In the event of St Patrick's College falling below the total enrolment number as determined by the Department of Education transfer of pupils from another post-primary school into the College during Year 8 or into other Years 9, 10, 11, 13, 14 may be possible. The Board of Governors of St Patrick's College has determined that the following criteria shall be applied in the order set down below;

1. Pupils will be considered for admission provided that, in the opinion of the Board of Governors, they would not prejudice the efficient use of educational or pastoral resources.

Where the number of applications exceeds the number of places available the sub-criteria listed for Year 8 will be applied. Candidates must provide sufficient information at the time of application to allow the admissions criteria to be fairly applied. They must also indicate acceptance of all school rules and regulations. Incorrect information may lead to the withdrawal of an offer of a place.

ADMISSION CRITERIA TO YEAR 13

In the case of oversubscription to our sixth form priority will be given to our own previous Year 12 pupils.

2. Availability of places in the relevant area of study.

 - Conduct;
 - Application to study – meeting coursework deadlines;
 - Attendance;
 - Punctuality

4. Students will have to complete satisfactorily an interview with the Principal and/or another member of the school's Senior Leadership Team.

Criteria for any extra places made available by the Department of Education for admission into Year 13

The Department may, on request, increase the number of pupils that the school can admit to its Year 13. Places that become available in this way shall be allocated only to pupils who meet the basic eligibility criteria for sixth form study (as above) and shall be allocated in the order determined by the criteria to be applied in the order set down.

1. Pupils who have most recently completed Year 12 in St Patrick's College.
2. Pupils from other schools where admission to an extra place at St Patrick's College has been agreed by the Department of Education.

Parents should note how the Department of Education (DE) will, in response to a school's request, increase the school's enrolment number in order to allow an extra post-16 pupil to enrol. DE will first check whether there is another school or schools of a type suitable for that pupil within an hour's journey of where the pupil lives. If there is, DE will then check whether this other school or schools with places available may provide all of the post-16 courses that the pupil wishes to pursue. If these checks find that no other school may provide all of the post-16 courses that the pupil wishes to pursue – then DE will agree a school's request for an extra place.

What is a school of a type that is suitable for a pupil?

To determine this, first DE considers all schools to be one of 4 types: (i) Denominational (ii) Non-denominational (iii) Integrated and (iv) Irish-Medium. A School requesting an extra place for a post-16 pupil will belong to one of these 4 types and DE will consider any other school or school from this same type as suitable for the pupil. DE will also consider as suitable for the pupil any school from the same type as the type of school that the child attended in year 12.
