CUSTOM WATERPARK FUN

MANY OF THE PROLINE PRODUCTS ARE BUILT TO CONNECT TOGETHER TO CREATE YOUR CUSTOM WATERPARK SYSTEM.

Most of the Proline products are designed to interconnect to create custom waterpark fun. All Proline products are constructed from commercial grade, reinforced PVC with anti-mold/mildew and UV protective treatments to ensure that your RAVE products last season after season. With an industry-leading limited lifetime warranty to consumers and limited one year in commercial applications against manufacturing defects, you can provide the best to water sports enthusiasts who are dreaming of fun on the water.

WE MAKE WATER FUN!

We have a passion for water and the outdoors and we want to share that passion with you! We have some amazing new products in all of our product lines including: Proline, Towables, Wakeboards, Pool/Lake Floats, Stand Up Paddle Boards, Accessories as well as our Seasonal and Winter lines.

We have been producing high quality, high performance products for over 20 years with a stellar reputation for innovation, commitment and quality. That means performance and peace of mind for you and your customers. A world class product engineering staff, with over 30 years' research and development experience, producing peak performing products to maximize the fun factor in a safe environment. Our products are tested to meet and exceed all applicable worldwide standards for product safety. With investment in technology, design and innovation, we take pride in our workmanship and materials to ensure the highest possible standards in the industry. We continuously strive to provide the "best in class" level of service and support for residential customers and the commercial industry.

RAVE Sports is the premier water sports manufacturer and one of the most recognized brands in the world. We make water fun for today's generation of boaters, paddlers & outdoors enthusiasts! So, jump on board to create smiles and wonderful memories to last a lifetime!

Stay connected with our RAVE Sports community #ravesports! Share your family fun stories and pictures at:     

RAVE® is the originator of the water trampoline. Simply put, if you don't have a RAVE, you don't have the best.

AJ200

AQUA JUMP® ECLIPSE™

**EACH ECLIPSE INCLUDES
A HIGH SPEED INFLATOR/
DEFLATOR, BOARDING
LADDER AND ANCHOR
CONNECTOR KIT!**

The patented Aqua Jump Eclipse is the only water trampoline on the market that does not require a heavy steel bar frame around the perimeter of the tube while maintaining both performance and quality.

Upgrade your waterfront property today with the one and only, patented, Aqua Jump Eclipse. You won't find any other water trampoline in the market that will last as long, provide as much fun and surpass your expectations in performance and safety.

AJ200 NORTHWOOD'S

RAVE created the Aqua Jump Eclipse water trampoline in response to consumer input. Our customers asked us for a lighter weight product that was easier to set-up, take down, and store in the off season. As a result, we developed the first and only barless water trampoline... the Eclipse™!

Compared to competitors' water trampolines, the Eclipse offers more square footage of jump surface because the frame is removed while also creating a safer environment.

We offer two color options of our Eclipse water trampolines; our traditional yellow and blue as well as a Northwood's green and tan option that blends more naturally with the local habitat. The only difference with the Northwood's option is the color.

CLASSIC AQUA JUMP[®]

Why Classic? RAVE has brought back the Classic Aqua Jump water trampoline specifically to serve the commercial camp and resort market. RAVE Classic Aqua Jump has a steel bar frame around the perimeter of the tube that secures the springs and jump mat. Includes two ladders. Our largest Classic Aqua Jump, the 25' has a monster 25-foot diameter designed for plenty of room for five adults or ten children.

BONGO 13

BONGO™ BOUNCERS

The Bongo is a lightweight and portable water bounce platform that is quick and easy to set-up and the commercial grade reinforced construction provides years of fun!

The Bongo is not to be confused with its water trampoline cousin, the Aqua Jump Eclipse™. RAVE® Bongos do not have springs, the bounce surface connects directly to the inflatable tube. The Bongo is the perfect choice for families who are looking for minimal set-up taking only 20-25 minutes, portability and a great all around recreational swim platform.

All Bongos come with one boarding ladder.

SPLASH ZONE™ PLUS WATER BOUNCERS

BEST SELLER!

SPLASH ZONE PLUS 16

WHAT'S THE DIFFERENCE BETWEEN A BONGO™ BOUNCER AND THE SPLASH ZONE™ PLUS BOUNCERS?

The main difference between the Bongo™ and the Splash Zone™ Plus bouncers is the overall construction.

SPLASH ZONE™ PLUS:

1. Bounce surface is stitched directly to the tube and not replaceable.
2. The Splash Zone Plus 12' is Constructed of 22 oz. 500D reinforced PVC, the 16' bouncer is 25 oz., 1000D reinforced PVC.
3. Includes a limited 3 year warranty.

BONGO™ BOUNCER:

1. Bounce surface is laced around the perimeter of the tube and can be replaced.
2. The Bongo™ 10' and 13' are Constructed of 22 oz. 1000D reinforced PVC, the 15 and 20' Bongo's are 28 oz., 1000D reinforced PVC.
3. Includes a limited lifetime warranty.

