific vulnerabilities such as disability, lack of fluency in English and sexual orientation. We have included information about children with increased vulnerabilities in our policy. Please see these in **Appendix 2**

Responding to Safeguarding and Child Protection Concerns

Safeguarding is more than child protection. Safeguarding begins with promotion and preventative activity which enables children and young people to grow up safely and securely in circumstances where their development and wellbeing is not adversely affected. It includes support to families and early intervention to meet the needs of children and continues through to child protection. Child protection refers specifically to the activity that is undertaken to protect individual children or young people who are suffering, or are likely to suffer significant harm¹.

How a Parent Can Raise a Concern

In Victoria Nursery we aim to work closely with parents/guardians in supporting all aspects of their child's development and well-being. Any concerns a parent may have will be taken seriously and dealt with in a professional manner. If a parent has a concern they can talk to the Principal, Mrs O'Brien or Mrs Mulholland who are the designated persons for child protection or in their absence, Mrs Mulholland, the deputy designated person for child protection. If they are still concerned they may talk to the chair of the board of governors, Mr Devine. If after this a parent still has concerns they can contact the NI Public Services Ombudsman. At any time a parent may talk to a social worker in the local Gateway team or to the PSNI Central Referral Unit. Details of who to contact are shown in the flowchart in **Appendix 3**.

Where School has concerns or has been given information about possible abuse by someone other than a member of staff

In Victoria Nursery if a child makes a disclosure to their teacher or other member of staff which gives rise to concerns about possible abuse, or if a member of staff has concerns about a child, the member of staff will complete a Note of Concern (see **Appendix 6**) and act promptly. **They will not investigate** - this is a matter for Social Services - but will discuss these concerns with the designated teacher or with the deputy designated teacher if he/she is not available.

In all cases where symptoms displayed by a child give rise to concerns about possible abuse, or about the welfare of the child, the member of staff should report these concerns to the designated teacher.

A parent or other carer may also give information to a member of staff of the school which gives rise to concern about possible child abuse by someone outside the school, or by a person working in the school in a volunteer capacity.

The person making the complaint should be advised of their responsibility to refer to the local Health and Social Care Trust Gateway Team.

The designated teachers (Principal) will consult other relevant staff always taking care to avoid due delay. If required, advice may be sought from an Education Authority Child Protection Officer. The designated teacher may also seek clarification from the child or young person, their parent/carer.

If a child protection referral is not required the school may consider other options including monitoring, signposting or referring to other support agencies e.g. Family Support Hub with parental consent and, where appropriate, with the child/young person's consent.

¹ Co-Operating to Safeguard Children and Young People in Northern Ireland (August 2017)

<https://www.health-ni.gov.uk/publications/co-operating-safeguard-children-and-young-people-northern-ireland>

If a child protection referral is required the designated teacher will seek consent from the parent/carer and/or the child (if they are competent to give this) unless this would place the child at risk of significant harm.

The designated teacher will phone the Gateway team and/or the PSNI and will submit a completed UNOCINI referral form. Where appropriate the source of the concern will be informed of the action taken.

For further detail please see **Appendix 4**.

Where a complaint has been made about possible abuse by a member of the school's staff or a Volunteer

When a complaint about possible child abuse is made against a member of staff the Principal (the designated teacher) must be informed immediately. If the complaint is against the principal then the deputy designated person should be informed and she will inform the Chairperson of the board of governors who will consider what action is required in consultation with the employing authority. The procedure as outlined in **Appendix 5** will be followed.

Consent

Concerns about the safety or welfare of a child, should, where practicable, be discussed with the parent and consent sought for a referral to children's social services in the local HSC Trust, unless seeking agreement is likely to place the child person at further risk through delay or undermine any criminal investigative process (for example in circumstances where there are concerns or suspicions that a crime has taken place); or there is concern raised about the parent's actions or reactions. The communication/language needs of the parents/carers should be established for example in relation to disability/ethnicity and the parent's/carer's capacity to understand should be ascertained. These should be addressed through the provision of appropriate communication methods, including, where necessary, translators, signers, intermediaries or advocacy services.

