Advisory Action read by Francine during workshop:

1989 It was recommended that: The 1979 Conference Action be reaffirmed: “Conference Committee selection continue to be by lot with the widest possible geographical distribution.” It was the sense of the meeting that any other method could erode the confidence of the Conference in the committee system. (Policy/Admissions) The 1987 Conference Action from the Policy/Admissions Committee be modified to read: “Each Conference Committee carefully consider their agenda items and strive to make their recommendations for Advisory Actions to the Conference at the policy level. To be more financially responsible, when a Conference committee recommendation involves a substantial expenditure of money, an estimate of cost and its impact on the budget be part of that recommendation. (Policy/Admissions)

Here are the questions:

1. Do you think that A.A. Founders would object to or embrace revisions to their writings? If yes, why? If not, why?
2. Do you think the Founders' writings are effective in reaching new members? If not, what measures do you think can be taken to resolve this issue?
5. What reasons would you consider for changing our Founders' writings?
6. How do you feel about changing A.A. Founders' writings to replace outdated references?
7. What suggestions do you have for preserving the Founders' writings, along with keeping pace with our current A.A. Society and its future?
8. Should there be a special Conference process for approval of changes to our Founders' writings? (e.g., super, or qualified majority – 75%, and/or 2-year consideration process.)
9. What additional ideas, thoughts or suggestions can you share about changing or not changing the Founders' writings?
