HELP US FEED THE PEOPLE!

On April 8, 2020, we rolled out our #FeedThePeople program. As our neighbors lost jobs and school lunch support, we saw major need in our community as COVID-19 ramped up in St. Louis.

A few generous customers reached out and if we could feed customers in need if they purchased the meals. As soon as we put out the call to our community, the amount of need in the community became apparent, and so did the generosity of our customers.

Since April 2020, we have provided more than 4,500 no-cost meals to families in need, non-profits, and first responders.

Our goal is to say YES when we're asked to give, but we can only say yes when there are donations in the Feed The People fund.

Ask your server to add a donation to Feed The People in any amount to support our program - or scan the QR code below to set up monthly support.

"Last spring, my family was in major transition due to COVID. We'd lost our jobs and I was dealing with cancer. I reached out to Steve's when they offered up free meals. They said yes with no questions asked. We picked up a family pack and our family ate for two days. A heartfelt homecooked meal meant so much in that moment."
- Liza, St. Louis