Effective protection for children/young people may, on occasions, require the sharing of information without prior parental/carer consent in advance of that information being shared.

Where staff decide not to seek parental consent before making a referral to children's social services in the local Health and Social Care Trust or the police, the reason for this decision must be clearly noted in the child/young person's records and included within the verbal and written/UNOCINI referral.

When a referral is deemed to be necessary in the interests of the child/young person, and the parents/carers have been consulted and do not consent, the following action should be taken:

- the reason for proceeding without parental consent must be recorded;
- the withholding of permission by the parent/carer must be included in the verbal and written referral to children's social services;
- the parent/carer should be contacted to inform them that, after considering their wishes, a referral has been made.

Staff making a referral may ask for their anonymity to be protected as far as possible because of a genuine threat to self/family. In such instances this anonymity should be protected with an

explanation to the staff member that absolute confidentiality cannot be guaranteed as information may become the subject of court processes.

Confidentiality and Information Sharing

Information given to members of staff about possible child abuse cannot be held “in confidence”. In the interests of the child, staff have a responsibility to share relevant information about the protection of children with other professionals particularly the investigative agencies. In keeping with the principle of confidentiality, the sharing of information with school staff will be on a ‘need to know’ basis.

Where there have been, or are current, child protection concerns about a pupil who transfers to another school we will consider what information should be shared with the Designated Teacher in the receiving school.

Where it is necessary to safeguard children information will be shared with other statutory agencies in accordance with the requirements of this policy, the school data protection policy and the General Data Protection Regulations (GDPR).

Record Keeping

In accordance with DE guidance we must consider and develop clear guidelines for the recording, storage, retention and destruction of both manual and electronic records where they relate to child protection concerns.

In order to meet these requirements all child protection records, information and confidential notes concerning pupils in our school are stored securely and only the Designated Teachers (principal)/Deputy Designated person have access to them. In accordance with DE guidance on the disposal of child protection records these records will be stored from child’s date of birth plus 30 years. If information is held electronically, whether on a laptop or on a portable memory device, all must be encrypted and appropriately password protected.

These notes or records should be factual, objective and include what was seen, said, heard or reported. They should include details of the place and time and who was present and should be given to the Designated Teacher/Deputy Designated Person responsible for Child Protection. The person who reports the incident must treat the matter in confidence.

Each school has a responsibility to maintain its records and record keeping systems. The Board of Governors (BoG) should ensure that the arrangements operated by the school for the retention, management and release of public records comply with statutory requirements, including data protection legislation, most recently the new Data Protection Act 2018 (DPA) including the General Data Protection Regulation (GDPR).

GDPR provides a legal framework for keeping everyone’s personal data safe by requiring organisations to have robust processes in place for handling and storing personal information based on the following principles:

- Processed lawfully, fairly and in a transparent manner;
- Collected for specified, explicit and legitimate purposes;
- Adequate, relevant and limited to what is necessary;
- Accurate and where necessary kept up to date;

Kept in a form which permits identification of data subjects for no longer than is necessary for the purposes for which those data are processed; and

Processed in a manner that ensures appropriate security of personal data.

Each school should have a Records Management Policy. While there is no specific legislation in respect of child protection records, schools should ensure that the principles of the requirements of the legislation, in particular the Children

(Northern Ireland) Order 1995 and the Data Protection Act 2018, and guidance in DE Circular 2020/07 is adhered to.

Safe Recruitment Procedures

Vetting checks are a key preventative measure in preventing unsuitable individuals' access to children and vulnerable adults through the education system and schools must ensure that all persons on school property are vetted, inducted and supervised as appropriate. All staff paid or unpaid who are appointed to positions in Victoria Nursery are vetted / supervised in accordance with relevant legislation and Departmental guidance.

