

Dear CED-IADR Member and friends,

Please be reminded of the important dates of the IADR-at-large meeting in London, UK (July 25-28, 2018):

- Notification letters will be sent to presenters: Early April, 2018
- Presenter pre-registration deadline: May 1, 2018
- Non-presenter pre-registration deadline: June 1, 2018

**Bear in mind that you receive significant discount if you register as a (CED-)IADR Member. We recommend you to renew your 2018 membership as a 'Continental European Division member' [here](#) and experience the benefits of belonging to the premier organization representing European Oral Health Research:**

- Platform to present your own research in an oral or poster presentation format
- Networking with your peers
- CED-IADR junior & senior Robert Frank awards
- CED-IADR Visiting Scholar Grants to conduct research abroad in an European research centre of excellence
- Yearly Meeting Travel Awards
- IADR Unilever Hatton Divisional Award to attend the IADR-at-large meeting
- Free Access to JDR (Journal of Dental Research)
- Online publication of abstracts
- New 'Clinical case report' posters for clinicians
- Low meeting registration fee for students
- Reduced meeting registration fee
- State of the art symposia on diverse oral health related subjects
- Free CED-IADR Summer School (1 week)

Moreover, we are pleased that we have received many applications for the free 'CED-IADR Summer School' on the topic ["IN VITRO ORAL BIOFILMS MODELS: FROM DEVELOPMENT TO ASSESSMENT" in JULY 9-13, 2018 | MADRID, SPAIN](#). This 'CED-IADR Summer School' program aims to give young investigators the opportunity to learn new research techniques and to establish professional relations with other European researchers. The deadline for application is March 30, 2018, but considering the great success of this CED-IADR Summer School program, the CED-IADR Board can already announce plans for a third Summer School in 2019.

Please be informed that you can still apply for the 2018 CED-IADR Visiting Scholar Grant. The grant supports young investigators from Europe to be trained in research and to carry out a specific research project in a collaborating research laboratory located within the CED-IADR area. The deadline is July 1, 2018. More information can be found [here](#).

Finally already save the date for the next CED-IADR/NOF congress that will be held in 2019 in Madrid, Spain (September 19-21, 2019).

In promotion of this 2019 Madrid congress, we are pleased to announce that we have recently signed a 'Memorandum of understanding' (MOU) with the 'Spanish Society of Periodontology (SEPA)' and 'SEPA Foundation of Periodontology & Dental Implants' regarding some joint activities on the promotion of high quality research around two relevant events, the Annual Meeting of SEPA in Madrid (May 29 – June 1, 2019) and the 2019 CED-IADR/NOF Oral Health Research Congress in Madrid (September 19-21, 2019), among which:

- SEPA will organise a 'CED-IADR/SEPA' symposium on periodontal research during their annual congress.
- SEPA will organise a specific 'CED-IADR' scientific session during its SEPA congress, involving research presentations in a competition format. The three best presentations will be awarded with a 'CED-IADR@SEPA' prize, which will give the three award winners free registration to the 2019 CED-IADR/NOF Oral Health Research Congress.
- CED-IADR will organize a session during the 2019 CED-IADR/NOF Oral Health Research Congress, dealing with periodontology and/or dental implants and including the presentation of the three 'CED-IADR@SEPA' prize awarded communications.

Kind regards,

CED-IADR secretariat

Leuven, Belgium
