

Our topic this half of the Summer term is Space

Here are some of the songs we will be singing this term

Sung to: "One little, Two little, Three little ..."

One little two little three little planets,
Four little five little six little planets,
Seven little eight little nine little planets,
Orbiting the sun.
Mercury Venus and the Earth,
Mars Jupiter and Saturn,
Uranus Neptune and Pluto,
Orbiting the sun.

Twinkle, twinkle, little star, I know what you really are:
Giant ball of glowing gas, one of billions in a mass!
Twinkle, twinkle, little star, oh, how big you really are!
Twinkle, twinkle, giant star, larger than the Earth by far!
Since your distance is a lot, you look like a tiny dot.
Twinkle, twinkle, giant star, very bright, yet very far!
Stars are twinkling, every one, some are bigger than the sun!
Just a twinkle in the sky, just because you're oh, so high!
Twinkle, twinkle, little star, oh how big you really are.

Zoom, zoom, zoom
I'm going to the moon
If you want to take the trip,
Climb aboard my rocket ship
(pretend to climb imaginary ladder)
Zoom, zoom, zoom
I'm going to the moon!