Code of Conduct For all Staff - Paid or Unpaid

All actions concerning children and young people must uphold the best interests of the young person as a primary consideration. Staff must always be mindful of the fact that they hold a position of trust and that their behaviour towards the child and young people in their charge must be above reproach. All members of staff are expected to comply with the school's Code of Conduct for Employees and Volunteers which has been approved by the Board of Governors. **(the school's Code of Conduct is available on request)**

The Preventative Curriculum

The statutory personal development curriculum requires schools to give specific attention to pupils' emotional wellbeing, health and safety, relationships, and the development of a moral thinking and value system. The curriculum also offers a medium to explore sensitive issues with children in an age-appropriate way which helps them to develop appropriate protective behaviours. (2017/04)

1. Our school seeks to promote pupils' awareness and understanding of safeguarding issues, including those related to child protection through its curriculum. The safeguarding of children is an important focus in the school's personal development programme and is also addressed where it arises within the context of subjects. Through the preventative curriculum we aim to build the confidence, self-esteem and personal resiliencies of children so that they can develop coping strategies and can make more positive choices in a range of situations.

2. Throughout the school year child protection issues are addressed through shared activities and there is a permanent child protection notice board in the front hall and relevant information in each resource area, which provides advice and displays helpline numbers for parents. Other initiatives which address child protection and safety issues: School visitors such as health visitor parent programmes.

Monitoring and Evaluation

This policy will be reviewed annually by the safeguarding team and approved every 2 years by the Board of Governors for dissemination to parents, pupils and staff. It will be implemented through

the schools staff induction and training programme and as part of day to day practice. Compliance with the policy will be monitored on an on-going basis by the designated teacher for child protection and periodically by the Schools Safeguarding Team. The board of governors will also monitor child protection activity and the implementation of the Safeguarding and Child Protection policy on a regular basis through the provision of reports from the designated teacher.

Date Policy Reviewed: 1st September 2021

Signed:

(Designated Teacher/Principal)

(Chair of Board of Governors)

Specific Types of Abuse

Grooming of a child or young person is always abusive and/or exploitative. It often involves perpetrator(s) gaining the trust of the child or young person or, in some cases, the trust of the family, friends or community, and/or making an emotional connection with the victim in order to facilitate abuse before the abuse begins. This may involve providing money, gifts, drugs and/or alcohol or more basic needs such as food, accommodation or clothing to develop the child's/young person's loyalty to and dependence upon the person(s) doing the grooming. The person(s) carrying out the abuse may differ from those involved in grooming which led to it, although this is not always the case. Grooming is often associated with Child Sexual Exploitation (CSE) but can be a precursor to other forms of abuse. Grooming may occur face to face, online and/or through social media, the latter making it more difficult to detect and identify.

If the staff in Victoria Nursery School become aware of signs that may indicate grooming they will take early action and follow the school's child protection policies and procedures.

Child sexual exploitation (CSE) is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/ or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology. (Co-operating to Safeguard Children and Young People in NI. DHSSPS version 2.0 2017)

The key factor that distinguishes cases of CSE from other forms of child sexual abuse is the concept of exchange – the fact that someone coerces or manipulates a child into engaging in sexual activity **in return for something** they need or desire and/or for the gain of those perpetrating or facilitating the abuse. The something received by the child or young person can include both tangible items and/or more intangible 'rewards' OR 'benefits' such as perceived affection, protection or a sense of value or belonging.

Any child under the age of eighteen, male or female, can be a victim of CSE, including those who can legally consent to have sex. The abuse most frequently impacts upon those of a post-primary age and can be perpetrated by adults or peers, on an individual or group basis.

CSE is a form of child abuse and, as such, any member of staff suspecting that CSE is occurring will follow the school's child protection policy and procedures, including reporting to the appropriate agencies.

Domestic and Sexual violence and abuse can have a profoundly negative effect on a child's emotional, psychological and social well-being. A child does not have to witness domestic violence to be adversely affected by it. Living in a violent or abusive domestic environment is harmful to children.