SPLASH ZONE PLUS 12

12' SPLASH ZONE PLUS

16' SPLASH ZONE PLUS

RAVE's Splash Zone Plus all-in-one water bouncer park is a perfect starter model! Each Splash Zone Plus park features a 12' or 16' diameter bouncer with a slide, log and low profile boarding platform. These parks are a great choice for a family on a budget that want to experience the RAVE value and provide resort style family fun at the lake. This commercial grade reinforced water park is the best value on the market!

WATER WHOOSH™ 20'

WHOOSH™ 15'

WHOOSH™ 10'

The Water Whoosh family is one of RAVE's best selling products. Constructed of extremely durable, yet flexible drop-stitch material, the Water Whooshes can be a slip and slide on the water, a water ski or wakeboard starting platform, a hang out on hot days (perfect for dogs too!), or anything you can imagine. The Water Whoosh 20' and Whoosh 15' can also be used as an attachment to most RAVE products making the Whoosh family extra versatile. You can also connect multiple Water Whoosh 20' and Whoosh 15' units to create a limitless track on the water*! The Whoosh includes a hand pump and is quick and easy to inflate, and folds up compact for easy portability and storage. The portable size even rolls up small enough to fit into a small storage space. With a Whoosh onboard, there's no need to lug around those heavy foam mats on the boat anymore! We love the Water Whoosh and know you will too!

NEW!

SPIN WHEEL™

Round and round we go, where it stops nobody knows! The new Spin Wheel is a hoot for all featuring a heavy duty non-slip drop-stitch constructed running track centering on a Bongo™ 13 water bouncer, perfect for your lifeguard to supervise all the kids. Kids (and adults) run around the low profile track and that's where the spinning action takes place. Make it a game of rapidly changing directions and you'll be testing your balance to see who can stay on! Easy and fun for all age groups, the Spin Wheel provides endless entertainment.

WATER WHOOSH

SPLASH TRAX™

RAVE®'s Splash Trax modular system allows users to easily build a floating activity course with different challenges and configurations. The ability to create a versatile park like atmosphere for multiple activities was an important aspect of the design. The unique and flexible interlocking design is unlike any other low profile activity center on the market. Modules are quick and easy to connect together to fit in 3-5 feet of water depth depending on the module, and provide a smooth, stable connection to transition from one module to the next. Unlike similar products on the market, the Splash Trax allows you to connect to several RAVE Proline products including the Aqua Jump®, Bongo™ bounce platforms, Activity Island™, the Water Whoosh™ 20', Whoosh 15'. Each Splash Trax unit is constructed of durable marine-grade reinforced, anti-mold/mildew PVC. Several units feature a pressure relief valve to control the pressure inside the inflatable and prevent damage on hot days in the sun.

STARTING RAMP

TURBO CHUTE EXTREME

LAKE LANDING

TURBO CHUTE LAKE PACKAGE

RAVE's® Turbo Chute™ Hill & Lake Water Slide is not your typical backyard "slip n' slide". These slides are heavy-duty, commercial grade products made for years of fun. The Turbo Chute™ can be used as a traditional backyard "slip n' slide", or skim across the lake on a mat. The 20' modular sections make it easy for you to make the slide as long as you need it, and are compact and lightweight for easy set-up, take down and storage! You can also add multiple lanes for racing events!

PUMP INCLUDED!

The RAVE Sports® inflatable Dock Slide keeps the kids and adults entertained for hours. No need to mess around with a heavy fiberglass slide, just inflate, attach to your dock and go! The Dock Slide works with a variety of docks and provides a safe and fun slide for the family! The Dock Slide inflates in just 5 minutes, features a 9' long slick sliding surface, 2 slider centering air chambers and inset vinyl molded foot steps. Includes a 12 VOC inflator/deflator, 2 attachment straps, repair kit and a limited 1 year warranty on slide.

The inflatable Dock Slide requires a secure dock with a height of 12-30 inches from the top of the dock deck to the top of the water below. Water depth should be a minimum of 48" for docks that are 12-24" above the water surface and 60" deep for docks that are 24-30" above the surface.

PONTOON SLIDE™

PONTOON SLIDE

Pontoon rides just got more fun with the RAVE Sports® Pontoon Slide! Entertain all ages with this rugged, commercial grade slide that inflates in just 5 minutes and provides hours of fun. RAVE's® Pontoon Slide was the first on the market and features a 9' long, slick sliding surface, 2-slider centering air chambers, four-inset vinyl molded footsteps, and two vinyl assist handles welded on the top. Once you've finished the fun, simply deflate and the slide rolls up to the size of a sleeping bag for easy storage under a seat or in a cooler! Comes complete with a 12V high-pressure inflator/deflator that can run off of the pontoon battery.

PERFECT FOR PARASAIL OPERATIONS!

**WE MAKE
WATER FUN!**

WATER RECREATION

All RAVE® towables and water recreation products are created from the best quality materials to ensure that your summer fun continues year after year. We also include a limited 1 year warranty on towables, kayaks and bouncers - the best in the industry!

We are not only about fun and adventure on the water, we also care about recreating in a safe environment. We are a long-standing member and partner with the WSIA (Water Sports Industry Association). We work closely with the WSIA in developing safety standards for the design and manufacturing of towables as well as developing tubing safety videos, signage and other communication vehicles for consumers to ensure safety is number one.

So, jump on board and have fun on the water!
