Here are the questions:

1. Do you think that A.A. Founders would object to or embrace revisions to their writings? If yes, why? If not, why?
2. Do you think the Founders' writings are effective in reaching new members? If not, what measures do you think can be taken to resolve this issue?
5. What reasons would you consider for changing our Founders' writings?
6. How do you feel about changing A.A. Founders' writings to replace outdated references?
7. What suggestions do you have for preserving the Founders' writings, along with keeping pace with our current A.A. Society and its future?
8. Should there be a special Conference process for approval of changes to our Founders' writings? (e.g., super, or qualified majority – 75%, and/or 2-year consideration process.)
9. What additional ideas, thoughts or suggestions can you share about changing or not changing the Founders' writings?
