Click through the menu to familiarize yourself with the functions of the back office.

- The **"Dashboard"** shows you everything at a glance
- Under **"Assets"** you can access your crypto earnings, which you generate in the affiliate concept.
- Under **"Buy & Sell"** you can purchase cryptocurrencies directly via Sepa transfer or credit card.
  - For this you need a **"KYC" (proof of identity)**
    - Simply click on "KYC" and fill in the corresponding data. You will need your passport or driver's license, a current bill (electricity, telephone, utilities) with your home address and proof that it is your account (bank card)
- Once you have completed and uploaded everything, it may take a few minutes for your KYC to be checked. Once your KYC is complete, you can use Sepa and credit card payments for Cryptocurrency purchases.

**Buy your nodes.**

You can purchase as many Nodes as you want. However, the total value of your nodes may not exceed 5,000,000 BXN in nodes or 100,000€.

- Click **„Buy Node“**
- Go to The nodes you want to purchase and click on the **"Plus"** on the right
- Go down to the **"Checkout"** section. Here you can complete the purchase and activate your nodes.

- You have several options for paying for your purchase. On the one hand, you can pay with a voucher or with crypto currencies.

- To complete your purchase with cryptocurrencies, click on The field provided. Select the cryptocurrency you want to pay with.

- Follow the instructions of the crypto transaction.
- You will find the QR code or wallet receiving address and the amount to be paid.

- Complete the transaction **USING THE EXACT CRYPTOCURRENCY AMOUNT DISPLAYED!**

- If you have a voucher, you can also redeem it beforehand and then settle the remaining amount with crypto currencies.

**Buy your nodes with a voucher.**

You can create a voucher for yourself or  
Receive a voucher from another member of the  
Blackfort community.

- Then click on Voucher first
- You will be shown your vouchers
- Select the voucher you want to redeem
- Then click on the Blue checkmark on the right.
- The amount of the voucher will be deducted from the total amount

• In the menu "**Vouchers**" you can check which vouchers you currently have available. You can buy and send vouchers in this section.

- To buy a voucher, enter the amount and select the cryptocurrency you want to use to purchase that voucher.
  - Click on "Buy" to complete the purchase
  - You can also convert your earned cryptos into a voucher under "Assets". Click on "**Make Voucher**" next to the cryptocurrency you want to select
