**Re: Nut Allergy**

Salam Alaikum Parents,

It has come to our attention that a child in X class has a severe allergic reaction to peanuts/nuts. This allergic reaction (anaphylactic shock) can occur through ingestion of peanut/nut products, cross contamination and breathing peanuts in the air.

Since this condition can be life threatening, we are asking for your help in minimising the risk to this child by:

- a. Avoiding giving children peanuts in school lunches
- b. Avoiding giving peanut butter sandwiches, other spreads containing nuts such as Nutella and snacks/bars containing nuts or labelled "may contain nut traces" in school lunches
- c. Asking children **not** to share their lunches.

Due to the severity of the problem, it is important that all parents carry out the suggested measures and reduce the risk of allergic reaction to this child.

We thank you for your co-operation.

---

Class Teacher.
