INTRODUCTION

Smartphoto group NV commits itself to comply with all the relevant statutory provisions concerning Corporate Governance. The Belgian Royal Decree of 12 May 2019, published in the Belgian Official Gazette on 17 May 2019, stipulates that the 2020 Belgian Code on Corporate Governance, the 'Code', applies to existing legal persons as of 1 January 2020 as a reference code within the meaning of Article 3:6 §2 en §4) of the Belgian Companies and Associations Code.

Smartphoto group NV uses this Code as its reference code. The Code is available on the website of the Belgian Corporate Governance Committee, www.corporategovernancecommittee.be.

The main aspects of the Corporate Governance policy of smartphoto group NV are presented in the Corporate Governance Charter ("the Charter").

Where there are deviations from the Code due to the company's specific structure and nature of its activities, these deviations are explained in accordance with the "comply or explain" principle in the Corporate Governance Statement.

CHAPTER I : CORPORATE STRUCTURE

I.1. SMARTPHOTO GROUP N.V./S.A.

SMARTPHOTO GROUP NV/SA (the “Company”) is a public limited liability company (“naamloze vennootschap”/ “société anonyme”), incorporated in accordance with the laws applicable in Belgium.

The Company was incorporated for an indefinite period of time on 23 December 1964 under the name D.B.M. Color NV by the execution of a deed before Notary Luc Verstraeten of Assenede, and published in the appendices to the Belgian Official Gazette of 15 January 1965. The Articles of Association were last amended by a deed executed before notary Benjamin Van Hauwermeiren of Oordegem (Lede), on 9 May 2018, published in the Belgian Official Gazette of 31 May 2018.

Its registered office is located in Belgium, 9230 Wetteren, Kwatrechtsteenweg 160.

I.2. THE GROUP

SMARTPHOTO GROUP NV/SA is the mother company of the group. The group’s activities are reported under one operating segment: e-commerce.

I.3. GOVERNANCE STRUCTURE

I.3.1. Board of Directors

The Board of Directors (the “Board”) is the main decision-making body of the Company, disposing of all the powers that are not reserved by law or the Articles of Association to the General Shareholders Meeting. Smartphoto group NV/SA therefore opted for a monistic one-tier management structure, within the meaning of Article 7:85 of the Belgian Companies and Associations Code. This choice is justified since the Company’s Board of Directors has been organised in this way for quite some time and there is no need to change this in the short term. The Board’s powers are sufficiently defined in relation to the powers of the executive director (CEO).

The Board will assess at regular intervals, and at least once every five years, whether the chosen governance structure is still appropriate and, if necessary, will propose a new governance structure to the General Meeting of Shareholders.

For the Terms of Reference of the Board of Directors, see also Chapter III.

The Board has established three committees to assist it in the execution of its main tasks. These are the Audit Committee, the Nomination Committee and the Remuneration Committee. For the Terms of Reference of these Committees, see Chapter IV.

I.3.2. The Chief Executive Officer

In conformity with Article 19 of the Articles of Association, the Board of Directors has delegated the daily management of the Company to the Managing Director, the Chief Executive Officer. In accordance with Article 18 of the Articles of Association, the Company is validly represented by two directors acting jointly or by the Managing Director, in the framework of the daily management of the Company.

CHAPTER II : COMPANY SHARES AND SHAREHOLDERS

II.1. CAPITAL AND SHARES

II.1.1. Capital and shares

The capital of smartphoto group NV (the "Company") amounts to EUR 41,381,403.63.

This capital is represented by 3,941,950 shares. The accountable par value amounts to EUR 10.50 per share.

All shares carry exactly the same rights and obligations from a corporate legal view (one vote, equal preference right at the occasion of capital increases, equal dividend right, equal share in liquidation, etc.).

II.1.2. Form

The Company shares are dematerialised shares or registered shares, at the discretion of the shareholders.

The name and address of registered shareholders are recorded in the Company Shareholder Register. Any changes must be notified to the Company, for the attention of the Company Secretary. Registered shareholders may at all times request a certificate regarding their holding.

Information on the Company's share price can be found on the corporate website (www.smartphotogroup.com) or on the website of Euronext Brussels (www.euronext.com).

II.1.4. Capital increase and reduction

The capital may be increased or reduced in one operation or from time to time by resolution of the General Meeting of Shareholders taken in the conditions prescribed for an amendment of the Articles.

In case of an increase of capital, the new shares which are to be subscribed in cash shall first be offered to the existing shareholders in proportion to the number of shares in their holding. However, notwithstanding the foregoing, the General Shareholders Meeting may, by resolution taken in the interest of the Company and in the conditions prescribed for an amendment of the Articles, resolve that some or all of the new shares to be subscribed in cash shall be issued without a shareholder's preference right. The meeting may restrict or cancel this right in favour of one or more identified individuals other than employees of the company or its subsidiaries, in the conditions prescribed by Article 7:191 et seq. of the Belgian Companies and Associations Code.

If the preference right is restricted or disapplied, the General Shareholders Meeting or the Board of Directors, acting as may be within the limits of the authorised capital, may also provide for preference to be given to former shareholders in the allotment of the new shares. In such a case the subscription period shall be a minimum of five days.

The Board of Directors may in every case enter into agreements on such terms and conditions as it may notify, with the intention of ensuring that all or part of the shares to be issued are taken up.

II.1.5. Authorised capital

By resolution of the Extraordinary General Shareholders Meeting of 9 May 2018, the Board of Directors was authorised to increase the capital in one or more installments by maximum EUR 41,381,403.63.

The present authorisation remains valid for five years, starting as of the publication in the appendices to the Belgian Official Gazette of the decision of the General Shareholders Meeting d.d. 9 May 2018. It is renewable in accordance with the provisions of law.

Within the legal limits and within the above-mentioned resolution of the Extraordinary Shareholders Meeting of 9 May 2018, the Board of Directors may decide to increase the capital through contributions in cash or through contributions in kind, as well as through the incorporation of reserves and/or share premiums, with or without the issuing of new corporate shares. Within the same framework, the Board of Directors may also decide to issue, in one or more installments, convertible bonds, bonds with subscription rights or subscription rights that may or may not be related to other securities.

Based on the decision taken in accordance with the regulations of Article 7:155 of the Belgian Companies and Associations Code, the Board of Directors is authorised within the framework of the issuing of shares within the authorised capital, to modify the respective rights of the existing types of shares or securities that do or do not represent the capital. This authorisation is valid insofar as it is in conformity with the applicable legal regulations. The Board of Directors will under no circumstances apply this authorisation in a way that would have the objective or the result of disadvantaging the rights of the existing shareholders.

During a three years period starting from the time of publication of the decision of the General Shareholders Meeting of 9 May 2018, the Board of Directors is explicitly authorised to apply the current authorisation to increase the capital, under the conditions and within the restrictions of Article 7:202 of the Belgian Companies and Associations Code.

According to Article 7:202, §1 of the Belgian Companies and Associations Code, from the moment a company receives a notification from the Financial Services and Markets Authority that the latter has been notified of a public takeover bid for the securities of that company, the board of directors of the company may, until the end of the bid, 1° no longer increase its capital by contribution in kind or in cash with the restriction or withdrawal of the preferential right of the shareholders. 2° no longer issue securities with voting rights, whether or not they represent the capital, or securities giving the right to subscribe or to acquire such securities, if these securities or rights are not offered preferentially to the shareholders in proportion to the capital represented by their shares. Nevertheless, pursuant Article 7:202, §2 of the Belgian Companies and Associations Code, the aforementioned prohibition does not apply to 1° the commitments validly entered into before receipt of the communication referred to in this article; 2° capital increases which the board of directors has been expressly authorised to carry out prior thereto by a resolution of the shareholders' meeting adopted in the manner required for an amendment of the articles of association of the company, and taking place within three years before receipt of the aforementioned communication, provided that:

- a) the shares issued pursuant to the capital increase have been fully paid up since their issue;
- b) the issue price of the shares issued pursuant to the increase in capital is not less than the public take-over bid price; and
- c) the number of shares issued on the basis of the capital increase does not exceed 10% of the shares issued before the capital increase representing the capital.

The Board specifies the dates and the conditions for the capital increases that it orders in application of the above-mentioned paragraphs, including the possible payment of share issue premiums. The Board specifies the conditions of the bond loans to which it decides in the framework of what is described in the paragraphs above.

