Code of Behaviour

The Code of Behaviour of St. Louis National School, Rathkenny reflects the vision and values of our school, its patron and Túsla's guidelines for schools. Our values were developed in consultation with staff, pupils, parents and Board of Management in 2019. These values are kindness, creativity, inclusivity, happiness, love of learning and respect. This code was developed in November 2014 in consultation with the staff, parents and the Board of Management, in compliance with Section 23 of the Education (Welfare) Act, 2000. It was revised again in June 2021. This is the fourth revision, in February 2022. This policy translates the expectations of the school community into practical arrangements, routines and procedures which ensure that its aims are implemented and that the particular needs and circumstances of our school and community are met.

Aims:

The aims of our Code of Behaviour are as follows:

- To foster an orderly, harmonious school where high standards of behaviour are expected, explained, understood and supported.
- To help create a positive learning environment in which all pupils can benefit from the education system and achieve their personal best.
- To ensure the safety and well-being of all members of the school community as well as caring for the school and its environment.
- To assist parents and pupils in understanding the systems and procedures that form part of the code of behaviour and to seek their co-operation in the application of these procedures.
- To ensure that the system of rules, rewards, and sanctions are implemented in a fair and consistent manner throughout the school.

Principles Underlining Our Code:

- Every effort will be made to ensure that our code is implemented in a reasonable, fair and consistent manner and that all members of staff adopt a positive approach to the question of behaviour in the school.
- Differences amongst our pupils e.g. S.E.N. pupils will be acknowledged.
- A whole school approach will be adopted. This requires a strong sense of community within the school and a high level of co-operation and sense of ownership from all the stake holders – B.O.M. teachers, parents, pupils and ancillary staff.
- Good behaviour will be encouraged and rewarded. Where difficulties arise, parents will be contacted at an early stage.

Whole School Approach to Promoting Positive Behaviour

An effective Code of behaviour requires the co-operation of all stakeholders in the school. To this end there are specific roles and responsibilities in achieving high standards of behaviour in our school.

Staff

- Teachers are expected to adhere to the Code of Professional Behaviour and Practice for teachers as developed by the Teaching Council of Ireland.
 - As a staff we work together to devise reward/sanction programmes as necessary and we will undergo any professional development necessary to ensure that there is a united front in dealing with behavioural matters.
 - The SPHE curriculum also supports our code of behaviour. This curriculum helps children to develop communication and problem-solving skills while fostering self-esteem.
 - For children with Special Educational Needs, who may present with behavioural difficulties arising from their needs, learning support and class teachers liaise regularly to develop behavioural targets for such children consulting with NEPS as necessary.
 - This behaviour policy is circulated to all teachers and all temporary or new staff are also made aware of the policy and its content. Through regular staff meetings and good communication, the policy is reviewed and updated on an ongoing basis.

- The Board of Management supports the code of behaviour in the school on an ongoing basis.
- The Board of Management supports the staff in implementing the code of behaviour and provides as necessary professional development in behaviour management education and training.
- The Board of Management gives authorisation for particular sanctions in the case of serious breaches of behaviour.

Parents

- Positive relationships are built from the start with parents and they are encouraged to take an active role in the development of their child. Teachers work in collaboration with parents to develop any specific behaviour plans needed for their child.
 - There are clear channels through which parents can communicate any concerns they may have about a pupil.
 - On the enrolment day, parents will be given a copy of the Code of Behaviour in the school and the expectations of pupils are discussed, along with the role of parents in helping pupils to meet these expectations. Parents are encouraged to share information about anything that might affect a pupil's behaviour in school, and are informed how to go about doing this.
 - Parents are notified early if there is a concern about a pupil's behaviour, so that ways of helping the pupils can be discussed and agreed.
 - The school has a Parents Association. Parents are encouraged to get involved in this association as a structure through which they can work together for the best possible education for their children. Information is often offered through the Parent Association, such as talks or workshops or courses on behavioural matters and aspects of child and adolescent development.

Ladder of Intervention

- Consistent clear rules and routines in class and in school assist the majority of pupils to behave appropriately. Minor misbehaviour will be checked regularly by the class teacher.
- More active interventions will be used to help some students manage their behaviour including, Parental Involvement, setting targets for behaviour and monitoring them with the student in a supportive way, behaviour contracts and the involvement of another teacher/Principal/Deputy Principal.
- Interventions tried and how the pupil responded will be noted.

