## A Legacy of Lasting Reliability

Since 1904, Bryant® has developed a reputation of doing whatever it takes to offer trusted, reliable home comfort systems. Through the commitment and dedication of our product development and manufacturing teams, we have consistently met every new challenge head-on, delivering the products to meet or exceed expectations. Today, as consumers crave a balance between cost and quality, Bryant proudly offers energy-efficient and reliable oil furnaces that make the grade: the Models OBM, Multi-Poise and OBL, Low-Boy.

These oil furnaces offer warm, winter heating you can depend on. They offer the responsive and efficient performance you expect from Bryant. And, they are designed to be a perfect fit for any home, no matter how unique.

Developed, built and backed by the most trusted name in the business, and installed by your trusted and professional Bryant dealer, these models can supply the soothing winter comfort your family deserves.

## Effective Heating That Really Responds

These exceptionally durable oil furnaces help create a warm refuge from winter's biting chill. One of the keys to their performance is Bryant's exclusive stainless steel combustion chamber. Because this component also acts as a heat exchanger, it helps the furnace convert oil to heat quickly and efficiently. As a result, warm air is delivered to your living spaces faster and more economically.

### Economical indoor comfort

Regardless of which model best fits your needs, you can count on economical comfort. These models range from 86.0% to 86.6% AFUE heating efficiency. That's the combined result of our stainless steel combustion chamber, energy-efficient burner and our durable stainless steel secondary heat exchanger.

## Proven Performance Backed by the Best

With these oil furnaces, you can count on the peace of mind that comes with choosing a system designed, built and backed by a company committed to customer satisfaction. From initial design through product testing and

an assembly process that includes thorough reliability testing procedures, we go beyond the industry's expectations for quality to be sure that every unit we make measures up to even tougher standards – yours.

# Heating Comfort

## Peace of Mind

Having a great warranty helps you enjoy your comfort with confidence. Bryant® builds trusted reliability into every product, then provides additional peace of mind with excellent warranty protection.

To the original owner, the Bryant Models OBM and OBL oil furnaces are covered by a 10-year parts and lifetime heat exchanger limited warranty upon timely registration of your new equipment.\* Ask your Bryant dealer about optional warranties, which include labor.

\* Warranty period is 5 years on parts and 20 years on heat exchanger if not registered within 90 days. Jurisdictions where warranty benefits cannot be conditioned on registration will automatically receive a 10-year parts limited warranty and a lifetime parts limited warranty on the heat exchanger. See warranty certificate at [bryant.com](http://bryant.com) for complete details.

## Home Comfort Components

Model OBM  
Multi-Poise  
(Shown with optional Beckett Burner)

- 1 LASTING DURABILITY**  
Our stainless steel secondary heat exchanger features tightly welded seams for added durability, backed by a lifetime limited warranty.
- 2 EFFICIENCY AND COMFORT**  
Stainless steel combustion chamber is also the primary heat exchanger. This exclusive Bryant® combination quickly and efficiently transfers heat for added comfort and money savings, all backed by a lifetime limited warranty upon timely registration.
- 3 CLEAN, EFFICIENT OPERATION\***  
A high performance burner available separately and used with these models is a premium design with the latest technology for clean operation and optimal fuel efficiency.
- 4 TRUSTED RELIABILITY**  
Proven Bryant ignition controls reliably start the heating and combustion process.
- 5 REDUCED COMBUSTION NOISE**  
A silencer baffle minimizes combustion noise at the source with our unique design.

\* Models OBM and OBL available with Riello or Beckett burner.