Domestic violence and abuse is defined as 'threatening, controlling, coercive behaviour, violence or abuse (psychological, virtual, physical, verbal, sexual, financial or emotional) inflicted on anyone (irrespective of age, ethnicity, religion, gender, identity, sexual orientation or any form of disability) by a current or former intimate partner or family member.' Sexual Violence and Abuse is defined

as 'any behaviour (physical, psychological, verbal, virtual /online perceived to be of a sexual nature which is controlling, coercive, exploitative, harmful or unwanted that is inflicted on anyone (irrespective of age, ethnicity, religion, gender, gender identity, sexual orientation or any form of disability).' (Stopping Domestic and Sexual Violence and Abuse in Northern Ireland A Seven Year Strategy: March 2016).

If it comes to the attention of school staff that Domestic Abuse, is or may be, affecting a child this will be passed on to the Designated/Deputy Designated Teacher who has an obligation to share the information with the Social Services Gateway Team.

Female Genital Mutilation (FGM) is a form of child abuse and violence against women and girls. FGM comprises all procedures that involve partial or total removal of the external female genitalia, or other injury to the female genital organs for non-medical reasons. The procedure is also referred to as 'cutting', 'female circumcision' and 'initiation'. The practice is medically unnecessary, extremely painful and has serious health consequences, both at the time when the mutilation is carried out and in later life. FGM is a form of child abuse and, as such, teachers have a statutory duty to report cases, including suspicion, to the appropriate agencies, through agreed established procedures set out in our school policy.

Children who display harmful sexualised behaviour

Learning about sex and sexual behaviour is a normal part of a child's development. It will help them as they grow up, and as they start to make decisions about relationships. As a school we support children and young people, through the Personal Development element of the curriculum, to develop their understanding of relationships and sexuality and the responsibilities of healthy relationships. Teachers are often therefore in a good position to consider if behaviour is within the normal continuum or otherwise.

It is important to distinguish between different sexual behaviours - these can be defined as 'healthy', 'problematic' or 'sexually harmful'. Healthy sexual behaviour will normally have no need for intervention, however consideration may be required as to appropriateness within a school setting. Problematic sexual behaviour requires some level of intervention, depending on the activity and level of concern. For example, a one-off incident may simply require liaising with parents on setting clear direction that the behaviour is unacceptable, explaining boundaries and providing information and education. Alternatively, if the behaviour is considered to be more serious, perhaps because there are a number of aspects of concern, advice from the EA CPSS may be required. We will also take guidance from DE Circular 2016/05 to address concerns about harmful sexualised behaviour displayed by children and young people.

What is Harmful Sexualised Behaviour?

Harmful sexualised behaviour is any behaviour of a sexual nature that takes place when:

- There is no informed consent by the victim; and/or
- the perpetrator uses threat (verbal, physical or emotional) to coerce, threaten or intimidate the victim
- Harmful sexualised behaviour can include: Using age inappropriate sexually explicit words and phrases.
- Inappropriate touching.

- Using sexual violence or threats.
- Sexual behaviour between children is also considered harmful if one of the children is much older - particularly if there is more than two years' difference in age or if one of the children is pre-pubescent and the other is not.
- However, a younger child can abuse an older child, particularly if they have power over them - for example, if the older child is disabled.

Sexually harmful behaviour is primarily a child protection concern. There may remain issues to be addressed through the schools positive behaviour policy but it is important to always apply principles that remain child centred.

Harmful sexualised behaviour will always require intervention and in our school we will refer to our child protection policy and, seek the support that is available from the CPSS.

E safety/Internet abuse

Online safety means acting and staying safe when using digital technologies. It is wider than simply internet technology and includes electronic communication via text messages, social environments and apps, and using games consoles through any digital device. In all cases, in schools and elsewhere, it is a paramount concern.