Rewards

Our policy is to promote and encourage good standards of behaviour. It is therefore essential that it be rewarded and be seen to be reinforced by the following:

- Good behaviour is constantly acknowledged by teachers, principal, ancillary staff throughout the day.
 - Pupil's journal is used to convey positive behaviour to parents.
 - Each teacher recognises and acknowledges good behaviour in their own class and may develop systems of rewarding individuals/groups of children on a regular basis.
 - At regular opportunities with principal, specific children and classes are praised for improvements in behaviour or exceptionally good behaviour.
 - In each room (Senior and Junior) there is a reward system in place.

Golden Time

- Golden time takes place every Friday. This is a whole school initiative to encourage good behaviour and reward good behaviour. Each class has a chart and each pupil works towards the number 10 on the chart throughout the week to achieve full golden time at the end of the week.
- Pupils can move up the ladder for good behaviour linked to our Golden Rules (which are derived from our overall school values mentioned above) – we work hard, we listen, we are honest, we are kind, we are helpful, we are gentle, we look after property.
- Although the focus of golden time is to reinforce positive behaviour and reward positive behaviour, pupils can move down the ladder for minor, serious and gross misbehaviours. The teacher will determine when a pupils should move down the ladder based on the severity of the behaviour. This will be communicated and explained to the pupil as outlined below in the steps of sanctions responding to inappropriate behaviour.
- It is the intention of the teacher to give full golden time to all pupils every week.
- In the event that a pupil is not on 10, the teacher will encourage the pupil to work within the golden rules to get to 10 by the time golden time begins on a Friday.
- If a child doesn't reach 10 in the junior room, golden time minutes will be deducted (3 minutes for each number below 10)
- If a child doesn't reach 10 in the senior room, golden time minutes will be deducted (5 minutes for each number below 10)
- No pupil will ever miss their full golden time.

Responding to Inappropriate Behaviour

In order to facilitate the smooth running of the school and to ensure the safety of all, and to maintain an orderly atmosphere for learning, sanctions/behaviour checks must and will be imposed where inappropriate behaviour occurs. It must be clear why the sanction is being applied and what changes in behaviour are required to avoid future sanctions. When sanctions are used pupils should understand that what they have done is not acceptable and that it is the behaviour that is rejected not the child. Incidents of inappropriate behaviour are categorised according to age level and the nature of misbehaviour.

The following are samples of unacceptable behaviours. This is not an exhaustive list.

Minor Misbehaviours:

Homework not done and no note, rudeness, borrowing items without asking, inattentiveness, answering out of turn, alienating friends, not wearing uniform without a note.

Serious Misbehaviours:

Fighting, bullying, bad language, name calling, exclusion, rough play, disrespecting others, hitting, back talking, belittling personal comments, damaging play equipment or school property, stealing, leaving school premises without permission, climbing on walls, biting, spitting.

Gross Misbehaviours:

Gross Misbehaviours are where a student's behaviour has a seriously detrimental effect on the safe operation of the school. **A single incident of gross misbehaviour may be grounds for suspension.** Examples of Gross Misbehaviour include:

- Aggressive, threatening or violent behaviour towards a pupil/staff member.
- Bringing dangerous weapons to school.
- Deliberately damaging school property.
- Being in possession of alcohol/drugs
- Serious physical violence which threatens safety of other pupils

It should be noted that persistent misbehaviour may also warrant a period of suspension.

Sanctions

The use of sanctions or consequences should be characterised by certain features;

- It must be clear why the sanction is being applied
- The consequence must relate as closely as possible to the behaviour
- It must be made clear what changes in behaviour are required to avoid future sanctions
- There should be a clear distinction between minor and major offences
- It should be the behaviour rather than the person that is the focus

The following steps will be taken when the children behave inappropriately. They are listed in order of severity with one being for a minor misbehaviour and ten being for serious or gross misbehaviour. The aim of any sanction is to prevent the behaviour occurring again and if necessary to help the pupils devise strategies for this. The particular stage used will depend on the seriousness of the misbehaviour. Communication with parents / guardians through letters, phone call or meetings will occur where necessary so that parents / guardians are involved at an early stage rather than as a last resort.

