EVERY YEAR 27 MILLION SCRAP TIRES END UP IN LANDFILLS. TOGETHER WE CAN REDUCE THIS FIGURE

SLIME CARES

As the worldwide leader in tire care, Slime’s complete product line works together to keep tires out of landfills.

Choosing to use Slime to repair a flat enables the tire to be cleaned, professionally repaired, and remain in use. Our sealants even contain chunks of recycled rubber, further reducing the number of tires in landfills.

Regular use of Slime pressure gauges and inflators ensures that tires operate at proper pressure levels, maximizing tire tread life.

By continuing to provide environmentally-friendly solutions for our customers’ tires, we’re able to make a difference. After all, for us being green goes deeper than just our brand color.

Products featuring Slime’s Green Promise are:

- Non-toxic
- Non-hazardous
- Free of carcinogens
- Non-ozone-depleting
- Minimally packaged
SLIME BASICS

Since 1989, Slime has been the world’s safest and most effective sealant. When a puncture occurs, our patented sealant is carried directly to the puncture. The pressure of the escaping air forces the Fibro-Seal® particles into the opening, where they build up and intertwine to form a long-lasting, flexible plug. Instantly, air loss is blocked and a flat tire is prevented.

With a low freezing point of -35°F (-37˚C) and a high separation point of 182°F (82˚C), our sealants will remain effective under the most extreme temperatures. Slime tube and tire sealants are non-toxic, non-flammable and clean up easily with water. Our sealant is specially designed to be non-corrosive, making it safe for tires and rims. It can be safely removed from the tire, enabling the permanent application of an RMA (Rubber Manufacturers Association) approved plug/patch.

TPMS COMPATIBILITY

In order for a tire sealant to be accepted by leading sensor manufacturers, it must pass three product tests. After each test, the sensor is reinstalled on the vehicle and checked for proper functionality. A sensor must be functional after all three tests in order for the sealant to be endorsed by TPMS (Tire Pressure Monitoring Systems) manufacturers.

THE INSTALLATION TEST

In this test, sealant must pass freely through the sensor without clogging the device. In order to pass, the sensor must show no evidence of clogging.

THE SUBMERSION TEST

During this test, the sensor is fully submerged in the sealant, simulating exposure to the sealant inside a tire. In order to pass, the sensor must remain fully functional and show no evidence of damage.

THE VAPOR TEST

In this test, the sensor is exposed to the sealant, then heated to 158°F (70˚C), a temperature within the operating specifications of the tire and tire sensor. This simulates the high operating temperature of a tire in use. In order to pass, no evidence of sensor damage may be present.
WHICH SLIME SEALANT DO I NEED?

**TUBE SEALANT TO PREVENT & REPAIR**
- Instantly seals punctures up to 1/8"
- Seals continuously for 2 years
- Stops slow leaks
- Safe and easy to use

Ideal for all tires with tubes, including:
- Dollies
- Strollers
- Wheelbarrows
- Bicycles
- Dirt Bikes

**BEST TO USE WHEN:**
You are tired of replacing bicycle tubes. To stop your wheelbarrow’s slow leak. When goateads, thorns, nails and other road debris continuously ruin your rides.

**TIREE SEALANT TO PREVENT & REPAIR**
- Instantly seals punctures up to 1/4"
- Seals continuously for 2 years
- Stops slow leaks
- Safe and easy to use

Ideal for non-highway tires, including:
- Dollies
- Wheelbarrows
- Tractors
- Riding Mowers
- ATVs

**BEST TO USE WHEN:**
You don’t want your ATV to be stuck on the sand dunes. Or your boat trailer to never make it to the dock. Or your tractor to get stuck out in the middle of your field.