When the specifications of the above-mentioned paragraphs are being applied, the Board of Directors specifies in accordance with Article 7:188 et seq. of the Belgian Companies and Associations Code, the term and other conditions for the execution of preferential shareholder rights, when these rights are granted by law. According to the same Article 7:188 et seq. if in the interest of the Company and under the legally specified conditions, the Board is entitled to restrict or cancel the preferential rights of the shareholders in favour of one or more persons that are selected by the Board, regardless whether these persons are staff members of the Company or of one of its subsidiaries.

When a share issue premium is being paid as a consequence of the current measure, these premiums are transferred by right to an unavailable account, named "issue premiums", and can only become available under the conditions that are required for a capital reduction. However, the premiums can at all times be incorporated in the share capital; this decision can be taken by the Board in accordance with the specifications of paragraph 3 of this text section.

At the occasion of a proposal for renewal of the above mentioned authorisations, the Board drafts a special report for the benefit of the General Shareholders Meeting explaining why such a renewal is requested.

II.1.6. Acquisition of treasury shares

The Board of Directors has been authorised by the General Shareholders Meeting of 9 May 2018 to acquire through purchase or exchange, or to alienate the Company's treasury shares without a resolution of the General Shareholders Meeting, if such acquisition or alienation is necessary to avoid serious and imminent harm to the Company. This authorisation is valid for a three years period starting as of the moment of publication of the above-mentioned decision in the Supplements to the Belgian Official Gazette, and is renewable in accordance with Article 7:215, §1 of the Belgian Companies and Associations Code.

The General Shareholders Meeting of 9 May 2018 has moreover authorised the Board, in accordance with Article 7:215 of the Belgian Companies and Associations Code, to acquire the maximum allowed number of treasury shares through purchase or exchange at a price that is equal to at least 85% and at most 115% of the last closing rate of these shares as listed on Eurolist by Euronext on the day preceding the purchase or the exchange. This authorisation is valid for a five years period, starting as of the moment of publication of the above-mentioned decision in the Supplements to the Belgian Official Gazette, and is renewable in accordance with Article 7:215, §1 of the Belgian Companies and Associations Code. Information on purchases or disposals of the Company's treasury shares is published in the annual report of the Company.

The Company has adopted a Code of Conduct for acquisition and disposing of of treasury shares (cf. VII.3. in this document).

II.2. GENERAL SHAREHOLDERS MEETINGS

II.2.1. Date and place

The annual General Shareholders Meeting takes place each year on the second Wednesday of the month of May at 14.00 hours in the registered offices of the Company, or any other place in Wetteren as determined in the convocation.

Special and Extraordinary General Meetings of the Shareholders may be called by the Board of Directors if deemed necessary. The Board is obliged to convene a Special or Extraordinary General Shareholders Meeting at the request of one or more Shareholders representing 20% of the issued capital. The request shall specify the agenda items to be included in the convocation.

II.2.2. Preparation of the meeting

- Convocation

The meeting shall be convened by the Chairman of the Board, the Board of Directors, the Managing Director or the Statutory Auditor.

The period for convening the meeting is a minimum of 30 days. If the attendance quorum for the first meeting is not reached, and provided the date of the second meeting has been mentioned in the first convocation, the second General Meeting with the same agenda can be convened with a convocation period of at least 17 days before such meeting.

Invitations to attend the General Shareholders Meeting are sent to all registered Shareholders at least 30 (17) days before the General Shareholder Meeting. Relevant information is sent 15 days before the General Shareholder Meeting, as well as made accessible through the Company website.

In accordance with the Belgian Companies and Associations Code and the Articles of Association of the Company, an announcement shall be published at least 30 (17) days prior to the General Shareholders' Meeting in the Belgian Official Gazette, and in a national newspaper, on paper or electronically, except for the ordinary general meetings which shall take place in the municipality, at the place, day and hour indicated in the articles of association and with an agenda that is limited to the discussion and approval of the annual accounts, the annual report and the report of the Statutory Auditor, the remuneration report and the severance pay for executive directors referred to in article 7: 92, first paragraph of the Belgian Companies and Associations Code and the vote on the discharge to be granted to the directors and the Statutory Auditor.

Also, the convocation must be issued via such media as may reasonably be relied upon for the effective dissemination of information to the public throughout the European economic Area and which is easily accessible on a non-discriminatory basis. The convocation must also be published on the company's website.

- Agenda

Agenda items may include typically:

- the appointment or re-election of members of the Board of Directors;
- the proposal of the Audit Committee as regarding the renewal of the auditor's mandate;
- the review of the annual report of the Board of Directors and the report of the Company's Statutory Auditor;

- the approval of the annual accounts and the appropriation of the result, including the dividend payment;
- the approval of the remuneration report;
- approval of (material amendments to/exceptions of) the remuneration policy (at least every 4 years);
- the discharge in respect of the exercise of their duties of the Board members and the Statutory Auditor;
- (renewal of) authorisations to the Board to increase the capital, acquire treasury shares, etc.;

The convocation shall also contain a clear and precise description of the formalities to be completed in order to participate in the meeting (use of proxies, postal voting, delays, etc.), as well as the explanation of the rights available to shareholders, such as:

- the possibility for shareholders having at least 3% of the share capital to put additional items on the agenda;
- how to use the right to ask questions to the directors and the Statutory Auditor;
- the procedure regarding the use of proxies;
- if applicable, the procedures and terms for remote participation in the General Meeting of Shareholders.

- Registration

Participation and voting in the General Shareholders Meeting will be dependent on the accounting registration of shares of the shareholder, on the 14th day before the general meeting, at midnight (the so called “registration date”), either by registration of the shareholder’s name in the register of shareholders; either by registration on the accounts of a certified account holder or settlement institute; or either by presentation of the bearer shares to a financial intermediary, irrespective the amount of shares held by the shareholder.

Irrespective of who holds shares after that date, the shareholders registered on the registration date may participate in the general meeting of shareholders, provided that they notify their intention to attend the general meeting to the company or appointed person in time, in any case no later than 6 days before the general meeting concerned.

II.2.3 Requirements for participation

- Proxies

Any shareholder may, by a document that bears his signature (including the digital signature mentioned in Article 1322, paragraph 2 of the Civil Code) that has been notified by letter, fax, email or any other means specified in Article 2281 of the Civil Code, give proxy to represent him at the General Shareholders Meeting. The proxy should not be a shareholder. Proxies must be lodged at the Company no later than six days before the meeting. The provisions of the Belgian Companies and Associations Code are applicable.

Proxies given to a director or employee of the Company must contain clear voting instructions.

The Board of Directors may require in the invitation to attend the General Shareholder Meeting that proxies must be lodged at the Company at least 3 business days before the General Shareholder Meeting.

- Joint ownership

In case of joint ownership of shares, in the broadest possible sense, the owners must appoint a single individual to represent them.

- Remote participation

The Board of Directors may offer the holders of securities the opportunity to remotely participate in the General Meeting of Shareholders by means of an electronic means of communication provided by the Company in accordance with the provisions of Article 7:137 of the Belgian Companies and Associations Code.

- Remote voting by correspondence

The Company has chosen not to use the possibility to allow their shareholders to cast their votes remotely by correspondence before the general meeting of shareholders takes place.

- Procedure

The General Shareholders Meeting shall be chaired by the Chairman of the Board of Directors, or, failing him or her, by another Board member appointed by the Board for the role.

The Chairman of the General Shareholders Meeting appoints the secretary of the Meeting. The secretary should not necessarily be a shareholder or a member of the Board. The attending members of the Board shall complete the Office for the Meeting. The Meeting shall appoint two scrutineers on a motion by the Chairman.

The Board of Directors may adjourn the decision regarding the approval of the annual accounts during the session for a maximum period of five weeks. Such adjournment does not affect the other decisions taken at the meeting unless the meeting decides otherwise. The next meeting is entitled to permanently adopt the annual accounts.

An attendance list that shows the name of the shareholders and the number of shares participating in the meeting is signed by each of the shareholders or their proxy before the meeting is opened.

The General Shareholders Meeting cannot deliberate nor decide on items that are not included in the agenda.

