Invitation to Participate in Digital Hub Workshops at Strabane Academy

Dear Principal,

I am writing to share the continued success of our Digital Hub at Strabane Academy, which has now completed its first full year of operation. Over the past year, the hub has provided primary students with valuable opportunities to develop key digital skills, particularly in coding and robotics, and has proven to be a highly positive and engaging experience.

We were also delighted to work with six local primary schools this academic year, whose pupils participated in the workshops, all benefitting greatly from the experience.

Building on this success, we would like to extend an invitation to your Primary 5/6 pupils for the forthcoming academic year to participate in a series of structured workshops within our Digital Hub. These sessions will focus on developing skills in robotics and coding, helping to prepare pupils for the increasingly digital world.

We are currently in the process of developing a timetable for local primary schools to participate in the programme next year.

The workshops are designed to:

- Introduce pupils to the fundamentals of coding and programming
- Develop problem-solving and critical thinking skills through hands-on robotics activities
- Encourage creativity, innovation, and collaboration
- Build confidence in using digital technologies in a safe and supportive environment

Places for these workshops will be limited and allocated in order of confirmed interest, so we would encourage early expression of interest to avoid disappointment. We believe this partnership will provide an enriching experience for your pupils and support the development of essential skills for their future education and careers.

If this is something your school would like to be involved in, please do not hesitate to get in touch. You can contact our ICT Coordinator, Mr R Breen, at rbreen754@c2ken.net to discuss the programme further or to register your interest.

Thank you for your time and consideration. We look forward to the opportunity of working together to continue supporting and inspiring young learners in our community.

Yours sincerely,
Mr R Breen
ICT Coordinator
Strabane Academy

“A caring, supportive, close-knit community committed to providing an outstanding education that motivates and inspires all to reach their true potential in an atmosphere of mutual respect.”
