Thursday, 23rd April, 2020.

Dear Parent,

I hope you and your families are safe and well. I am delighted to inform you that all staff members and their families are keeping well. I hope you had a peaceful Easter and are enjoying the fabulous weather.

I also hope that you are enjoying home learning and find the resources provided useful. Staff will continue to work hard to plan for and prepare meaningful learning activities for all pupils through packs and on-line resources.

We aim to share as much information and resources as we can with you to make home learning an enjoyable experience for everyone. We are aware that families are juggling home life with work/working from home, caring for others and providing home learning. Teachers' plans are for guidance only. Please feel free to use as little or as much as you feel is manageable. Parents are also welcome to plan extra/alternative activities. Teachers are aware that children will require a period of revision and consolidation when they return to school so please be reassured that this will be carefully planned for in advance.

The most important thing is the health and well-being of all our families. So we would encourage you to spend as much time relaxing with your family as you can. If you require any assistance or have any questions, please do not hesitate to contact me by e-mail. I can direct any specific queries to particular members of staff and they will liaise with you. Please refer to our school website for regular updates and further information.

Take care and God bless.

Yours sincerely,

Keira McCallan

Mrs. Keira McCallan
