JEWELS & ACCESSORIES

NATURE - NOBLE MATERIALS

Ce nouveau catalogue est
une nouvelle histoire,
un nouveau récit,
un nouveau livre.

Malgré l'augmentation conséquente
du coût des métaux précieux,
je reste fidèle à la philosophie
de la marque byNebuline:
offrir des gammes de qualité
à un prix raisonnable.

Aller au-delà, être différent,
demande du temps et du travail,
mais c'est tellement enrichissant :)

Ce nouveau catalogue
et les produits qui y sont présentés
sont un bout de ma vie
mais pas que de la mienne.

Je remercie mon mari
qui m'épaulé et m'encourage.
Il est la lumière quand je ne vois plus
qu'une petite flamme dans l'obscurité.

Je remercie mon ange autrichien
qui utilise tous ses talents
(et ils sont nombreux)
pour que cette aventure
devienne de plus en plus belle.

Je remercie tous les artisans
qui me suivent toujours
malgré mes envies de créer
ce qui n'existe pas,
ce qui ne se fait pas encore.
En dépit des essais et erreurs
ils sont toujours prêts à me suivre.

Je remercie mon papa
qui m'aide dans la production
avec patience et persévérance.

Je n'oublie pas :

Les collaborateurs qui croient en moi.
Mes famille et belle famille
qui prennent soin de mes garçons
à chaque voyage de production
ou de représentation.
Les belles personnes qui sont là
occasionnellement et encore présentes.

Et enfin vous qui appréciez byNebuline
et qui lui avez donné sa chance.

Merci, Sophie

PRECIOUS METALS COATINGS

& NOBLE MATERIALS

Rhodium plated 925 sterling silver
18K gold plated 925 sterling silver
925 sterling silver
925 sterling silver plated nickel-free brass.

Rhodium is highly reflective and does not tarnish or corrode. It is harder than gold and is highly durable. In some collection we use this precious metal to protect the jewelry from oxidation. In recent years, the price of rhodium is gradually approaching the price of gold.

Semi-precious stones
High quality glass
Cotton, felt, leatherette, cork and YKK® zipper.

EXCELLENT FINISHES

Each bag or coin purse is padded and lined.
Majority of textile applications is sewn.
Clips decoration is connected by points of stitching.

We carry out certain collections ourselves, the final assembly of each product and its packaging is also done by us.

KNOW-HOW OF ARTISANS & DESIGNER

Each piece is created by Sophie, tacking into account the expertise of each craftsman based in France, Italy, Spain or in Belgium. The aim is offering originality at an affordable price. Handmade quality, accessible thanks to a small structure of designer-craftswomen and man.

Production is fair and respectful towards the consumer.

HOW TO TAKE CARE OF YOUR JEWELRY

The majority of our jewelry is gold plated or rhodium plated. However in order to offer you a least expensive but qualitative range, we have also opted for 925 sterling silver plated nickel-free brass.

Silver without coating can, due to its properties, get oxidized. To slow down this natural process, keep your jewelry away from direct light and in a dry place.

You can restore its original color by rubbing it with a soft cloth and, if necessary, using a cleaning product for silver-work.

HANDMADE & FAIR ACCESSORIES CREATED IN BELGIUM

Each item has been skillfully handmade by talented artisans.
byNebuline jewels are up to our high international standards,
100% safe, made with care and love.