In January 2014, the SBNI published its report 'An exploration of e-safety messages to young people, parents and practitioners in Northern Ireland' which identified the associated risks around online safety under four categories:

- **Content risks:** the child or young person is exposed to harmful material.
- **Contact risks:** the child or young person participates in adult initiated online activity.
- **Conduct risks:** the child or young person is a perpetrator or victim in peer-to-peer exchange.
- **Commercial risks:** the child or young person is exposed to inappropriate commercial advertising, marketing schemes or hidden costs.

We in Victoria Nursery have a responsibility to ensure that there is a reduced risk of pupils accessing harmful and inappropriate digital content and will be energetic in highlighting to parents the need to act responsibly and keep their children safe online. The school's actions and governance of online safety are reflected clearly in our safeguarding arrangements. Safeguarding and promoting pupils' welfare around digital technology is the responsibility of everyone who comes into contact with the pupils in the school or on school-organised activities

Appendix 2

Children with Increased Vulnerabilities

Children with a disability

Children and young people with disabilities (i.e. any child or young person who has a physical, sensory or learning impairment or a significant health condition) may be more vulnerable to abuse and those working with children with disabilities should be aware of any vulnerability factors associated with risk of harm, and any emerging child protection issues.

Staff must be aware that communication difficulties can be hidden or overlooked making disclosure particularly difficult. Staff and volunteers working with children with disabilities will receive training to enable them to identify and refer concerns early in order to allow preventative action to be taken.

Children with limited fluency in English

Children whose first language is not English/Newcomer pupils should be given the opportunity to express themselves to a member of staff or other professional with appropriate language/communication skills, especially where there are concerns that abuse may have occurred. DTs and other relevant school staff should seek advice and support from the EA's Intercultural Education Service if necessary. All schools should create an atmosphere in which pupils with special educational needs which involve communication difficulties, or pupils for whom English is not their first language, feel confident to discuss these issues or other matters that may be worrying them.

Pre-school provision

Many of the issues in the preceding paragraphs will be relevant to our young children who may have limited communication skills. In addition to the above, staff will follow our Intimate Care policy and procedures in consultation with the child's parent[s]/carer[s]

Looked After Children

In consultation with other agencies and professionals, a Health and Social Care Trust may determine that a child or young person's welfare cannot be safeguarded if they remain at home. In these circumstances, a child may be accommodated through a voluntary arrangement with the persons with parental responsibility for the child or the HSCT may make an application to the Court for a Care Order to place the child or young person in an alternative placement provided by the Trust. The HSCT will then make arrangements for the child to be looked after, either permanently or temporarily. It is important that the views of children, young people and their parents and/or others with parental responsibility for the looked child are taken into account when decisions are made.

A member of school staff will attend LAC meetings and will provide a written report. Where necessary, school support will be put in place for the child/young person. Information will be shared with relevant staff on a need to know basis.

Children of parents with additional support needs

Children and young people can be affected by the disability of those caring for them. Parents, carers or siblings with disabilities may have additional support needs which impact on the safety and wellbeing of children and young people in the family, possibly affecting their education or physical and emotional development. It is important that any action school staff take to safeguard children

and young people at risk of harm in these circumstances encompasses joint working between specialist disability and children's social workers and other professionals and agencies involved in providing services to adult family members. This will assist us in ensuring the welfare of the children and young people in the family is promoted and they are safeguarded as effectively as possible.

Where it is known or suspected that parents or carers have impaired ability to care for a child, the safeguarding team will give consideration to the need for a child protection response in addition to the provision of family support and intervention.

Work experience, school trips and educational visits

Our duty to safeguard and promote the welfare of children and young people also includes periods when they are in our care outside of the school setting. We will follow DE guidance on educational visits, school trips and work experience to ensure our current safeguarding policies are adhered to and that appropriate staffing levels are in place.

Appendix 3

How a Parent can make a Complaint

If a parent has a potential child protection concern:

I have a concern about my / a child's safety

If I am concerned I can talk to the Principal, Mrs O. McAllister who is the Designated Person for Safeguarding and Child Protection or in her absence Mrs P. Mulholland, Nursery Assistant, Deputy Designated person for Safeguarding and Child Protection.

