**APCD and Central Coast Clean Cities Coalition Grant Workshop  
February 24 from 10:00 am to 1:00 pm**

On February 24, 2011, the APCD and Central Coast Clean Cities Coalition (C5) will be holding a grant workshop aimed at enhancing local fleet operator awareness on the one million dollars in grant funding currently available for alternative fuels, school buses, on-road trucks, off-road construction equipment, and agricultural tractors and engines. Grants to purchase alternative fuel vehicles and necessary infrastructure will also be discussed. The workshop will cover the different grant programs that currently have funding available and how to apply for them. The workshop will also provide local fleet operators an opportunity to learn about the recent changes that the California Air Resources Board made to the State on-road truck/bus and off-road equipment regulations.

**Space is limited for this workshop. If you would like to attend the workshop, you must RSVP by February 17.** To RSVP for the workshop, call 805-781-5759 or email [aroslan@co.slo.ca.us](mailto:aroslan@co.slo.ca.us).
