3rd September 2024

Dear Parents

St. Michael's PS, Finnis, is very proudly celebrating their 60th Anniversary. It is 60 years since this building was built on land in 1964 donated to the school and parish.

We, the staff of St Michael's Primary School, are very proud and grateful for the support shown by our pupils, parents and the wider Dromara Community to the many different functions and events organised in the past by our school.

This year we would like to grow our established 'Friends of St Michael's PS' with parents who can help us mark this wonderful achievement of 60 years. There will be many events held throughout the year to celebrate this occasion, and we hope to start these celebrations straight away in September 2024.

I feel it is important to revamp and refresh our members of this vital group so that we have fresh ideas and enthusiasm, and also that our parents who have contributed so much to its success can have more support with our events this year and further into the future.

There will be a meeting for parents to attend on Tuesday 10th September 2024 at 7pm in the School Dinner Hall.

I understand parents may have other commitments on Tuesday evening and may not be able to attend. I have attached a reply slip and would like every family to send back the reply slip.

The school relies heavily on the support of our parents and of our local community in promoting educational success and family engagement in our school.

We look forward to welcoming you to our meeting where there we will discuss the roles and areas where we need volunteers to help us organise and run these events safely and successfully.

Kind regards

Brian McGale

Principal
