

Registering a sibling

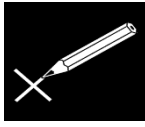

For the next school year (2024-2025)

Does your child have a **brother or sister** you would like to enroll in our school? It can either be a brother or sister born in **2019** or an older sibling you would like to enroll.

In that case you have **priority** to register. All children register at the same time as **from February 27th 2024 (9.00 a.m) until March 19th 2024 (5.00 p.m.)**. Priority children will be assigned a place first. Make sure to take advantage of this priority.

Go to the website <https://www.naarschoolinregioleuven.be/basis/aanmelden/> or ask the school for help in order to register. You will have to register first. On April 19th, 2024 you will receive a message with the result. We will then contact you ourselves.

Would you like to enroll a sibling here? Please fill out the slip below. This way we know how many brothers and sisters to expect and who needs help with the registration.

Kind regards,

I, (name and surname),

parent of (name of the child you want to register)

born on .. / .. / and brother or sister of

of (class) will register during the register period.

I require assistance with the registration: Yes No