If I am still concerned, I can talk / write to the Chairperson of the Board of Governors Mr John Devine, Designated B.O.G's person for Safeguarding and Child Protection.

At any time I can talk to **P.S.N.I.** at the

Central Referral Unit

02890259229

(or 101 extension 30299)

Or

A Gateway Duty Social Worker

Gateway Children's Social Work Service

02890 507000 9am – 5pm. Mon- Fri

Out of Hours Service **02895044891** covers all other times including Bank Holidays

If you have escalated your concern as set out in the above flowchart, and are of the view that it has not been addressed satisfactorily, you may revert to the school's complaints policy. This policy should culminate in the option for you to contact the NI Public Services Ombudsman (NIPSO) who has the legislative power to investigate your complaint. Details of how to make a complaint to NIPSO can be found on their website at: www.nipso.org.uk or, by telephone on 0800 34 34 24. However, please bear in mind that usually, before you complain to the Ombudsman, you will be expected to have exhausted the school's internal complaints procedure.

Appendix 4

Procedure where the School has concerns, or has been given information, about possible abuse by someone other than a member of staff

Member of staff completes the Note of Concern on what has been observed or shared and must ACT PROMPTLY.

Source of concern is notified that the school will follow up appropriately on the issues raised. Staff member discusses concerns with the Principal who is the Designated Teacher or Deputy Designated Person for Child protection in her absence and provides note of concern.

The Principal/ Designated Teacher will consult with other relevant staff before deciding upon action to be taken, always taking care to avoid undue delay. If required, advice may be sought from a CPSS officer.

Where appropriate the source of the concern will be informed as to the action taken. The Principal/ Designated Teacher will maintain a written record of all decisions and actions taken and ensure that this record is appropriately and securely stored.

Child Protection Referral is required

Principal/Designated Teacher seeks consent of the parent/carer unless this would place the child at risk of significant harm then telephones the Children's Services Gateway Team and/or the PSNI if a child is at immediate risk. She submits a completed UNOCINI referral form within 24 hours.

Child Protection referral is not required

School may consider other options including monitoring the situation within an agreed timescale; signposting or referring the child/parent/carers to appropriate support services such as the Children's Services Gateway Team or local Family Support Hub with parental consent.

Principal/ designated Teacher clarifies/discusses concern with child/ parent/carers and decides if a child protection referral is or is not required.

Appendix 4

Procedure where the School has concerns, or has been given information, about possible abuse by someone other than a member of staff

Member of staff completes the Note of Concern on what has been observed or shared and must ACT PROMPTLY.

Source of concern is notified that the school will follow up appropriately on the issues raised.

Staff member discusses concerns with the Designated Teacher or Deputy Designated Teacher in his/her absence and provides note of concern.

Designated Teacher should consult with the Principal or other relevant staff before deciding upon action to be taken, always taking care to avoid undue delay. If required, advice may be sought from a CPSS officer.

Child Protection referral is required

Designated Teacher seeks consent of the parent/carer and/or the child (if they are competent to give this) unless this would place the child at risk of significant harm then telephones the Children's Services Gateway Team and/or the PSNI if a child is at immediate risk. He/she submits a completed UNOCINI referral form within 24 hours.

Child Protection referral is not required

School may consider other options including monitoring the situation within an agreed timescale; signposting or referring the child/parent/carers to appropriate support services such as the Children's Services Gateway Team or local Family Support Hub with parental consent, and child/young person's consent (where appropriate).

Designated Teacher clarifies/discusses concern with child/ parent/carers and decides if a child protection referral is or is not required.

Where appropriate the source of the concern will be informed as to the action taken. The Designated Teacher will maintain a written record of all decisions and actions taken and ensure that this record is appropriately and securely stored.

