*Natural toys
for smart play*

Our Beliefs

Our business is small but beautiful

Wooden toy industry is considered small comparing to other industries in the world but we are proud to create beautiful wooden toys which is an essential part of growth and early year development for children in our world.

Good design brings new customers, Good quality keeps customers

We work hard to create good toy and work harder to maintain and update our quality along with safety for each toy we make. Our products comply with international standard such as ASTM and EN-71.

To be a good organization : Smart & Civilized Society

We believe and practice numerous activities long before the word CSR become popular among businesses.

Our CSR activities

Drug Free Factory

LIBRARY

Library for staff recreation

BLOOD DONATION

Helping our staffs solving overwhelming debt problem

Wonderworld complies with ICTI social audits

MORE TOYS WE MAKE MORE TREES WE PLANT

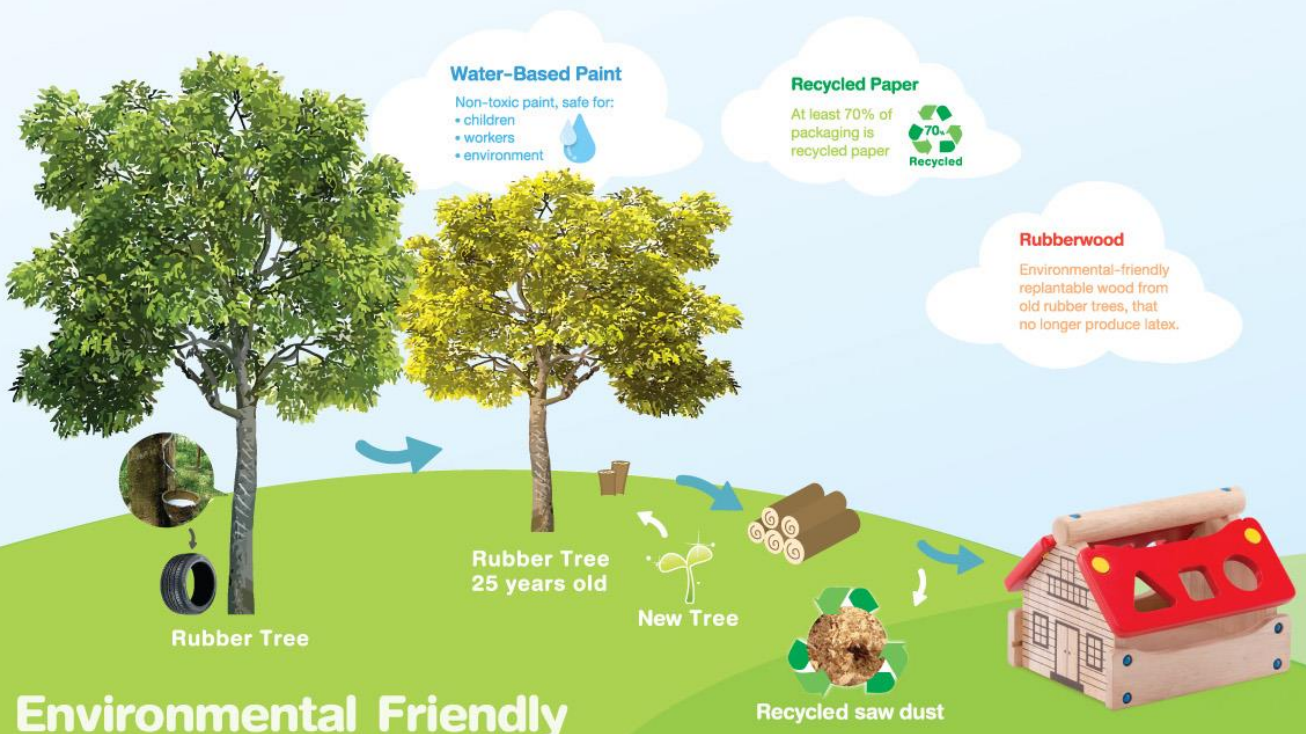

Since 2008, we've planted over 179,850 trees back to the forest.

Tree plus project is in cooperation with

- Rabbit in the Moon foundation (NGO)
- Thai Forestry Department,
- The Royal Thai Government
- Local community where we do plantation.

Tree plus project is a permanent tree planting program that Wonderworld has helped save our environment since 2008. Each year Wonderworld plants 1 additional tree for each tree used in Wonderworld toys in additional to 1 rubber tree already replanted by the farmer.

Environmental Friendly

Guide to Child Development

I can ...	Definition	6 M	12 M
	I can see & hear	visual perception auditory discrimination rhythm	 Twist 'n' Roll
	I can reach & grasp	eye-hand coordination goal directed movement	Peek-a-boo Ball 
	I can sit & crawl	posture control perceptual skill goal directed gross motor coordination	Ride & Pull Tiger 
	I can seek	out of sight is not out of mind recent memory cause & effect	
	I can stand & walk	bodily sensation & movement explore & discover environment around	Hopping Bunny Walker 
	I can use fingers	fine motor coordination precise movement for delicate task	Beads Frame 
	I can stack & sort	eye-hand coordination learning volume sequencing & weight	New Stacking Rings 
	I can match & group	trial & error logical thinking visual-spatial skill	Natural Shape Sorter 
	I can build	visual-spatial skill sense of achievement creative thinking	
	I can be a musician	rhythm visual-spatial effect happiness & calm	
	I love pretend play	experience making things happen story-telling emotion & thought awareness	
	I can ride	gross & fine motor coordination explore ability & limit of own body	Rocking Raffy 
	I love edutainment	challenging problem solving decision making and team work
