# Heat Your Home with C

## Put Your Trust in Bryant®

For more than ninety years, Bryant has been your trusted friend in the heating business. Winter after winter, we've been keeping people just like you comfortable with heating systems designed to meet every conceivable need. That legacy of comfort continues with Bryant's versatile family of oil-fired boilers.

With a Bryant boiler, you can heat your home with confidence knowing that this product is built to last. Because it's a boiler, it delivers consistent, draft-free heating. Because it's from Bryant, it offers reliable, energy-saving performance installed by a qualified professional dealer.

## Bryant Oil Boilers Heat Reliably and Efficiently

Because boiler systems do not move air, you can relax without the drafts and noise associated with some forced-air systems. And, because it heats with water, a boiler heats your home without drying the air or slowly damaging furniture and woodwork.

The Preferred™ Series Models BW4 and BW5 are high efficiency oil boilers that are perfect for new home construction and replacement installations. Models BW4 and BW5 provide economical comfort you can count on regardless if you are using

traditional radiator systems, baseboards, or radiant systems.

With efficiency up to 85.5%, models BW4 and BW5 are ENERGY STAR® rated, so you can get reliable and comfortable heating at a lower operating cost.

The BW5 Boiler features an optional tank-less coil to provide domestic hot water needs.

For reliable, efficient heating you can trust, choose the BW4 or BW5 oil boiler from Bryant.

# confidence.

## Warranty

To the original owner, the Bryant models BW4 and BW5 boilers are covered by a 5-year parts limited warranty and a 20-year parts limited warranty on the heat exchanger section. Ask your Bryant dealer about optional extended warranties, which may include labor. See warranty certificate at [bryant.com](http://bryant.com) for complete details.

## Performance

As an ENERGY STAR® Partner, Bryant Heating & Cooling Systems has determined that this product has combinations that meet the ENERGY STAR® guidelines for energy efficiency.

## Quality You Can Trust

Bryant® has maintained the trust of people just like you by continuously improving its products. As the technology and the products change, one thing remains consistent: quality! From the first concept to final assembly, Bryant leads the industry in quality control through a strict program of reliability testing. History proves, when you choose Bryant, you're choosing solid, dependable products built with you in mind.

**CONTOURED INTERNAL VANES**  
Guide the flow of water – speed the exchange of heat for more efficient operation and lower fuel costs.

**THERMAL PINS**  
Cast external projections transfer heat more quickly for faster thermostat response – saving fuel and money.

*Bryant thermostats are designed to work with your new boiler for enhanced system performance. Ask your Bryant dealer about a thermostat that makes the most sense for your comfort needs.*

## Home Comfort Components

Model BW4

- 1 SOLENOID OIL VALVE**  
Provides cleaner burning and quieter operation.
- 2 CAST IRON SECTIONS AND SEALS**  
Solid construction for efficient heat transfer.
- 3 DRAIN**  
Factory installed should the boiler ever need to be drained.
- 4 BAROMETRIC DRAFT CONTROL**  
Factory supplied for optimum draft and combustion efficiency.
- 5 SWING BURNER DOORS**  
Easy access for installation, service, and maintaining the burner.