**TIREE SEALANT FOR EMERGENCIES**
- Instantly seals punctures up to 1/4"
- No jack required
- Safe and easy to use
- Emergency use only

Ideal for all highway tires, including:
- Scooters
- Motorcycles
- Trailers
- Cars
- SUVs
- Trucks

**BEST TO USE WHEN:**
You are stuck on the side of the road with an emergency flat tire -- and it is raining. Or really hot. And you are stuck on a super busy highway. Or in the middle of nowhere with no cell service.
Slime Thru-Core™ Tire Sealant seeks out and instantly seals tread area punctures up to 1/4” in diameter. There is no need to remove the valve core. Slime’s Thru-Core Technology™ seamlessly injects the new sealant formula through the valve stem directly into the tire. Then just air up your tire with a Slime inflator or an air source of your choice to get back on the road quickly. Slime Thru-Core™ Tire sealant is non-toxic, non-corrosive and tire sensor safe. This new easy install formula is tested and approved by leading automakers and cleans up easy with water.
Slime Tire Sealant seeks out and instantly seals tread area punctures up to 1/4” (6mm) using Fibro-Seal technology. Use Slime Tire Sealant with an air source to repair tire punctures on cars, trucks, motorcycles and SUVs. Install Slime in the tires of any off-highway vehicle and prevent flats before they occur.

- Instantly seals up to 1/4” (6mm) punctures
- Non-toxic, non-corrosive and non-hazardous
- Non-flammable
- Cleans up with water
- Tire Sensor Safe (look for the yellow label)

**Slime Tube Sealant** seeks out and instantly seals tread area punctures up to 1/8" (3mm) using Fibro-Seal technology. Install in your bicycles, dirt bikes, wheelbarrows, riding mowers and more, and enjoy two years of continuous flat tire protection.

- Instantly seals up to 1/8" (3mm) punctures
- Non-toxic and non-hazardous
- Non-flammable
- Cleans up with water

- Bright LED light

* INFLATION TIMES FOR INFLATORS BASED UPON STANDARD CAR TIRE = P195/65 R15
PART # 40030
Compact Pro Power Tire Inflator
Perfect for: Cars, light trucks
17' total reach
- Tire inflation time: 6 min.*
- 12V accessory power
- In-line dial gauge
- Compact model for easy storage

PART # 40063
Elite Heavy-Duty Tire Inflator
Heavy-duty: 4x4, SUV, truck
26' total reach
- Tire inflation time: 3 min.*
- 12V accessory power
- In-line dial gauge, bright LED light and ergonomic handle
- Canvas carrying bag

PART # 40026
2X Tire Inflator
2 cylinders for maximum power
30' total reach
- Tire inflation time: 2 min.*
- Alligator clips power adapter
- In-line dial gauge, bright LED light
- Heavy-duty rigid case

The Compact Pro Power inflator is perfect for cars and light trucks. As part of Slime's Pro Power series it includes a direct-drive motor and thermal break feature to prevent overheating. The compact model is whisper quiet.

The Elite Heavy-Duty Tire Inflator is great for 4x4, SUV and Truck applications. As part of Slime's Pro Power series it includes a direct-drive motor and thermal break feature to prevent overheating.

The 2X Tire Inflator features 2 cylinders for maximum power. As part of Slime's Pro Power series, the 2X includes a direct-drive motor and thermal break feature to prevent overheating.
PART # 40058
Inflator & Vacuum 2 in 1

- Powerful motor for maximum suction
- Long reach "accordion-like" hose
- Removeable bagless collector
- Washable filter
- Combo crevice/dusting tool
- Rubberized feet provide stability during use

PART # 40046
Elite Heavy Duty Tire Inflator

- Tire inflation time: 3 min.*
- 12V accessory power
- Digital gauge
- Removable magnetic LED light
- Air accessories included
- 16' extension coil air hose

PART # 40034
# 40038
All-Purpose Inflator
Multi-purpose for tires and rafts
12' total reach

- Tire inflation time: 8 min.* | Mattress inflation time: 3 min.**
- 12V accessory power
- Two air hoses: High-pressure for tires and high-volume for rafts and mattresses
- Built-in dial gauge and bright LED light

* INFLATION TIMES FOR INFLATORS BASED UPON STANDARD CAR TIRE = P195/65 R15
The Super Duty Tire Inflator is Slime’s most powerful inflator, featuring 2 cylinders for maximum power. As part of Slime’s Pro-Series, the Super Duty includes a dual piston motor, multi-use high pressure liquid-filled gauge, and removable 400 lumen LED light.