The Directors (and the Statutory Auditor) shall answer the questions asked by the holders of securities, before or during the meeting, orally or in writing, and which are related to the items on the agenda. The Directors (and the Statutory Auditor) may, in the interest of the Company, refuse to answer questions if the communication of certain information may harm the Company or be in breach of the confidentiality undertakings assumed by them or the Company. The Statutory Auditor shall immediately communicate the written questions he receives to the Board of Directors. The answer to several questions on the same subject may be grouped by the Directors and the Statutory Auditor.

The Chairman is responsible to keep order and a proper conduct of the deliberations. The Chairman shall determine in consultation with the other members of the bureau the moment when the debate on an agenda point is closed and move to the vote, and ensures the completion of the agenda.

Except as otherwise provided by legal or statutory provisions, decisions shall be adopted by a simple majority of the votes cast, regardless of the number of shares represented at the meeting. Blank and invalid votes are not counted in the votes cast.

When for the appointment as director or Statutory Auditor no candidate achieves an absolute majority of the votes, one proceeds to a second vote between the two candidates achieving the most votes. If the number of votes is equal, the oldest candidate is elected.

Voting will be by show of hands or by call-over, unless the General Shareholders Meeting decides otherwise with a simple majority of votes cast. Postal voting is not allowed.

The minutes of General Shareholders Meetings shall be signed by the members of the Bureau and any shareholders wishing to do so. The minutes of the General Meetings shall state, for each resolution, the number of shares for which valid votes were cast, the percentage that these shares represent in the capital, the total number of valid votes cast, and the number of votes cast for or against each resolution, as well as any number of abstentions. The Company shall publish this information on the Company's website within fifteen days after the General Meeting.

Official copies provided to third parties shall be signed by two directors or one or more members of the board of directors who are authorised to represent them.

II.2.4 Website

All relevant information regarding convocation, agenda, participation requirements, use of proxy and shareholders' rights will be available on the Company's website and will remain accessible for at least 5 years.

II.3. SHAREHOLDER STRUCTURE – MAJOR SHAREHOLDERS

In accordance to article 9 of the Articles of Association of smartphoto group NV/SA, each physical or legal person who acquires 3% of the total shares with voting rights, should notify this with a confirmed-receipt letter to the Board of Directors within the legally specified time period, and should repeat such transparency declarations when the threshold of 5% of the voting rights has been reached and at each subsequent tranche of 5% of the voting rights. All transparency declarations are communicated on the Company website as soon as the Company has been notified. Also all other obligations of issuers of financial instruments admitted to trading on a regulated market are communicated on the Company website.

The shareholders' structure, based on transparency declarations that the Company has received up till 31 december 2020, and taking the denominator as per 31 december 2020 into account, is as follows:

<u>Shareholder</u>	<u>Number of shares</u>	<u>% of total^(*)</u>
Consortium Midelco NV, Cekan Invest NV, Isarick NV and Philippe Vlerick	701,195	17.79%
Shopinvest NV and controlling person	720,000	18.27%
Alychlo NV and controlling person	626,457	15.89%
Smartphoto group NV	193,133	4.90%
Partfim SA	141,500	3.59%

^(*) Calculation with the current number of issued shares, that is 3,941,950 shares, as the denominator.

Major shareholders do not have different voting rights than other shareholders ("one share, one vote"). Each amendment in the shareholders' structure is updated on the Company website. This information is also included in the Corporate Governance Statement of the annual report.

II.4. COMMUNICATION WITH SHAREHOLDERS AND POTENTIAL SHAREHOLDERS

A specific section of the Company's website is dedicated to Investor Relations. This section includes a description of the shareholders' rights to participate and vote at the General Shareholder Meeting and a timetable on periodic information and shareholders' meetings. This section also includes the Articles of Association of the Company, the Corporate Governance Charter and the Corporate Governance Statement. Further, the Company publishes all information pursuant to legal provisions.

CHAPTER III : TERMS OF REFERENCE OF THE COMPANY'S BOARD OF DIRECTORS

III.1. COMPOSITION

III.1.1. Size

The Board of Directors of the Company (the "Board") has a minimum of three members, who should not necessarily be shareholders of the Company.

While no formal maximum number of members has been set for the Board, a number of six to ten members is considered to be adequate for efficient decision-making and large enough for its members to contribute experience

and knowledge from the different fields, while this size also allows to deal with changes to the Board's composition without undue disruption.

Each individual Board member has identical powers of decision-making, taking into account the particular roles of the Chairman of the Board as set forward in III.4.2.

At least half of the Board comprises non-executive directors; at least three of them should qualify as independent according to the criteria described in Article 7:87, §1 of the Belgian Companies and Associations Code as well as in Principle 3.5 of the Belgian Corporate Governance Code 2020.

While executive and non-executive directors are part of the same collegial body, they each have a specific and complementary role to play on the Board. Executive directors should provide all relevant business and financial information for the Board to function effectively. Non-executive directors should constructively challenge and help develop strategy and key policies proposed by the executive management. The non-executive directors should also scrutinise the performance of the executive management in meeting agreed goals.

The list of the members of the Board shall be disclosed in the Corporate Governance Statement in the annual report and on the corporate website.

III.1.2. Term of office

In accordance with the Corporate Governance Code, the Board proposes to limit the term for a Director under normal conditions to a maximum of three years, although the Articles of Association of the Company allow a six years mandate.

Independent Directors can serve for a maximum of twelve years in total, starting in the year of their first appointment. The Board may however grant exceptions to this rule in the general interest of the Company.

Non-executive Directors should retire at the first General Shareholders Meeting after their 70th birthday, unless the Board of Directors grants an exception in the interest of the Company.

Executive Directors should retire on the first General Shareholders Meeting after their 65th birthday.

III.1.3. Criteria for membership

The Nomination Committee, when giving its recommendations to the Board, and the Board of Directors, when proposing candidates for membership, shall apply the following principles:

- a) Each candidate must be selected on the basis of gender diversity and diversity in general, as well as on the basis of his or her particular skills, knowledge and/or experience, in order to guarantee that the Board as a whole shall have the necessary competences and qualifications to fulfill its duties;
- b) The Nomination Committee and the Board must ensure that the candidates demonstrate their willingness and availability to the extent required to fulfill his or her responsibilities as a Board or Committee member.

III.1.4. Appointment

The Board of Directors submits its proposals regarding the appointment or re-election of Directors to the General Shareholders Meeting. The Nomination Committee recommends one or several candidates to the Board, taking into account the needs of the Company and following the appointment procedure and the selection criteria drawn up by the Board for that purpose. The composition of the Board is determined based on the necessary diversity and complementary skills, experience and knowledge.

The General Shareholders Meeting appoints the Directors of their choice with a simple majority of the votes cast. Directors can likewise be dismissed “ad nutum” by the General Meeting with a majority of the votes cast, before the normal expiry of their term of office.

If a position of Director becomes vacant as a result of resignation, incapacity or death, the Board may provisionally fill the vacancy, upon recommendation from the Nomination Committee, until the first coming General Shareholders Meeting.

The decision to appoint the independent Directors must state the criteria why the Director is considered independent by the Board. In assessing independence, the criteria set out in Principle 3.5 of the Belgian Corporate Governance Code 2020 shall be taken into account, following the criteria of Article 7:87, §1 of the Belgian Companies and Associations Code and any other relevant law or regulation.

Any independent Director who ceases to satisfy the requirements of independence must immediately inform the Chairman of the Board.

III.2. ROLE AND RESPONSIBILITIES

III.2.1. Role

The Board is entrusted with the general management of the Company with a view to ensure its long-term success. It provides entrepreneurial leadership and at the same time assesses and manages the risks of the Company. III.4.2. Role and responsibilities

There should be a clear division of responsibilities between the person presiding over the Board of Directors (the Chairman of the Board) and the person assuming executive responsibility for running the company's business (the CEO). The Chairman of the Board and the CEO should not be the same individual.

The Chairman is responsible for the leadership of the Board and for the efficiency of the Board in all its aspects.

The Chairman shall take the necessary measures to develop a climate of trust within the Board which promotes open discussion, constructive dissent and support for the Board's decisions.

In principle, the Board meets minimum four times a year. Additional meetings may be called at any time with appropriate notice, when deemed necessary or advisable by one or several members of the Board, to address specific needs for the Company.

Directors are required to attend the Board meetings in person as much as possible, and to devote the required amount of time to their office. Directors who cannot attend are encouraged to give a power of attorney to one of their colleagues.