1. **Reasoning with the pupil** -This will include advice on how to improve, create an understanding of why the behaviour is inappropriate
2. **Reprimand or Warning** regarding behaviour.
3. **Class strategies** such as – reasoning with pupil, reprimand, temporary separation from the rest of the class and/or additional work are implemented and parents are informed.
4. **Loss of privileges.**
5. If the misbehaviour persists **the parents will receive a letter** issued by the class teacher. It will inform the parents of the strategies that have been tried and proven unsuccessful. It will also inform them that the strategies will continue to be tried, that the child is being given another chance and that if the misbehaviour persists the process will proceed to subsequent stages. A copy of the letter shall be logged by the class teacher, who shall notify the Principal/Deputy Principal.
6. **Referral to Principal:** parents will receive a written request to attend at the school to meet the Class Teacher and the Principal.
7. **Temporary suspension.**
8. **Expulsion.**

Suspension

Section 21 (4) of the Education (Welfare) 2000 Act requires that if a pupil is suspended for a period of not less than 6 days The Education Welfare officer shall be informed, by notice in writing. While the BoM has the authority to suspend, they have delegated this authority to the Principal together with either the chairperson of the BOM or the Deputy Principal for periods of up to three days. Where the cumulative total of days suspension reaches 6, the NEWB will be notified. The following procedures as outlined in the current NEWB guidelines will apply:

- Investigation of the facts to confirm serious misbehaviour.
- Parents will be informed by phone or in writing about the incident.
- Parents will be given an opportunity to respond.
- If suspension is still decided upon the Principal notifies parent in writing of the decision to suspend. The letter should confirm.

a) The period of the suspension and the dates on which the suspension will begin and end.

b) The reasons for the suspension.

c) Any study programme to be followed.

d) The arrangements for returning to school, including any commitments to be entered into by the student and the parents.

e) The provision for appeal to the Board of management or secretary general of the DES. (Only where the total number of days for which the student has been suspended in the current school year reaches 20 days.)

Factors which influence a decision to suspend are as follows:

- The nature, seriousness, impact and context of the behaviour.
 - The interventions tried to date.
 - Whether suspension is the appropriate response.
 - Whether the pupil's behaviour has had a seriously detrimental effect on the education of other pupils e.g. shouting at teacher, being disruptive, refusing to work, not allowing others to work, taking up teacher's teaching time due to inappropriate behaviour.

- Whether the pupil's continued presence in the school at the time constitutes a threat to the safety of pupils/staff e.g. physical fights in school yard, leaving school premises without permission, serious consistent incidents of bullying or racism, use of bad language to any member of school community.

Expulsion

The decision to permanently exclude a pupil from St. Louis National School, Rathkenny will be made solely by the B.O.M. Expulsion is a very serious step and is only taken in extreme cases of unacceptable behaviour and only after the school has taken significant steps to address the behaviour. These steps include the following:

- Meeting with parents and pupil to explore ways of helping pupil change his behaviour.
- Making sure that the pupil understands the possible consequences of the behaviour, (if it should persist).
- Ensuring that all other possible options have been tried.
- Seeking the assistance of support agencies e.g. National Educational Psychological Service (NEPS), Health Service Executive Community Services (HSE), National Behavioural Support Service (NBSS).

The grounds for expulsion and the factors which need to be considered are similar to those for suspension, however where expulsion is concerned the school will already have tried a series of other interventions including suspension which unfortunately haven't changed the pupil's behaviour.

Expulsion for a first offence

The following kinds of behaviour may warrant such expulsion:

- A serious threat of violence against another pupil or staff member.
- Actual violence or physical assault.
- Supplying of alcohol / drugs.

Procedures in respect of expulsion

- A detailed investigation carried out under the direction of the principal.

- Inform parents in writing of alleged misbehaviour, how it will be investigated and that it could result in expulsion.
- Give parents and students the opportunity to respond before a decision is made.
- A recommendation to the BOM by the principal (see page 84 NEWB guidelines)
- Consideration by the BOM of the principal' recommendations and the holding of a hearing. (see page 84 NEWB Guidelines)
- BOM deliberations and actions following the hearing. (page 85 NEWB Guidelines)
- If BOM is of the opinion that the student should be expelled, the Board must notify the Educational Welfare Officer (EWO) in writing, of its opinion and the reasons for this opinion. The intention to expel a student does not take effect until 20 school days have elapsed after NEWB have received written notification. The NEWB should be notified using a **Notice of Intention to Expel form** which is available on www.schoolreturn.ie or from their helpline (1890 36 3666). This form should be completed and sent to **School Return Section, National Educational Welfare Board, 16-22 Green St, Dublin 7.**
- Consultations arranged by the EWO.
- Confirmation of the decision to expel.

Appeals

Parents may appeal the decision to expel to the Secretary General of DES. The appeals process under Section 29 of the Education Act 1998 begins with the appointment of a mediator. An appeal may also be brought by NEPS on behalf of the pupil.
