

VILLA LIMANI

Exclusive villa rental in Crete / Greece ; edition 2020

Chania & Rethymno

Only 45 min from Chania airport, in the middle of the Apokoronas region (green area) is situated a little village VAMOS and within Villa Limani. Chania and Rethymno are within 45m driving distance and offer great bars and dining experience next to shopping and culture.

VAMOS original village

VAMOS, promoted to remain an original greek village has little tourist influence in its daily life. A little tourist office offers guided excursions & cooking lessons.

Here the greek culture is maintained and guests will be able to experience the "Phyloxenia" (love for foreigners).

Sea & mountain views.

Great views give people a happy feeling. Overlooking the sea & Souda bay on one side and the White Mountains on the left side creates an over-whelming relaxed feeling when lounging at the pool.

Privacy, luxury and exclusivity

The villa offers maximum privacy, unobstructed views, no neighbors in the proximity. The sheep from the local shepherd just walk around the fenced plot.

A 12m long salt water pool allows to cool down or just swim while your skin is not affected by chemicals.

Cretan Food

"Parasia"@Vamos, one of our favorite restaurants, offers great food & local dishes like "Kolokidifeftedes" and "Lamb antichiristo" at very reasonable prices, desserts and Tsigoudia included + 2/week live music.

Sandy beaches

Nearby beaches (6 km) of Almirida and Kalyves offer sandy beaches with lots of bars and restaurants

Local JAZZ festival & celebrations

Spread over 3 weeks in July, VAMOS becomes the center of JAZZ. Multiple Jazz groups perform in different settings in and around the village. Visitors can also taste local specialities.

Home cooking

Cook yourself a Greek meal with local products, use our outdoor BBQ (gas) kitchen and enjoy the amazing sunsets at the pool.

Modern design & lounge concept

Multiple lounge corners and outdoor sitting areas, pergolas and high quality sun-beds allowing private sunbathing.

Everything is present to really relax and enjoy the company of family and friends within a Greek experience.

Walk through our garden with local fauna and herbs, olive and pine trees, and an area with original wild fauna.
