December 2024

The Royal College of Speech and Language Therapists Northern Ireland are working with the Department of Education on our project Language Launchpad to:

- 1) Look at the speech, language and communication needs in our babies, children and young people across a wide range of stakeholders. **We would be very grateful if you could complete the survey and share the link below with your staff and families.** We have also attached a graphic with a QR code and would be grateful if you could print this for your staff room or community board.

This training is suitable for parents, staff and volunteers working with babies, children and young people. **We would be grateful if you could share the link with your staff and families.** We have attached an additional training QR code and would be grateful if you could print this for your staff room or community board.

- 3) Help Kids Talk has some capacity to offer face-to-face training in Basic Awareness and Level 1 for large groups, please contact Sue on the email below if this is of interest to you.
- 4) Based on the information provided in the survey, we will be working on producing resources with Help Kids Talk. Resources will initially be based on the early years. Where required we will be holding focus groups and we would encourage you to opt in for these at the end of the survey.
- 5) The survey will close on 31 December 2024.

***We appreciate it is an extremely busy time of the year, but we do encourage you to complete and share the survey and training. By working together, we can help support our babies, children and young people with their speech, language and communication. Thank you!***

If you have any queries, please do not hesitate to contact Sue McBride at [sue.mcbride@rcslt.org](mailto:sue.mcbride@rcslt.org) who will be happy to discuss Language Launchpad further.
