EMISSIONS INVENTORY INFORMATION
Inventory Year - 2022

FORM 26: GRAIN FERMENTATION

Facility ID _____ **Facility Name** _____ **Contact** _____

Please fill in applicable sections and retain a copy for your records. Also, please attach a log of your monthly production as required by your Permit to Operate and retain a copy of this log for your records.

A. BAKERIES – Bread Production

Enter the total production of each bread product line (in pounds) for the emissions year. If the number of product lines exceed the number of empty rows, then attach another copy of this form to your submission.

Bread Product Line Name	Total lbs/year Produced

B. BREWERIES – Beer Production

Enter the total production (in barrels) for the emissions year.

Total Beer Produced		barrels/year(1)

(1) One (1) barrel of beer is 31 gallons. Therefore, if necessary, divide the gallons of beer by 31 to get barrels of beer.
