Principal:
Mr. I. Hutchinson B.A. PQH NI

Clough Primary and Nursery Unit is a rural school situated in the village of Clough close to Ballymena, just off the A26 Dual carriageway at Glarryford.

We are proud of our high standards in school work, discipline, school uniform and attendance. The school, by the nature of its size, has the tradition of operating as a large family unit.

We encourage good manners, courtesy and especially kindness to one another which is promoted through our Positive Behaviour Policy.

We currently have 146 pupils enrolled in P1-P7 with 26 pupils in our nursery. We have very experienced caring staff who are dedicated to challenging each child in a very safe and nurturing environment.

Our children have access to the Education Authority bus service in the morning, 2.00pm and at 3.00 p.m. This serves the surrounding district, Rathkenny, Glarryford and Newtowncrommelin.

Clough Primary School and Nursery Unit

We aim to create a calm and caring environment where each child will be encouraged to fulfil their intellectual, spiritual, physical, social, aesthetic and emotional potential.

Central to the creation of this environment is a commitment to moral values developing self-esteem, respect and consideration for other people, their property, culture, traditions and opinions.

We aim to establish an environment where pupils, teachers, support staff, parents / carers and governors work together to facilitate effective learning.

Our School

- Classrooms are equipped with computers and all have an interactive whiteboard
- iPads and specialist ICT support for P7 pupils
- Attractive, stimulating learning environment
- We have a dedicated teaching staff with excellent classroom assistants and support staff
- P5 - P7 swimming programme
- Our fund-raising events are well supported by our parents and the wider community

The E.T.I. Report

"Overall, the children achieve very good standards in English and mathematics. Furthermore, an analysis of the key stage 2 assessment data over the past four years shows that in English and mathematics the school's performance has been consistently above the average for Northern Ireland"

"The children identified with special educational needs make very good progress and reach the standards of which they are capable."
