

ANNALONG RPIIMARY MATTERS

January 2020

@AnnalongPrimary

Launch of the Annalong Primary School and Nursery Unit App

We have been working with local company ePrinting to develop a useful, user friendly app for families. The Annalong Primary School app is currently being tested with a launch date of Monday 24th February (subject to confirmation).

The app will be available to download for both Android or Apple mobiles, tablets and PCs/laptops for free.

One of the key benefits will be the ability to pay for school meals and other activities using your mobile device via a PayPal account.

It is our aim to become cashless over time.

You will be provided with more detailed information/guidance in coming weeks.

Nursery Unit and Primary 1 Admissions 2020

The deadline for both nursery unit and primary 1 applications is next **Thursday 30th January at 12.00 noon.**

Parents/guardians should apply online via the "Citizen Portal" at:

www.eani.org.uk/admissions

Places are not awarded on a "first come, first served," basis and the admissions criteria will only be applied by governors in the event of oversubscription.

Opus Digital School Photographer

The school photographer will be with us next **Monday 27th January** with the first photographs being taken at 8.30am. Please refer to the letter which accompanied the Opus Digital booking form for further information.

Parking in the School Grounds

Thank you to the many who have respected the school's request to park with consideration for others, especially the children.

Unfortunately, a small minority of parents continue to ignore recent advice re parking. I would urge everyone to respect markings in the school grounds and park only in designated spaces.

Dates for the Diary....

Please note that the school and nursery unit will be closed for half-term from **Monday 17th to Friday 21st February.**

Please remember that we are a nut-free school. Products containing nuts or traces of nuts must not be brought to school.
