

Week Beginning:
15th January 2024

Home Learning Ideas

Personal, Social + Emotional

*When children learn to take turns, they are learning basic back and forth rhythms that all communication is built on.

*Take turns completing simple games or puzzles with your child.

Model language while playing:

"Your turn...My turn..."

Your turn...My turn."

Physical Development

*Snowman Fine Motor Activity:

Your child will need the tweezers or kitchen tongs, a plastic bottle, cotton wool balls and some markers to decorate the bottle.

- See Instruction Page

Language Development

*We play lots of games to encourage Listening and Attention Skills.

- See the Winter I-Spy Activity Page. Give your child clues. Can they find the picture you are talking about?

E.g. I spy something that you wear to keep your head and ears warm.

Mathematical Experiences

* Explore some math games on

www.topmarks.co.uk

Topmarks

*Click on the link below to explore Grover's Winter Games

[Sesame Street | Play Fun Games for Kids](#)

The Arts

* Have a go at singing some Winter Songs at home.

- See Winter Song Sheet

*Explore some Winter songs on YouTube.

The children love the Freeze Song. Click on the link for the North Pole version:

The World Around Us

* You could have a go at making some Hot Chocolate together at home.

- See the How to Make Hot Chocolate Sequencing Cards.

*Model mathematical language; *first, next, then, finally.*
