ST. COLMCILLE'S PRIMARY SCHOOL

Strategic Plan: **Strategy 3 Using ICT**

Aim	1. That our pupils gain technological skills to equip them for the 21st century.
Goal	1. To promote the use of ICT to further pupil's learning. 2. Through ICT the pupils are given the opportunities and skills they need to cope with the emerging information society.
Targets	1. By 2019 an appropriate 3-year staff development programme will be put in place to provide appropriate training for the integration of iPad and emerging technologies to enhance the learning and teaching throughout the school with a particular focus on coding and Exchange. 2. By 2020 the school will go forward for a reassessment to maintain the Naace ICT Mark. 3. By 2020 teachers in Years 1, 4 and 7 will use the SeeSaw app as a means of communication with parents. 4. By 2021 pupil e-portfolios will incorporate all of the Desirable Features – desktop publishing, film and animation, interactive design, managing data, music and sound, online communication, presenting and working with images. 5. By 2021 pupils will achieve above the NI average in the End of Key Stage assessment outcomes - TARGET: Key Stage 1 (Y4) >90.36% Level 2 or above Key Stage 2 (Y7) >85.00% Level 4 or above
