WHAT IS BLUEBEAM MAX?

Three powerful pillars for your construction workflow

Bluebeam Max is the premium subscription plan on top of Bluebeam Revu, purpose-built for AEC professionals who want to work faster and smarter. Max adds AI capabilities, advanced automation and seamless BIM connectivity to the Revu environment you already know and trust.

<p>Revu connected to AI (MCP)</p> <p>Connect Revu to Claude AI via MCP and use natural language to automate your tasks and turn markup data into actionable insights. Claude account required; paid plan recommended.</p>	<p>Assemble & Magic Markups</p> <p>Automatically merge multiple drawing sheets into a single navigable view. Magic Markups (Duplicate As, Convert To, Offset) speed up takeoffs and reduce repetitive clicks.</p>	<p>2D ↔ 3D BIM (Revit®)</p> <p>View Bluebeam markups directly in Revit®, automatically linked to the correct location in the 2D drawing and 3D model view. Smoother collaboration, fewer tool switches.</p>
<p>Smart Overlay ★</p> <p>Use AI to quickly identify changes and discrepancies across all drawings and disciplines. Resolve issues before construction begins.</p>	<p>Smart Review ★</p> <p>Leverage AI to surface actionable insights on design inconsistencies, project gaps and missing information. Anticipate issues and avoid costly surprises.</p>	<p>Real-time Studio Collaboration</p> <p>Launch Studio Sessions and projects from desktop, web or mobile. Includes connected sessions with Revit® for seamless BIM integration across all devices.</p>
