#### Media release

Product innovation: Sky-Frame Arc

### Organic curves and dynamic forms

**August 16, 2013 – Sky-Frame's latest product innovation, Sky-Frame Arc, opens up unique design options: the new, curved sliding elements allow the creation of bold curvilinear shapes and dynamic forms. The Swiss-made, premium-quality product is immediately available, directly from Sky-Frame or from its local distribution partners in 24 countries.**

With Sky-Frame, the dream of a light, airy home environment becomes reality. The filigree window system with its flush-mounted sections affords breathtaking views and evokes the feel of living at the heart of nature – 365 days a year. To widen the variety of combinations and customized spatial concepts, the engineers at Sky-Frame have recently developed the Sky-Frame Arc curved sliding window. The sliding elements run smoothly around curves, meet all quality standards and are

optionally available in conjunction with Sky-Frame 2 and 3.

Sky-Frame Arc	With Sky-Frame 2	With Sky-Frame 3
Glass type	Double-glazed insulating glass	Triple-glazed insulating glass
Thermal transmittance Uw Glass Ug = 1.0	1.2 W/m <sup>2</sup> K 1.3 W/m <sup>2</sup> K	-
Thermal transmittance Uw Glass Ug = 0.5	-	0.7 W/m <sup>2</sup> K 0.8 W/m <sup>2</sup> K
Sound reduction Rw, P	Up to 28 dB	Up to 44 dB
Sliding elements Maximum width x height	2.3 x 4 m (max. 8 m <sup>2</sup> )	2.3 x 4 m (max. 8 m <sup>2</sup> )
Radius (minimum)	8 m, deviations on request	8 m, deviations on request

#### About Sky-Frame

With its frameless, filigree sliding windows, Sky-Frame turns the dream of an open, free-flowing living environment into reality. Winner of several awards, the Swiss-made, premium-quality product has delighted architects and clients worldwide with its top-class performance, convenience and minimalist design. With its wall-to-wall, floor-to-ceiling and wraparound corner glazing solutions, Sky-Frame caters for window fronts up to four metres high. The fixed and sliding elements are freely combinable and, thanks to the new Sky-Frame Arc, even organic geometries can now be accommodated. Sky-Frame currently features in more than 4,000 completed projects in 24 countries. Faithful to the brand promise – "A view, not a window" – Sky-Frame's frameless and expansive glass fronts open up breathtaking vistas. | For further technical details and information on reference projects, please visit our website at [www.sky-frame.ch](http://www.sky-frame.ch)
