

Air Pollution Control District
San Luis Obispo County

October 21, 2026

Sarah Miggins
Deputy Director, OHMVR Division
California Department of Parks and Recreation
P.O. Box 942896
Sacramento, California 94296-0001

SUBJECT: Conditional Approval of California Department of Parks and Recreation's 2026 Annual Report and Work Plan in Response to Stipulated Order of Abatement Number 17-01

Dear Sarah Miggins:

In accordance with Stipulated Order of Abatement Number 17-01 (SOA), a public workshop was held on October 14, 2026, to receive public comment on the provisionally approved 2026 Annual Report and Work Plan (ARWP) dated October 7, 2026. After considering public input, the District now grants final approval of the plan, subject to the following condition:

1. If the Plover Exclosure area, in whole or in part, is reopened to public vehicular access, State Parks shall simultaneously implement District-approved dust controls sufficient to offset the resulting increase in emissions. If feasible, a final set of PI-SWERL measurements should be made in the area before it is reopened.

Feel free to contact me with any questions.

Respectfully,

A handwritten signature in black ink, appearing to read "Karl A. Tupper".

Karl A. Tupper
Air Pollution Control Officer
