

# TRAINERS

ADRIANO TEIXEIRA

Dr Adriano graduated Dentistry from the UNESP, State University (Brazil). He also obtained the titles of Specialist and Master in Restorative Dentistry from the University of Sao Paulo (USP).

With more than 18 years of clinical experience in his practice, he has already given many hands-on courses which enhanced his skills not only as a trainer, but also in developing intuitive educational material to

improve the learning process. Adriano has given presentations in national and international congresses and is now part of the GC Europe team as a technical & Training Manager, contributing to Campus training courses with all his expertise and teaching abilities in bringing the newest trends in Dentistry to all attendees from the GC Europe Campus.

SIMONE MORETTO

Dr. Simone graduated in Dentistry from State University of Campinas in Brazil. Afterwards, she obtained the titles of Specialist, Master and PhD in Restorative Dentistry at the Sao Paulo University, Brazil, building part of her education at BIOMAT Research Cluster – Catholic University of Leuven (KUL), Belgium.

As a researcher she developed a sound scientific background with papers published on peer reviewed journals and presentation in several International Congresses.

With an extensive clinical experience and a solid academic formation, she built up a long-term expertise which supported her in teaching as an Associate Professor at Ibirapuera University in Brazil and afterwards when lecturing in courses of Continuing Education in modern Dentistry all around the World.

Since 2014 she has joined GC Europe as a Training Manager completing the existing team of experts in developing training courses with a well-balanced clinical and scientific point of view.
