

## May 2025 Eco newsletter

### Biodiversity

#### Minibeasts

**Bug hunting-** We are learning about minibeasts this month, we will be looking for bugs and using magnifiers. At forest school we will be making clay bugs and building bug hotels.

#### Life Cycles

We are focusing on the life cycle of the sunflower this month. We will plant some sunflower seeds so the children can observe first-hand the life cycle of the flower.

## Outdoor learning -

- Pick up litter using our litter pickers.
- Scavenger hunts- Looking for bugs/minibeasts
- Transplanting peas/spinach/green beans/potatoes into our vegetable planters.

## Forest school sessions

Making birds nests

Wood whittling

Bug Hunting/bird watching

Making fairy doors/fairy gardens

## Healthy Living

### Happy Healthy Kids/Relax Kids/Maiden City soccer fundamental sessions.

Our 'Happy Healthy kids' programme in collaboration with GRTL focuses this month on exercising and 'self-regulation' . We are pleased to welcome 'Coach Ritchie' on Tuesday mornings for our physical skills activities and Miss Aishling (Relax kids) on Wednesdays. The children have been engaging in activities to help develop their balance and coordination.
