

small group QUESTIONS

Your response to the sermon

This past weekend we discussed the powerful theme of the Hebrew word 'ilvrin' which means 'one who crosses over', referring to the Jews who passed over the Red Sea and Jordan River to reach the promised land. New Venture has been on a 30 year journey. What impacted you the most as we heard about what God has done in our 30 year history?

The story of your life

We learned about the Blessings, Setbacks and Successes of life. From what the Israelites endured, share a story in your life that relates to their experiences.

Venturing Further

God has done and is doing incredible things with our church. One of those is merging with Grace Intl. Ministries and going from New Venture Christian Fellowship to New Venture Grace Church. Go around the room and read Joshua 3:1-17. How do these verses speak to us in preparing ourselves for the new venture we are stepping into, and how can we apply it in our personal lives as well?

Living it Out

On Sunday we learned that our greatest days are right before us. Do you believe that in your personal life as well? Take a few moments and share with the group, what He's doing in your life and how you're applying what we've been learning to it.