**120 VOLT INFLATORS**

**PART # 40045**
120V Garage Inflator
- Cars, trucks, bikes, inflatables
- Tire inflation time: 4 min.*
- 120V wall outlet power
- Mounting bracket and screws included
- Tire gauge
- Tread depth gauge
- Valve caps and air accessories
- Attach to any extension cord
- A must have for every garage

**PART # 40048**
Super Duty Tire Inflator
- Dual piston motor
- 30’ total reach
- Tire inflation time: 1.5 min.*
- Dual piston motor
- Vibration isolating base
- Easy 30’ reach
- Removable magnetic 400 lumen LED light
- Multi-use high pressure liquid-filled gauge
- Direct connect to battery
- Vehicle mount ready
Slime Tire Repair Kits combine Slime sealant and a Slime inflator, allowing consumers to install Slime sealant and re-inflate a tire in the event of a flat. Slime Tire Repair Kits are the ideal alternative to using a spare tire and jack. There is a Slime Tire Repair Kit for every need and application. The compact Moto Spair stores easily in a motorcycle saddle bag, while the Smart Spair fits easily in a trunk. The Truck Spair features a powerful Slime Pro Power Series Inflator for heavy-duty applications. The Safety Spair conveniently combines sealant and air at the push of a single button to repair and inflate a standard car tire in minutes.

TOOLS & ACCESSORIES

TIRE VALVES & TOOLS

PART # 20457
Valve Core Tool
- No slip grip
- Precision torque
- Durable alloy construction

PART # 2044-A
4-Way Tool

PART # 20088
4-Way Tool with 4 valve cores

PART # 20178
Valve Core Tool
Removal & installation tool

TOOLS & ACCESSORIES

CO₂ INFLATORS

PART # 20470
CO₂ Tire Inflator
Includes inflator and 2 16g non-threaded CO₂ cartridges

TOOLS & ACCESSORIES

BIKE ACCESSORIES

PART # 20435
Tubeless Rim Tape
18mm x 10yd

PART # 20437
Tubeless Rim Tape
27mm x 10yd
**BIKE ACCESSORIES**

**TOOLS & ACCESSORIES**

**TUBELESS**

PART # 20431
Tubeless Presta Valve Cores

PART # 20432
Tubeless Presta/Schrader Tool

PART # 20433
Tubeless Brass Valve Stems 44mm

PART # 20027
1" Skabs
6 pre-glued patches, 2 tire levers

PART # 20040
1" Skabs
6 pre-glued patches

PART # 1022-A
Tube Patch Kit + Glue
Bikes and inflatables

PART # 20197
Tube Repair
Patch kit

PART # 20189
Classic Patch Kit
27 pieces, for all rubber repairs

PART # 23042
Valve Adapter
Presta to Schrader (standard)
Slime Smart Tubes and Extra Strong Self-Sealing Tubes instantly and repeatedly seal punctures before they ruin your day. Factory-filled with a precise volume of Slime Tube Sealant, they install like a regular tube, while offering powerful Slime protection. They provide a physical barrier against thorns, glass and nails. Should any debris get through, Slime tube sealant instantly goes to work, seeking out and sealing the puncture.
Extra Strong Self-Sealing Tubes
Inner tubes pre-filled with Slime Tube Sealant

- Instantly seals up to 1/8" (3mm) punctures
- Provides flat tire protection for up to 2 years
- Pre-filled with environmentally-friendly Slime Tube Sealant

Super Thick Self-Sealing Tubes
Super thick inner tubes pre-filled with Slime Tube Sealant

- Ultimate protection
- Ultra-thick, thorn-resistant tube pre-filled with Slime Tube Sealant
TUBELESS SEALANT

- Protects from tears and slits
- Long-lasting liquid protection
- CO2 won’t freeze sealant in your tire
- Full sealant for wide coverage

PART # 10174
8 oz.
Tubeless Sealant
Bike

PART # 10175
16 oz.
Tubeless Sealant
Bike

PART # 10176
32 oz.
Tubeless Sealant
Bike

PART # 10177
1 Gal.
Tubeless Sealant
Bike
