Today the Company Board of Directors reviewed the 2017 Financial Statement and approved the Company first release of the 2017 Sustainability Report according to D.Lgs. n.254 of 30 December 2016 which implemented the European Directive 2014/95/UE.

The Board of Directors is going to propose to the next Shareholders' Meeting to increase the dividend to 0.28 euro per share (+33.3%). The dividend will be paid from the 9th of May, 2018 after the coupon n. 36 stripping that will be the 7th of May with record date the 8th of May 2018.

Consolidated Financial Result (IFRS accounting standards)

The Consolidated Net Profit amounts to € 77.5 million vs. € 135.4 million reported in 2016 (-42.8%). The 2016 result benefited of extraordinary capital gains of c. € 47 million (net of tax) from the sale of part of Italian State Government Bond which allowed the Company to better diversify its fixed income investments in 2017. Without the impact of the capital gains the decrease of the 2017 Net Profit would have been -12% which is mainly due to lower financial result and a slight decrease of the Motor business technical result due to high value claims occurred in 2017.

ROE is therefore 10.8% vs. 21.6% of the previous year. Net of realized extraordinary capital gains, 2016 ROE would have been 14.6%.

The result of the insurance business, gross of taxes and intercompany adjustment, is € 113.4 million decrease by 42.2% compared to 2016 result of € 196.1 million because of the above mentioned extraordinary capital gains.

Non-Life Business

Total non-life premium, (direct and indirect business) increase by +6.2% and amount to € 1,148.2 million (€ 1,081.2 million in 2016).

Motor volumes reach € 819.4 million (+5.4%) while Non Motor premium amount to € 328.6 million and are +8% on the previous year (€ 304 million in 2016).

The retained combined ratio is 90.0% (89.4% in 2016) and reflects a loss ratio of 65.1% (64.6%).

Gross non-life profit decreases from € 194.0 million to € 107 million in 2017 (-44.8%) mainly due to lower net investment income and a slight decrease of the technical result of the Motor business due to high value claims occurred in 2017.

Gross profit, net of financial income, decreases by 5.3% compared to last year.

Life Business

Direct Life premium, which do not include contracts considered to be financial instruments, amount to € 173.1 million, decreasing by 6.2% vs last year. The strategy aimed at decreasing single premiums linked to segregated funds in favor of products with high financial content is currently under way.

The gross life result of € 6.2 million is growing with respect to the previous year (€ 2.2 million).

Real Estate

The real estate segment reports a loss of € 0.8 million and improves strongly if compared to the loss of € 4.5 million reported in 2016. The result is mainly due to the positive margins on sales and costs reduction.

Investments Result

Total Investments increased by 7.9% and amount of \le 3,614.0 million. Investments with risk borne by the policyholders amount to \le 76.5 million (+34.7%) while \le 3,537.5 million are investments with risk borne by the Group (+7.5%).

Net income from investments with risk borne by the Group amounts to € 47.2 million vs € 121.4 million of the previous period (-61.1%). The reduction is due to the above mentioned extraordinary capital gains recorded in 2016 and the diversification of the fixed income investments occurred in 2017.

Consolidated Net Equity

The Group net equity amounts to € 828.6 million and increase by 11.1% (€ 745.6 million). The AFS reserve is positive and amount to € 77 million (€ 58.6 million) mainly due to the increase of the unrealized capital gains on stocks.

Despite the increase in the number and value of high value claims, the combined ratio remains under the target stated in the three year plan.
