**Proud to be Me... FAITH: "Faith and love are everything, and nothing is more precious than these." St Ignatius of Antioch. As a family, talk about the faith you have in God. What can we do, in these coming weeks, to help our family's faith to grow? Perhaps we can: regularly read and talk about God together and with others; read the gospels; say morning or bedtime prayers together; ask God to help us grow in faith; follow Jesus by loving others; visit [cbcew.org.uk](http://cbcew.org.uk); visit our local parish church website for more ideas.**

**National Online Safety:** Created in 2018 by a small indie studio that (at the time) had only four employees, Among Us has become one of the gaming world's biggest breakout hits of recent years. In 2020, for example, it was the world's most-downloaded mobile game. Its simplicity helped Among Us to resonate with younger players in particular: the game's second largest audience slice is the 13–18 age bracket. While the 7+ age rating, emphasis on teamwork and cartoonish, colourful graphics all suit a young fan-base, however, the game does carry more serious risks than betrayal by a team-mate or an untimely on-screen demise – with in-game purchases and possible contact from strangers on our #WakeUpWednesday guide's list of hazards that trusted adults should bear in mind.

**School Meals:** To help mornings run a little smoother, we'd love your support with school lunches. Some of our children find it tricky to choose from the menu options on the day. If your child is a selective eater or has strong preferences, please take a look at the SchoolGrid menu with them at home and help them make their choice before they arrive at school.

**Tomorrow! Saturday 27<sup>th</sup> June 2026**

## Picture News...

This is the question that we will be deliberating...

## In the news this week

Scientists are monitoring a climate trend called El Niño, which begins in the Pacific Ocean and can affect weather in different parts of the world. It can bring heavy rain and flooding to some countries, while others may experience very hot, dry weather. Experts are helping communities understand what might happen in their area so they can be ready, if needed.

### Things to talk about at home ...

- What is your favourite type of weather and why?
- Have you or anyone at home ever had to change your plans because of the weather?
- What would you pack if you didn't know whether it would be rainy or sunny?
- Why might some people need to prepare more carefully for certain types of weather?