The Company will organise – where necessary – board and committee meetings using video, telephone or internet-based means.

The number of Board meetings and Committee meetings and the individual attendance record of the Directors are disclosed in the Corporate Governance Statement of the annual report.

At least half the Directors must be present or represented in order to have a valid meeting of the Board. Board members can be represented by a signed proxy, sent by mail or email to the Chairman. A Director can only represent one other Director in this way.

The non-executive Directors must meet at least once a year without the Managing Director and the other executive Directors, if applicable.

Board meetings must be convened in the manner laid down in the Company's Articles of Association.

Except where urgent issues have arisen (as determined by the Chairman of the Board), the agenda of the meeting will be sent to all members of the Board at least two calendar days prior to the meeting. Every agenda item is accompanied by as much written information as possible of the votes cast by the Board members present or represent at the meeting.

Board meetings are chaired by the Chairman of the Board. In the absence of the Chairman of the Board, the Board members present shall designate another Board member to chair the meeting by a simple majority of the votes cast.

The Company Secretary, or his substitute, prepares minutes of the deliberations of a meeting of the Board. The minutes must reflect the discussions, specify the decisions taken and state any reservations voiced by Directors. The minutes are approved by the Board at the next meeting.

III.5.2. Board Committees

In order to ensure and improve the efficient execution of its duties, the Board of Directors has created specialised Committees to analyse specific issues and advise the Board on those issues. Regardless of the right to create other Committees, the Board has created an Audit Committee, a Nomination Committee and a Remuneration Committee.

The role of the Committees is strictly advisory, as the actual decision-making remains at all times the responsibility of the Board.

The Board determines the terms of reference for each Committee, in which the composition, the role and responsibilities and the operation of the relevant Committee are specified. These terms of reference are included in this Charter under Chapter IV.

The Board shall pay particular attention to the composition of each Committee. It must ensure that in appointing the members of each Committee and their Chairmen, consideration is given to the needs and qualifications required for the optimal functioning of that Committee. The Board may revoke Committee members at all times.

III.5.3. Company Secretary

The Board appoints a Company Secretary, who assists the Board and the Chairman in the performance of their duties and to advise the Board on all governance matters. All Board members have access to the Company Secretary for advice and services. Where necessary, the Company Secretary is assisted by the Company's legal advisor(s).

The role of the Company Secretary includes:

- Preparing the Corporate Governance Charter and the Corporate Governance Statement;
- Ensuring that the essence of the discussions and decisions at Board meetings are accurately captured in the minutes;

III.6. INDUCTION AND EVALUATION

III.6.1. Induction

Newly appointed Directors shall receive an appropriate induction to ensure their early contribution to the Board.

The purpose of the induction process is to help the new Directors grasp the fundamentals of the Company, including its governance, strategy, key policies, financial and business challenges.

For Directors joining Board Committees, the induction process will include a description of the specific role and duties of the Committee.

For Directors joining the Audit Committee, the induction covers the Audit Committee's Terms of Reference and provides an overview of the company's internal control organisation and risk management systems. They are provided in particular with full information on the Company's specific accounting, financial and operational features. This induction also includes a meeting with the external auditor and with the relevant corporate officers.

The Directors are individually responsible for developing and updating the knowledge and qualifications that are required to perform their duties in the Board and in the Committees of which they are members. For that purpose, the Company shall make the necessary (financial) resources available, if required.

III.6.2. Evaluation

In order to promote the continuous improvement of the governance of the Company, the Board shall assess regularly (e.g. every two or three years), under the lead of its Chairman, its size, composition, operation and interaction with the Executive management.

This evaluation has four objectives:

- a) assessing the operation of the Board;
- b) verifying that the important issues are thoroughly prepared and discussed;
- c) evaluating the actual contribution of each Director's work, the Director's presence at the Board and Committee meetings and his constructive involvement in discussions and decision-making;
- d) evaluating the Board's current composition.

Although the evaluation is a responsibility of the Board as a whole, the Board will be assisted in this evaluation by the Nomination Committee.

If required or desired, an evaluation by external experts can be considered.

The non-executive directors assess regularly their interaction with the Executive management. In this respect, non-executive directors meet at least once a year in the absence of the executive directors.

The Chairman of the Board will also be evaluated in this process.

In the same process, the Board shall also assess the operation of the Committees every two or three years. For this assessment, the results of the individual evaluation of the Directors will be taken into consideration. Again, specific attention will be given to the evaluation of the Chairmen of the Committees.

The evaluation will be based on a question list to be filled in by each Board member. The answer forms shall be processed and the results of the evaluation shall be discussed by the Nomination Committee, and consequently by the Board as a whole on the basis of the Committee's report, commenting on the strengths and weaknesses of the Board and, when appropriate, making proposals to appoint new Directors or to not re-elect Directors.

Information on the main features of the evaluation process of the Board, its committees and its individual directors is disclosed in the Corporate Governance Statement.

III.7. CODE OF CONDUCT

Directors shall adhere to the General Code of Business Conduct as established in Chapter VII of this Corporate Governance Charter.

Each Director shall demonstrate integrity and commitment, and perform his or her duties in an honest, ethical and justified manner.

The Directors shall act at all times in the interest of the Company. Independence of judgement is required in the decisions of all Directors, executive and non-executive alike, whether the non-executive Directors are independent or not.

The Directors are entitled to receive pertinent and detailed information, which they will study carefully so as to acquire and maintain a strong command of the key issues relevant to the Company's business. The Directors shall ask for clarification whenever they deem it necessary.

The Directors shall avoid any action, position or interest that conflicts or appears to conflict with the Company's interest. When faced with a conflict of interest, the legal provisions shall apply and the Director in question shall immediately inform the Chairman of the Board. Directors in such a position shall abstain from participating in the Board discussion and decision in accordance with the legal requirements, and the event shall be disclosed accordingly. Transactions between the Company and its board members take always place at arms' length.

Each Director has an obligation to handle the confidential information received in his or her capacity as Director with extreme caution. The Directors undertake not to disclose any confidential information relating to the Company or its affiliates, obtained in the execution of their responsibilities as Director, to third parties, unless he or she has a legal obligation to disclose the information. Disclosure to members of the management of the Company or its affiliates is allowed on a need-to-know basis.

No member of the Board may use the information described above to his or her own advantage.

PROCEDURE AND SELECTION CRITERIA FOR THE APPOINTMENT AND RE-ELECTION OF DIRECTORS

PROCEDURE

The nomination process is initiated and led by the Chairman of the Board or one of the non- executive Directors.

Based upon an evaluation of the skills, expertise, knowledge, and qualifications already present on the Board, and those still needed, the Nomination Committee prepares a profile that describes the required skills, experience and qualifications required for the new Director function.

The board shall appoint its chairman on the basis of its professionalism, independence of mind, coaching capabilities, ability to build consensus, and communication and meeting management skills. If the board envisages to appoint a former CEO as Chairman, it shall carefully consider the positive and negative aspects in favour of such a decision and disclose in the Corporate Governance Statement why such appointment is in the best interest of the Company.

The Committee launches a search for suitable candidates and reviews whether the candidates meet the requirements of the profile and the Director function.

The candidates are interviewed by the Committee, at which occasion they are made aware of the extent of the non-executive directors' duties at the time of their application, in particular regarding the time commitment involved in carrying out those duties.

Non-executive Directors may serve as Director in other (listed) companies if such a position does not conflict or interfere with his mandate as Director of the Company. At the occasion of an individual evaluation of a Director, the Nomination Committee and the Board shall review the number of listed and non-listed company boards of which the Director is a member, to make sure that such other mandates do not impair the Director's service to the Company.

Executive Directors may serve as director of other (listed) companies if the Board allows it.

As a general rule, Directors must not hold more than five directorships in listed companies, including the Company. However, at the request of the Director, the Board may grant a waiver to this rule, taking into account the effective time the Director has undertaken to devote to the Company.

In order to be retained on the shortlist, the candidates must confirm they have sufficient time available to meet what is expected of them, taking into account the number and importance of their other commitments.

Any changes in other relevant commitments and any new commitments outside the Company must be promptly reported to the Chairman of the Board.

Subsequently, the Nomination Committee recommends the suitable candidates to the Board.

