We need YOUR help!

Dear School Community

We are blessed with such fabulous grounds, and we want to take full advantage of this to enhance the children's learning opportunities. As part of our school development, we will be increasing our outdoor learning spaces and activities. There are too many benefits of outdoor learning to list but a few key advantages are: to socialise positively, explore and problem solve, be creative and imaginative, and experience a shared sense of achievement - teamwork.

Therefore, we are seeking your help for donations of materials/equipment that you may have and no longer need.

All donations can be left at any stage, just contact the school and we will make arrangements.

We sincerely appreciate all the support and we will guarantee that donations will be put to great use and cared for. Thank you.
