Home-School Communication Policy

St. Michael's House Special School Foxfield

Introduction

Foxfield Special School recognises the importance of clear and effective communications with parents and guardians and is committed to being open and accessible for all parents and guardians. Foxfield School welcomes parents to work in partnership with staff in the interests of their child's education. The purpose of this policy is to provide information and guidelines to parents/guardians regarding Parent/teacher communication in Foxfield Special School.

The home is central to the development of the child. The school and the family strive to be mutually supportive of each other so that the student's education can be effective. This policy addresses the main ways in which the school ensures effective communication between home and school.

This policy was developed in consultation with staff, the Board of Management, and the Parents' Voice. Its purpose is to provide clear, inclusive, and respectful guidelines for communication between home and school within the context of a special educational setting.

Where parents are separated, efforts will be made to ensure both parties receive relevant communications, based on agreed arrangements.

Formal Parent/Teacher Meetings