The Chairman of the Board must ensure that the Board has sufficient information about the candidate, such as the candidate's résumé, the assessment by the Nomination Committee based on an initial interview with the candidate, a list of the positions already held by the candidate and any other information necessary for assessing the candidate's independence.

In agreement with the Managing Director, the Committee is entitled to seek external professional advice, at the company's expense, regarding Director's nominations, should this prove to be necessary or useful.

Prior to the appointment by the General Shareholders Meeting, the Board must notify the works councils of the Company of the proposals for appointment of the candidates as independent directors. Regarding re-elections, the Nomination Committee shall evaluate the past performance of the Director concerned, and may invite him for an interview. If the evaluation is positive, the Committee will propose the re-election to be approved by the Board for presentation to the General Shareholders Meeting.

After having been informed of the recommendations, the Board must make a proposal to the General Shareholders Meeting to appoint or re-elect the selected directors. This proposal shall be included in the agenda of the meeting, and shall be made public at least 30 days before the General Shareholders Meeting takes place.

The proposal of appointment or re-election by the General Shareholders Meeting must be accompanied by the relevant information on the candidate's professional qualifications, together with a list of the positions the candidate already holds. The Board must indicate whether a candidate meets the independence criteria and must also state the proposed term of the mandate, which typically shall be three years.

The annual report of the Board must contain summary information on the professional expertise and qualifications of newly appointed or potential directors.

SELECTION CRITERIA

Each member of the Board of Directors is nominated on the basis of the specific contribution in terms of personality, qualifications, knowledge and experience he or she may make to the operation, efficiency and success of the Board of Directors in fulfilling its role and responsibilities.

Remuneration policy smartphoto group

The remuneration policy of smartphoto group has been drawn up in accordance with the Belgian Companies and Associations Code and the 2020 Belgian Corporate Governance Code ("2020 Code"). The remuneration policy has been approved by the General Meeting of Shareholders of May 12, 2021. For every material change and at least every four years, the remuneration policy will be submitted for approval to the Annual General Meeting of the Company.

Remuneration of the non-executive directors

The remuneration of the non-executive directors consists of a fixed annual amount. This remuneration is increased by 100% for the Chairman of the Board of Directors.

The non-executive directors do not receive variable remunerations, such as bonuses and stock options, and do not receive benefits in kind, nor do they receive benefits linked to pensions.

The Company does not grant shares to the non-executive directors, which is a deviation from principle 7.6 of the 2020 Code. The Board of Directors is of the opinion that the shareholders' non-current perspective is reasonably represented by: (i) the Chairman is the main shareholder of the companies that have united in the Midelco Consortium, which is holder of 701,195 shares of smartphoto group NV; (ii) three of the non-executive directors are connected to the main shareholders; (iii) the Nomination Committee is composed of the non-executive directors connected to the main shareholders.

No separate remunerations are provided for the members of the committees, except for the members of the Audit Committee. In addition to their general annual remuneration as a member of the Board of Directors, they each receive a supplementary and fixed annual remuneration.

There is no agreement between the Company or its affiliated companies and the non-executive members of the Board of Directors, which provides for any benefit upon termination of their mandate as directors.

The non-executive directors do not receive a performance-related remuneration.

Members of the executive management, which are also members of the Board of Directors, do not receive a remuneration for their membership of the Board of Directors.

Remuneration of the executive director

The remuneration of the executive director is determined by the Board of Directors at the recommendation of the Remuneration Committee. The managing director of smartphoto group NV, who is the only executive director of smartphoto group NV, holds the position of Chief Executive Officer (CEO).

This position can be exercised both by an individual or by a permanent representative of a legal entity.

From the moment the Remuneration Committee deliberates on the remuneration of the executive director, he does not attend the meeting. In addition, the legal stipulations according to conflicts of interest are applicable.

The remuneration consists of a fixed remuneration and a variable remuneration. In determining the remunerations, the remunerations of the executives in Belgian multinationals and medium-sized companies are taken into account, together with internal factors.

Fixed remuneration

The fixed remuneration is intended as a remuneration for the responsibility related to the position and for certain competencies and experience in that position. This base salary is compared to remunerations of comparable positions and is evaluated annually.

The Board of Directors, on recommendation of the Remuneration Committee, regularly evaluates the amount of the fixed remuneration to determine if this amount should be adjusted and, if this is the case, to what extent it should be adjusted. Where appropriate, the new amount is paid as from January 1 the next year as fixed remuneration.

Variable remuneration

Part of the remuneration of the current executive director is performance-related as an incentive to support the short and long term performance of the group. The variable remuneration is directly linked to the achievement of the objectives of smartphoto group, as a consolidated whole.

In principle, this variable remuneration amounts to one quarter or less of the total annual remuneration. It is possible to deviate from this. If the variable remuneration granted exceeds one quarter, it should, according to article 7:91 of the Belgian Companies and Associations Code, be spread over two, or even three years, or it will be explicitly submitted to the General Meeting for approval.

The variable remuneration is determined by the Remuneration Committee based on the financial performance and the success of the strategic initiatives.

The variable remuneration consists of a cash bonus which depends on the realised performance of the Company against the objectives pursued.

The targets are divided into two categories:

- financial targets, including EBITDA, and
- non-financial targets.

The combination of these targets ensures a balanced package, creating value for the shareholder, based on cash flow and growth. The Board of Directors, on recommendation of the Remuneration Committee, assigns a weight to the financial targets and the non-financial targets.

In case a variable remuneration is granted based on incorrect financial data, there is no specific contractual clawback clause in favour of the Company.

Termination benefits

There is an agreement between Mr Stef De corte and the Company that - only upon termination at the request of the Company - provides for a financial compensation of twelve months.

Publication of the remuneration policy on the website

Based on article 7:89/1, §4 of the Belgian Companies and Associations Code, this remuneration policy will be disclosed without delay on the Company's website, www.smartphotogroup.com, after voting by the Annual General Meeting of Shareholders, together with the date and the conclusions of the voting. This information will remain public, free of charge, as long as the remuneration policy is applicable.

CHAPTER VII. CODES OF CONDUCT

VII.1. GENERAL CODE OF BUSINESS CONDUCT

VII.1.1. Introduction

The Belgian Companies and Associations Code provides a means of settling conflicts of interest that arise within the context of a Director's mandate. This procedure is briefly explained hereafter in point VII.1.2. Legal framework.

In the interest of the Company, the Board of Directors has decided to impose additional obligations on its members and on the corporate officers of the Company and its affiliates. These additional obligations have been written out in point VII.1.3. General Code of Conduct.

Furthermore, the Board of Directors decided to set-up some guidelines for Directors on their interaction with the Executive management and with investors, media and others. These guidelines are explained in point VII.1.4. Interaction.

VII.1.2. Legal framework

Article 7:96 of the Belgian Companies and Associations Code provides that a Director who is faced, directly or indirectly, with an interest of a financial nature that conflicts with a decision or a transaction belonging to the competence of the Board, is required to notify the other members of the Board before the Board takes its decision.

The notification, including the justification of the conflict of interest, is inserted into the minutes of the meeting, and the Director shall inform the external auditor of the Company, with the assistance of the Company Secretary. The financial consequences of the decision shall likewise be mentioned in the minutes.

The Board describes the nature of the decision or transaction and justifies the decision taken, in order to allow the publication in the annual report. The annual report shall comprise the minutes of the meeting regarding the conflict of interest, in extenso.

The Director in question cannot participate in the discussions and the vote concerning the proposed decision or transaction.

The above mentioned legal obligations are not applicable to decisions or transactions arisen between companies, whereby one of the companies owns –directly or indirectly - 95% or more of the actual voting rights of the other company, nor in case another company owns 95% or more of the actual voting rights in both companies between which a transaction is contemplated.

The legal obligations likewise are not applicable in case the decision regards usual transactions that occur under the conditions and collateral that are customary in the market for such transactions ("arm's length").

VII.1.3. General Code of Conduct

VII.1.3.1. Business integrity and ethics

In order to achieve its business objectives, the group expects its Directors, the Chief Executive Officer and employees to adhere to the highest standards of business integrity and ethics, and to respect and comply at all times with all applicable national and international laws and regulations.

No Company officer has the right or the authority to request the execution of any action that would violate compliance with such applicable national or international laws and regulations.

This basic principle is not subject to waiver nor exceptions for competitive or commercial reasons, industry customs or other exigencies.