Appendix 5

Dealing with Allegations of Abuse Against a Member of Staff

Key Points

Principal learns of an allegation against a member of staff and informs the Chair/Vice Chair of BoG as appropriate.

Guidance on the Next Steps

Principal then establishes the facts, seeks advice from the key agencies as appropriate, usually through informal discussion.

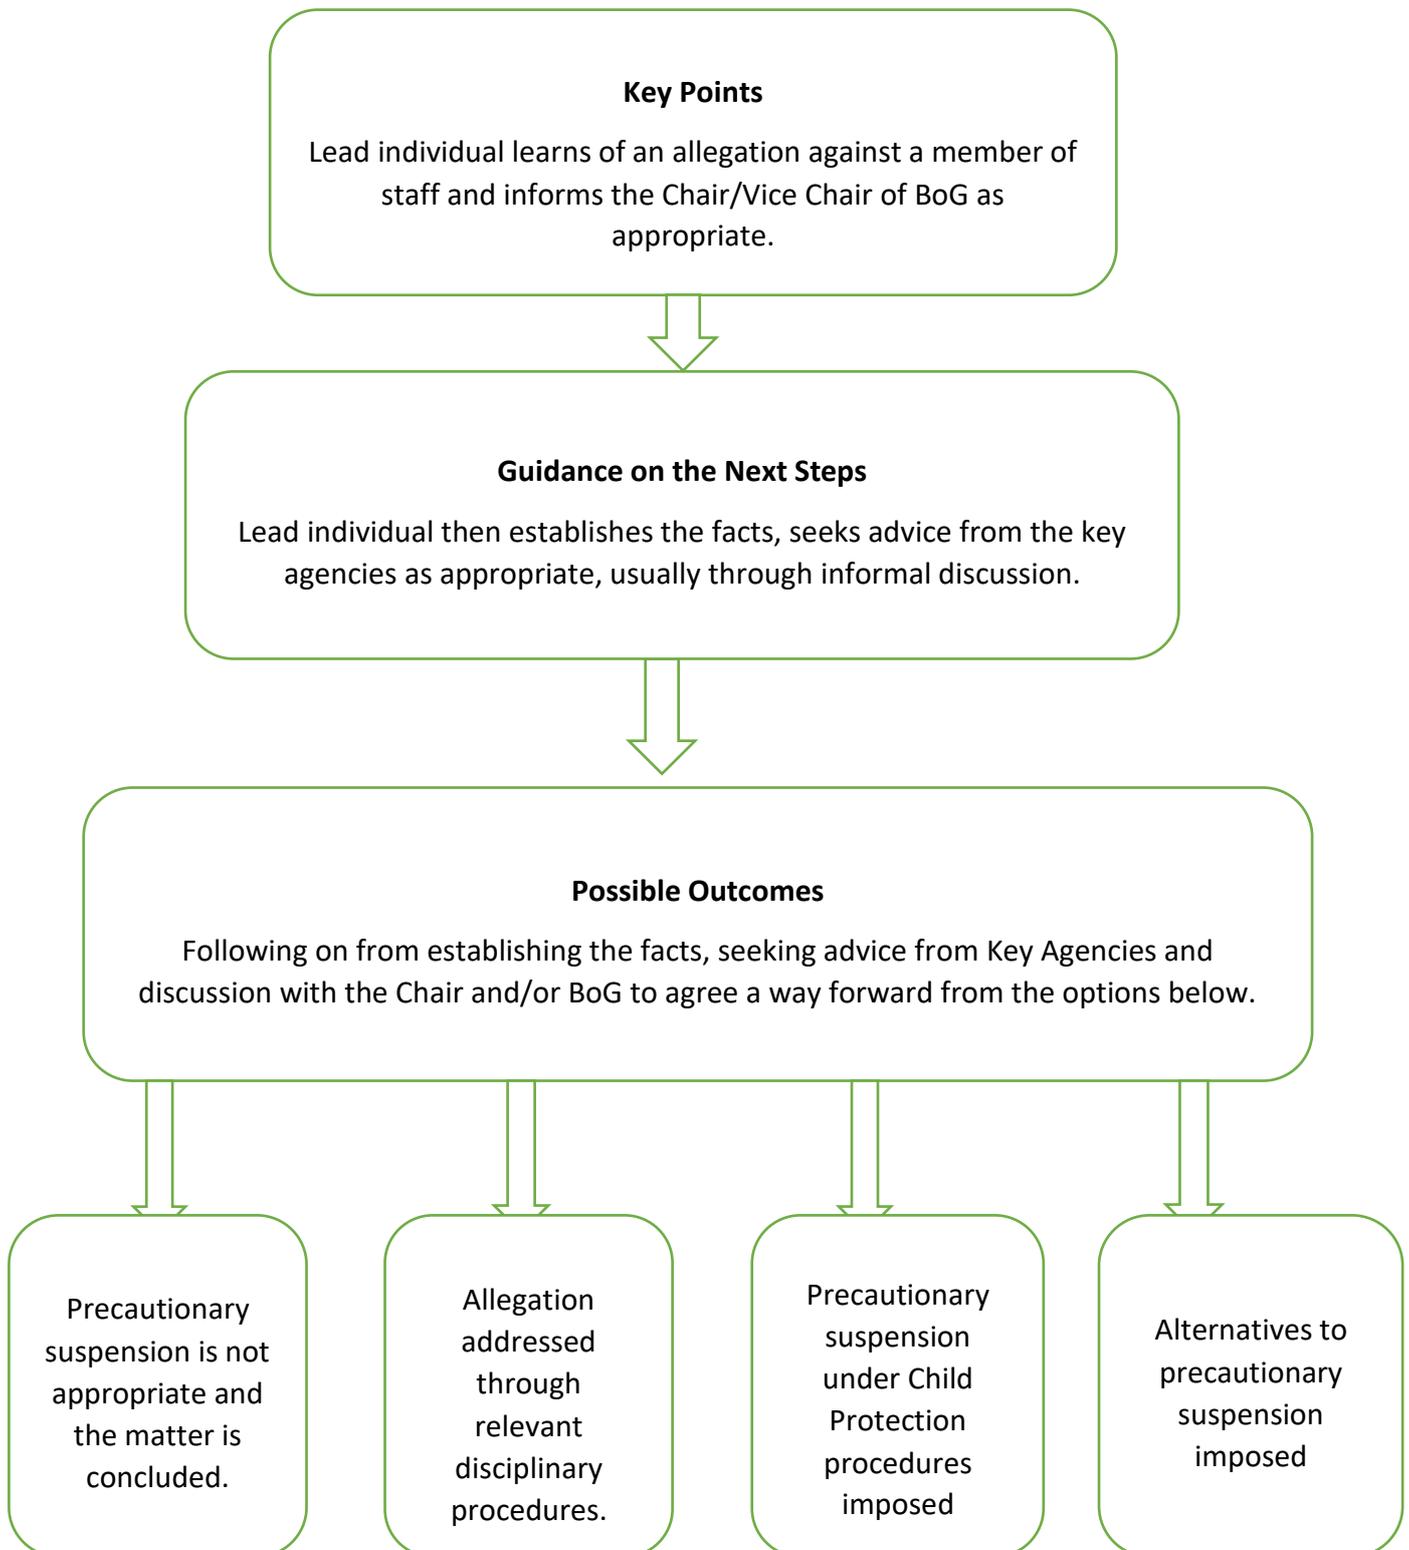

Possible Outcomes

Following on from establishing the facts, seeking advice from Key Agencies and discussion with the Chair and/or BoG to agree a way forward from the options below.

- Alternatives to precautionary suspension imposed
- Precautionary suspension under Child Protection procedures imposed
- Precautionary suspension is not appropriate and the matter is concluded.
- Allegation addressed through relevant disciplinary procedure
