

Week Beginning:
24th January 2022

Home Learning Ideas

Personal, Social + Emotional

*This week is Catholic Schools Week 2022.

Catholic Schools: Living Life to the Full

23 JANUARY – 30 JANUARY 2022

-See activities shared throughout the week

Physical Development

* Fine Motor Fun with Spaghetti

All you need to set up this activity is some dry spaghetti and a colander. Ask your child to post the spaghetti through the holes. This activity is great for developing fine motor, hand to eye coordination, and concentration skills.

Language Development

* Click on the link below to listen to an animated film based on the book:

[BBC iPlayer - Stick Man](#)

Ask questions- *Where does Stick Man live? How do you think Stick Man felt when he was lost? How did the Stick Family feel at the end of the story?*

Mathematical Experiences

*Children love exploring natural resources and the opportunities are endless. You could gather up some natural items such as: twigs, leaves, pebbles, stones, and shells.

*E.g. You could ask your child to order the sticks by length or sort the leaves by colour.

-See the Winter Maths Challenge Cards

The Arts

* If you are out for a walk or in the garden you and your child could look for a stick to make a stick person. Or you could make your very own stick family!

-See the Stick People Instructions page

The World Around Us

* In the story Stick Man floated in the water. You could gather a variety of materials for your child to explore in a basin or at the sink. Will the items float like Stick Man did?

-See the Float or Sink activity page