Relationships with customers, suppliers, competitors, employees and governmental authorities and officials must always be based on compliance with all applicable national and international laws.

In this framework, specific attention must be addressed to antitrust and competition laws, which truly affect daily business life, and which must be respected at all times.

All group managers and employees must at all times aim to achieve the highest standards of honesty, objectiveness and diligence in the performance of their respective duties and responsibilities. Respect and loyalty should be inherent in all their actions. Knowingly taking part in any illegal or improper activity shall not be accepted.

In order to ensure the integrity, accuracy and reliability of the group's books and financial statements, no transaction shall be entered into with the intention of it being documented or recorded in a deceptive manner. No false or artificial documentation or entry shall be made for any transaction.

All funds, assets and transactions must be disclosed and recorded in the appropriate books in accordance with all national and international laws and regulations.

Gifts or favors of any kind, given in order to obtain a personal advantage, or to sell products or services or – in general – to influence business, labour or governmental decisions is strictly prohibited. Reasonable gifts or gratuities consistent with laws and regulations and accepted business practices shall be allowed, provided they are properly recorded in the Company's (or its affiliates') books and records.

VII.1.3.2. Whistle Blowing procedure

The 'Company's Whistle Blowing Procedure' allows all employees to report possible malpractices within the Group.

This 'Whistle Blowing Procedure' covers in particular possible improprieties in matters of financial reporting, but also serious malpractices relating to any of the following: fraud, corruption, criminal offences, failure to comply with a legal or regulatory obligation, miscarriage of justice, endangering the health and safety of an individual, damage of the environment or concealment of any of the above.

Aims of the procedure

- Support its values based on the principles of fairness, honesty, integrity and respect;
- Ensure that employees can raise concerns without fear of suffering retribution;
- Provide a transparent and confidential process for dealing with concerns.

Principles

- All concerns raised will be treated fairly and properly;
- Any individual making a disclosure:
 - will not be harassed or victimised
 - will retain anonymity unless agreed otherwise;
 - is aware of who is handling the matter;
 - will not risk any retribution even if they are mistaken;
- All concerns must be raised in good faith.

The Whistle Blowing procedure includes the procedure of how to raise a concern and the related obligations of the Management.

The Group Internal Auditor keeps the Chairman of the Audit Committee informed via periodic summary reports.

VII.1.3.3. Additional obligations

Directors and corporate officers undertake not to develop, either directly or indirectly, during the term of his or her mandate or employment, any activities nor perform any actions that conflict with the activities of the Company or its affiliates.

In this respect, the Directors and corporate officers must abstain from the following actions:

- Start-up or enter into activities that compete with the activities of the group;
- Attempting to encourage staff members of the Company or its affiliates to terminate their relationship with the Company or its affiliates;
- Attempting to encourage a buyer, customer, supplier, agent, franchise, network supplier or any other contracting party to terminate a relationship with the Company or its subsidiaries or to change the terms of any such relationship in a way that is detrimental to the Company or its affiliates.

Non-executive Directors may not enter into material agreements with companies belonging to the group for the provision of paid services (e.g. consulting, accounting, legal services) without explicit authorisation of the Board of Directors.

Related party transactions shall at all times be conducted at arm's length. It is the responsibility of each Director and corporate officer to promptly notify the Company Secretary of any proposed related party transaction as soon as such Director or officer becomes aware of it, and regardless of whether the Director and/or officer is involved in it. Related party transactions are transactions between the Company or any of its affiliates on one side and any Director of the Company, any corporate officer of the Company, any close relative (being someone that could have a decisive influence on the Director or corporate officer, such as the partner, children, parents, close friends, etc.) of a Director or corporate officer and/or any legal entity in which a substantial interest in the voting power is owned, directly or indirectly by one of the above mentioned persons, or that have a member of the Board of Directors in common.

Any proposed related party transaction, or a series of similar transactions involving the same related parties, and involving an amount of at least hundred thousand Euros (€ 100.000,-), must be approved by the Board of Directors if it involves Directors. If it involves other corporate officers or employees, the approval must come from the Managing Director.

Related party transactions involving lower amounts do not require prior approval as such, but remain of course subject to legal regulations and the Company policies on conflict of interests.

Related party transactions involving amounts above one million Euros (€ 1,000,000,-) shall be disclosed in the annual report, in accordance with legal requirements.

VII.1.4. Interaction

VII.1.4.1. Interaction with management

Non-executive Directors have at all times direct access to the Company Secretary. In other cases, non-executive Board members are asked to consult the Managing Director prior to contacts with other corporate officers and to use common sense to ensure that these contacts do not detract the contacted officers from their business operations and responsibilities.

VII.1.4.2. Interaction with investors, media and others

Directors and corporate officers must refrain from independently contacting investors, analysts or journalists regarding issues concerning the Company or its affiliates. This belongs to the exclusive responsibilities of the Managing Director and the Company Secretary. Discretion is the key obligation in this regard.

However, Directors may, on invitation from the Managing Director, participate in communication activities undertaken by the group.

Furthermore, Directors and corporate officers are requested to support, in private and in public, the position of the group regarding strategy, policies and actions.

VII.2. CODE OF CONDUCT ON THE PREVENTION OF INSIDER DEALING AND MARKET ABUSE

VII.2.1. Introduction

The Board of Directors of the Company has drawn up a set of rules (the “Rules”) regulating the declaration and conduct obligations regarding transactions in shares or other financial instruments of the Company carried out by Directors and other designated persons for their own account.

The purpose of these Rules is to prevent the illegal use – or the appearance thereof – of insider information by members of the Board of Directors, the Chief Executive Officer, employees, shareholders and other designated persons.

These Rules contain preventive measures helping to respect the legal provisions and to preserve the Company's reputation in the market.

It is to be noted that compliance with the Rules of this Code does not exempt the insider in question from his or her individual responsibility regarding the compliance with the applicable legislation and regulations regarding market abuse (the "Market Abuse Regulations").

VII.2.2. Definitions

Inside information

According to the Regulation EU No 596/2014 of the European Parliament and of the Council of 16 April 2014 on market abuse, information is considered "Inside information" when the information has the following four characteristics :

a) The information is of a precise nature.

The information shall be deemed to be of a precise nature if it indicates:

- a set of circumstances which exists or which may reasonably be expected to come into existence, or
- an event which has occurred or which may reasonably be expected to occur.

Mere rumours can not be considered as inside information. However, the information must not necessarily refer to events or facts that have already occurred or that will definitely occur. The probability or the possibility that events or facts could occur can be of a sufficiently precise nature.

b) The information has not been made public.

In other words, the information is not of general knowledge to public investors.

c) The information relates directly or indirectly to the Company or the Company's financial instruments.

d) If the information were made public, the information would be likely to have a significant effect on the price of the Company's financial instruments or on the price of related derivative financial instruments. In other words, information that a reasonable investor would be likely to use as part of the basis of his or her investment decisions.

An intermediate step in a protracted process shall be deemed to be inside information if, by itself, it satisfies the criteria of inside information as referred to above.

Whether or not the price is effectively influenced if disclosed later, is not relevant.

Examples of information relating to the Company or its financial instruments are: information relating to the results of the Company, important contracts, mergers, acquisitions or divestments, movements in the capital, dividend or shareholding, issuances of financial instruments, reorganisations, management changes, strategy changes, non-compliance with regulations or contractual obligations, legal disputes with a major impact on the results of the Company, and so on.

Insider dealing

Insider dealing arises where a person possesses Inside information and uses that information by acquiring or disposing of, for its own account or for the account of a third party, directly or indirectly, financial instruments to which that information relates. The use of Inside information by cancelling or amending an order concerning a financial instrument to which the information relates where the order was placed before the person concerned possessed the Inside information, shall also be considered to be Insider dealing.

Recommending that another person engage in Insider dealing, or inducing another person to engage in Insider dealing, arises where the person possesses Inside information and: (a) recommends, on the basis of that information, that another person acquire or dispose of financial instruments to which that information relates, or induces that person to make such an acquisition or disposal, or (b) recommends, on the basis of that information, that another person cancel or amend an order concerning a financial instrument to which that information relates, or induces that person to make such a cancellation or amendment.

The use of such recommendations or inducements amounts to Insider dealing where the person using the recommendation or inducement knows or ought to know that it is based upon Inside information.

