There has been a confirmed case of Covid-19 within the Primary 6/7 Bubble. Please read the information below carefully.

Your child can continue to attend school unless they are showing symptoms or are contacted by the PHA and identified as a close contact.

If you are contacted by PHA Contact Tracing Service, please follow the guidance that they provide to you. Information on the latest self-isolation requirements can be found on NI Direct (<https://www.nidirect.gov.uk/articles/coronavirus-covid-19-self-isolating>).

The advice on what to do if a close contact changed on 16th August 2021.

What to do if your child develops symptoms of COVID 19

The most common symptoms of COVID-19 are recent onset of:

- new continuous cough and/or
- high temperature and/or
- a loss of, or change in, normal sense of taste or smell (anosmia)

Please book a free PCR test, **even if an earlier one was negative**. Your child should stay at home and self-isolate until you receive the result. Please see Coronavirus (COVID-19): self-isolating | nidirect for guidance on whether other people in your household also need to self-isolate while you are waiting for your child's PCR result.

How to stop COVID-19 spreading

There are things you can do to help reduce the risk of you and anyone you live with getting ill with COVID-19:

- Please get vaccinated if you are eligible and haven't already done so**
- wash your hands with soap and water often – do this for at least 20 seconds
- use hand sanitiser gel if soap and water are not available
- wash your hands as soon as you get home
- cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- put used tissues in the bin immediately and wash your hands afterwards
