Dear Principal,

Going to School on the EA Bus

We are pleased to take this opportunity to introduce our new video 'Going to school on the EA bus'. This was developed in collaboration with local schools, with fantastic support and involvement from pupils. The aim of the video is to demonstrate and assist in alleviating any anxieties that pupils and parents might have on first using transport, and the importance of ensuring children travel safely to school on the bus.

It is hoped that this video will become a helpful resource for schools, parents, children and young people, particularly those new to travelling on the EA Transport yellow buses.

This is an introductory video which will be followed by further information for all pupils travelling on home to school transport services in the near future. We hope that this will encourage ongoing collaborative working together between EA Transport, schools, parents and pupils, and would be grateful for any feedback that you might have on this resource.

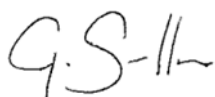

Please share this video resource with parents, carers and guardians and encourage them to watch this video with their children to help prepare for travel to school and ease any anxieties they may have on the journey to school on the bus. Link for the Sen video as per below:

If you would like to be involved in our SEN transport development group, or wish to provide feedback on this resource, please email gina.collins@eani.org.uk. We plan to hold the inaugural meeting following the midterm break in October.

Thank you for your ongoing support.

Yours sincerely