Insider

Any person who possesses Inside information as a result of:

- (a) being a member of the administrative, management or supervisory bodies of the Company;
- (b) having a holding in the capital of the Company;
- (c) having access to the information through the exercise of an employment, profession or duties; or
- (d) being involved in criminal activities.

Insider dealing also applies to any person who possesses Inside information under circumstances other than those referred to above where that person knows or ought to know that it is Inside information. Thus, also persons closely related to the persons described under the aforementioned bullets ought to be considered as Insiders, such as:

- a spouse, or a partner considered to be equivalent to a spouse in accordance with national law;
- a dependent child, in accordance with national law;
- a relative who has shared the same household for at least one year on the date of the transaction concerned; or
- a legal person, trust or partnership, the managerial responsibilities of which are discharged by a person discharging managerial responsibilities or by a person referred to in point (a), (b) or (c), which is directly or indirectly controlled by such a person, which is set up for the benefit of such a person, or the economic interests of which are substantially equivalent to those of such a person.

Where the person is a legal person, this Code of conduct shall also apply, in accordance with national law, to the natural persons who participate in the decision to carry out the acquisition, disposal, cancellation or amendment of an order for the account of the legal person concerned.

Prohibited actions

The following actions are forbidden for Insiders, in Belgium and abroad.

a) Trading

Acquiring, disposing of or attempting to acquire or dispose of – directly or indirectly – financial instruments of the Company for one's own account or for the account of a third party, as well as cancelling or amending a trade order. Also trading Inside information is prohibited.

c) Tipping-off

It is to be noted that a causal connection must (be proven to) exist between holding the Inside information and the performance of the actions defined above. The Inside information must actually have been used for trading in the financial instruments of the Company.

VII.2.3. Basic principle

If a person has access or is given access to Inside information within the scope of the normal performance of his or her duties, this person has the important obligation to treat this information confidentially and is not allowed to trade in financial Instruments of the Company to which this Inside information relates, or to communicate this information to others, or to tipp-off others.

VII.2.4. Code of conduct

The following regulations form the code of conduct for the Company Insiders with regard to Insider dealing and in order to prevent market abuse.

VII.2.4.1. Compliance with the Law

In the framework of their professional activities, Company Insiders have access to information he or she knows or should reasonably know to be Inside information.

The Compliance Officer will supervise the compliance of the Company Insiders with this Code. He will further ensure that every new board member, manager and relevant employee of the Company or of its subsidiaries signs or has signed this Code.

VII.2.4.3. Closed and Prohibited periods

It is absolutely forbidden for Insiders to realise transactions relating to the Company’s Financial Instruments during a “closed period” or during any other period (a “prohibited period”) that may be considered sensitive and that is indicated as such by the Board.

During the following closed periods no stock-related transactions may be carried out by the Insider:

- a) the period of 30 calendar days preceding the publication of the annual results; and
- b) the period of 30 calendar days preceding the publication of the semi-annual results.

According to MAR, there should be only one closed period relating to the announcement of every interim financial report and another relating to the year-end report.

The term ‘announcement’ of an interim or a year-end financial report used in Article 19(11) of MAR is the public statement whereby the issuer announces the information included in an interim or a year-end financial report that the issuer is obliged to make public according to the rules of the trading venue where the issuer’s shares are admitted to trading or national law. The date when the ‘announcement’ is made is the end date for the thirty-day closed period.

With particular reference to the year-end financial report, the ‘announcement’ is the public statement whereby the issuer announces, in advance to the publication of the final year-end report, the preliminary financial results agreed by the management body of the issuer and that will be included in that report. This can apply only if the disclosed preliminary financial results contain all the key information relating to the financial figures expected to be included in the year-end report. In the event the information announced in such way changes after its publication, this will not trigger another closed period but should be addressed in accordance with Article 17 of MAR.

VII.2.4.4. Preventive measures

No speculative trading.

- Speculative trading by Insiders in Financial Instruments of the Company could lead to unlawful conduct and/or – if revealed - creates the appearance of such conduct. It is hence prohibited.

Guidelines to maintain the confidential character of Inside information.

In order to maintain as much as possible the confidential character of Inside information, the following non-exhaustive guidelines should be followed by all Insiders:

- Refuse to comment on behalf of the Company on external research by analysts or journalists;
 - Use code names for delicate projects;
 - Use passwords on the computer systems so as to limit access to the documents in which Inside information could be found;
 - Limit access to offices where Inside information could be found or where Inside information is discussed;

 - Do not discuss confidential information in public areas;
 - Mark sensitive documents with the word "Confidential";
-
- Limit as much as possible the copying of sensitive documents and clearly indicate on the copies for who they are intended;
 - If appropriate, require people who consult confidential information to sign a register;
 - Never leave Inside information without supervision;
 - Always point out the confidential character of the information and the fact that the confidentiality has to be respected to employees who come in contact with Inside information;
 - Avoid sending Inside information by email as much as possible or, if not practical, limit the number of addresses, indicate that the email contains confidential information, use encryption, or ways to prevent the printing, forwarding or copying of the email.

In any given circumstances all other suitable measures also have to be taken. In case of doubt the Insider should contact the Compliance Officer.

VII.2.4.5. Notification of market transactions (intention and effective trade)

Notification of the intention to trade

Each Insider wishing to acquire or dispose of Financial Instruments of the Company must notify the Compliance Officer in writing (by letter or email) no later than three business days before the actual transaction. In this notification, the Insider confirms that he or she does not possess any Inside information.

Advice of the Compliance Officer

If there is no indication that the intended transaction violates this Code, the Compliance Officer shall give a positive advice. Should the Compliance Officer have indications that the transaction is not in conformity with this Code or Belgian legislation, he shall consult the Chief Executive Officer, and issue a negative advice, which is to be regarded as an express rejection by the Company of the intended transaction. A copy of the advice shall also be provided to the Chairman of the Board of Directors. The absence of an advice from the Compliance Officer can not be (mis)taken as an approval of the intended transaction. Nor does a positive advice preclude the application of the Belgian legal provisions in this regard, as also referred to in this Code. A positive advice hence does not liberate the person intending a transaction, of his sole responsibility to comply at all times with the law and regulations in this regard.

Notification of the actual transaction

If the transaction takes place, the Insider must inform the Compliance Officer no later than three business days after the transaction took place, with an indication of the number of Financial Instruments traded and the price at which the trade was executed.

Notification of managers' transactions

Persons discharging managerial responsibilities, as well as persons closely associated with them shall notify the Company and the FSMA (Financial Services and Market Association) every transaction conducted on their own account relating to the shares or debt instruments of the Company or to derivatives or other financial instruments linked thereto.

Such notifications shall be made promptly and no later than three (3) business days after the date of the transaction.

This duty to notify arises from Article 19 of the Market Abuse Regulation (EU) No 596/2014 and may result in administrative sanctions in the event of non-compliance. The notification obligation applies as soon as the total amount of the transactions within a calendar year has reached the threshold of EUR 5,000 and applies to each subsequent transaction.

Multiple transactions of the same type and in the same instrument carried out on the same day and on the same trading platform may be presented in aggregate form as well as on an individual basis.

On an annual basis, the FSMA asks all listed entities to provide a list of all persons discharging managerial responsibilities (PDMRs) and persons closely associated with them (PCAs).

Such list enables the Company to notify the PDMRs of their obligations and to enable the latter in turn to notify the PCAs of their obligations (Article 19 (5) of the European Market Abuse Regulation 596/2014 (MAR)).

Persons discharging managerial responsibilities shall notify the persons closely associated with them of their obligations in writing and shall keep a copy of this notification.

A "person discharging managerial responsibilities" is understood to be a person who is:

- (a) a member of the administrative, management or supervisory body of that entity; or
- (b) a senior executive who is not a member of the bodies referred to in point (a), who has regular access to Inside information relating directly or indirectly to that entity and power to take managerial decisions affecting the future developments and business prospects of that entity;

A "person closely related to a person discharging managerial responsibilities" is understood to be a person who is:

- (a) a spouse, or a partner considered to be equivalent to a spouse in accordance with national law of the person discharging managerial responsibilities;
- (b) a dependent child, in accordance with national law of the person discharging managerial responsibilities;
- (c) a relative of the person discharging managerial responsibilities who has shared the same household for at least one year on the date of the transaction concerned; or

- (n) transactions executed by manager of an AIF in which the person discharging managerial responsibilities or a person closely associated with such a person has invested, insofar as required by Article 19 of Regulation (EU) No 596/2014;
- (o) transactions executed by a third party under an individual portfolio or asset management mandate on behalf or for the benefit of a person discharging managerial responsibilities or a person closely associated with such a person;
- (p) borrowing or lending of shares or debt instruments of the issuer or derivatives or other financial instruments linked thereto.

Also the following Transactions are included:

- (a) the pledging or lending of financial instruments by or on behalf of a person discharging managerial responsibilities or a person closely associated with such a person;
- (b) transactions undertaken by persons professionally arranging or executing transactions or by another person on behalf of a person discharging managerial responsibilities or a person closely associated with such a person, including where discretion is exercised;
- (c) transactions made under a life insurance policy, where:

 - (ii) the investment risk is borne by the policyholder, and
 - (iii) the policyholder has the power or discretion to make investment decisions regarding specific instruments in that life insurance policy or to execute transactions regarding specific instruments for that life insurance policy.

For the purposes of point (a), a pledge, or a similar security interest, of financial instruments in connection with the depositing of the financial instruments in a custody account does not need to be notified, unless and until such time that such pledge or other security interest is designated to secure a specific credit facility.

This overview is not exhaustive. In case of doubt as to whether a certain Transaction is permitted at a given time, or whether such Transaction has to be notified, please contact the Compliance Officer.

The notification to the FSMA and the Company must be done online via an electronic platform (<https://portal-fimis.fsma.be/>). A Quick User Guide can be found at:

- (b) the reason for the notification;
- (c) the name of the Company;
- (d) a description and the identifier of the financial instrument;
- (e) the nature of the transaction(s) (e.g. acquisition or disposal), indicating whether it is linked to the exercise of share option programmes or to the specific examples set out in (a) to (c) above under the definition of "Transactions";
- (f) the date and place of the Transaction(s); and
- (g) the price and volume of the Transaction(s). In the case of a pledge whose terms provide for its value to change, this should be disclosed together with its value at the date of the pledge.

The FSMA publishes the information mentioned above on its website.

VII.2.4.6. Insider list

The Compliance Officer

- (a) keeps a list of all persons who have access to Inside information and who are working for them under a contract of employment, or otherwise performing tasks through which they have access to Inside information, such as advisers, accountants or credit rating agencies;

The Insider list has different sections per case of Inside Information and a section for the persons having permanent Inside Information.

- (b) promptly update the Insider list in the following circumstances:
 - (i) where there is a change in the reason for including a person already on the Insider list;
 - (ii) where there is a new person who has access to Inside information and needs, therefore, to be added to the Insider list; and
 - (iii) where a person ceases to have access to Inside information.

Each update shall specify the date and time when the change triggering the update occurred.

- (c) provide the insider list to the competent authority as soon as possible upon its request.

The Compliance Officer shall take all reasonable steps to ensure that any person on the Insider list acknowledges in writing the legal and regulatory duties entailed and is aware of the sanctions applicable to insider dealing and unlawful disclosure of Inside information.

Where another person acting on behalf or on the account of the Company assumes the task of drawing up and updating the Insider list, the issuer remains fully responsible for complying with this Article. The issuer shall always retain a right of access to the Insider list.

The Insider list shall include at least:

- (a) the identity of any person having access to Inside information;
- (b) the reason for including that person in the insider list;
- (c) the date and time at which that person obtained access to Inside information; and
- (d) the date on which the insider list was drawn up.

The Insider List must be retained for a period of at least five years after it is drawn up or last updated.

VII.2.4.7. Publication of trade

Each transaction of the type described above that was communicated to the Compliance Officer shall be disclosed on the Company's website within two months after the 30th of June and the 31st December respectively, whereby:

- the purchase and sale of Company shares will be published as total per category (Non-executive Directors, the Chief Executive Officer, Other persons);
- the awarding of options and or the exercise of warrants or share options will be published individually for Non-executive Directors and in total for Executive Managers.

Transactions that can reasonably be expected to have an influence on the price of the Company's shares must be published immediately pursuant to the rules on occasional information distribution.

The annual report of the Company shall also contain an overview of the transactions in the Company Financial Instruments that were communicated to the Compliance Officer pursuant to this Code or of which the Compliance Officer otherwise became aware.

VII.2.4.8. Permitted transactions

Certain transactions are always allowed, even if performed during closed or prohibited periods. Exercising warrants or share options is allowed, but the shares resulting from the exercise may of course not be sold during the closed or prohibited periods, not even to cover the exercise price and/or taxes. The acquisition of shares within the context of a distribution of dividends is also allowed, as are transactions executed within the context of a discretionary management of capital outsourced to third parties on the basis of a written agreement and for as much as the Insider does not exert any influence on the policy followed by the third party.

VII.2.4.9. Duty to report with regard to major participating interests

The Insiders undertake to comply with article 9 bis of the Articles of Association of the Company regarding the transparency declarations to be made when passing thresholds by acquiring or disposing of Company shares. It is to be noted that the Company has instated a system of 3% thresholds on top of the legally obligatory 5% thresholds.

VII.2.4.10. Duration

Insiders undertake to comply with this Code up to six months after the end of their relationship with the Company.

VII.2.4.11. Changes

The Board reserves the right to change this Code. The Company will inform the Insiders about any changes and will provide copies of the revised regulations, that will take effect upon receipt.

VII.2.4.12. Privacy regulations

The information provided by the Insider pursuant to this Code will be processed by the Compliance Officer pursuant the General Data Protection regulation (GDPR), applicable since 25 May 2018, with a view to the prevention of abuse of Personal Data. On the basis of the GDPR, every Insider has access to his or her personal data and has the right to correct possible errors.

VII.2.4.13. Sanctions

Violations of the principles set out above may lead to both administrative and criminal sanctions.

Criminal sanctions

The competent courts can impose imprisonment and/or criminal fines for market abuse and for attempted market abuse. Abuse of Inside Information is punishable by a prison sentence of three (3) months to four (4) years and a fine of EUR 400 to EUR 80,000. Market manipulation is punishable by a term of imprisonment of one month up to four years and a fine of EUR 2,400 to EUR 80,000. The unlawful disclosure of Inside information is punishable by a term of imprisonment of three months to two years and a fine of EUR 400 to EUR 80,000. In addition, the offender can be sentenced to payment of a sum corresponding to a maximum of three times the amount of the financial benefit that he/she obtained directly or indirectly from the violation.

Administrative sanctions

The FSMA may impose an administrative fine of up to EUR 5,000,000 for natural persons and up to EUR 15,000,000 for legal persons, or 15% of the total annual turnover for legal persons, whichever is higher. If the infringement has enabled the offender to make a profit or has allowed him to avoid a loss, the administrative fine can be increased to three times the amount of that profit or loss.

Moreover, the FSMA may cumulatively impose an administrative fine on the legal person and on the natural person who committed the violation on behalf of the legal person, or who participated in the decision-making process. This applies to Insider dealing, market manipulation and unlawful disclosure of Inside information.

VII.3. CODE OF CONDUCT FOR ACQUISITION AND DISPOSING OF OF TREASURY SHARES

VII.3.1. Responsibilities

The prime responsibility for acquiring or alienating shares of the Company lies with the Board, who makes sure that there is a valid statutory authorisation for these transactions (cf. II.1.6. in this document). The Board can delegate its responsibility to the Managing Director, who can in turn assign a team to execute the decision. No Company affiliate is authorised to take any initiative in this area.

VII.3.2. Principles

All acquisitions and disposing of regarding treasury shares should be executed in full compliance with all relevant laws and regulations (i.e. statutory authorisation, transparency legislation, prevention against Insider trading,...).

VII.3.3. Procedure

Transactions pertaining to treasury shares should be executed according to the following procedure:

- Assure the availability of a formal proposal from the Board to acquire or alienate treasury shares (i.e. included in the official minutes of the Board meeting);
- Assure that the above-mentioned proposal is formally submitted to a General Shareholders Meeting;
- Assure that a formal approval is obtained from a General Shareholders Meeting;
- In order to avoid any legal dispute, any transaction or transaction programme should always be executed by a broker who is given a discretionary mandate in the form of a written contract;
- Throughout the entire purchase programme, there should be no interference with the assigned broker from neither management nor board.
