Certified Space Technology to PROTECT YOUR HOME

What is Certified Space Technology?

Products and services that display the Space Certification Seal are guaranteed to have originated from technologies that came from space exploration.

What Does This Mean For You?

Air Scrubber by Aerus® purification products use ActivePure®, a variation of technology originally developed in cooperation with NASA to create a safe atmosphere for astronauts on the International Space Station. This technology is now available to help protect you, your family, and your home from dust, germs, odors, pet dander, viruses and more.

The Certified Space Technology logo is licensed to Aerus by the Space Foundation for use of Air Scrubber by Aerus® purification products. The Space Foundation recognizes products whose origins come directly from technology or resources derived from the space programs

ActivePure™ technology reduces up to **99.9%** of the harmful contaminants throughout your home.

PROTECT YOUR HOME AND FAMILY

Air Scrubber Plus® ensures that air ducts, tables, furniture, countertops, bathrooms, doorknobs, and practically every surface you touch is cleaner and safer for your family. It's as simple as turning on your fan, furnace, or air conditioning system. Once installed, Air Scrubber Plus® goes to work right away by copying the power of nature outside to clean your home inside. As air passes through the unit, it is transformed by our unique technology. ActivePure™ scrubbers then travel through the ductwork into every corner of your home, effectively treating and purifying the entire house.

ActivePure® Technology to

PROTECT YOUR ENVIRONMENT

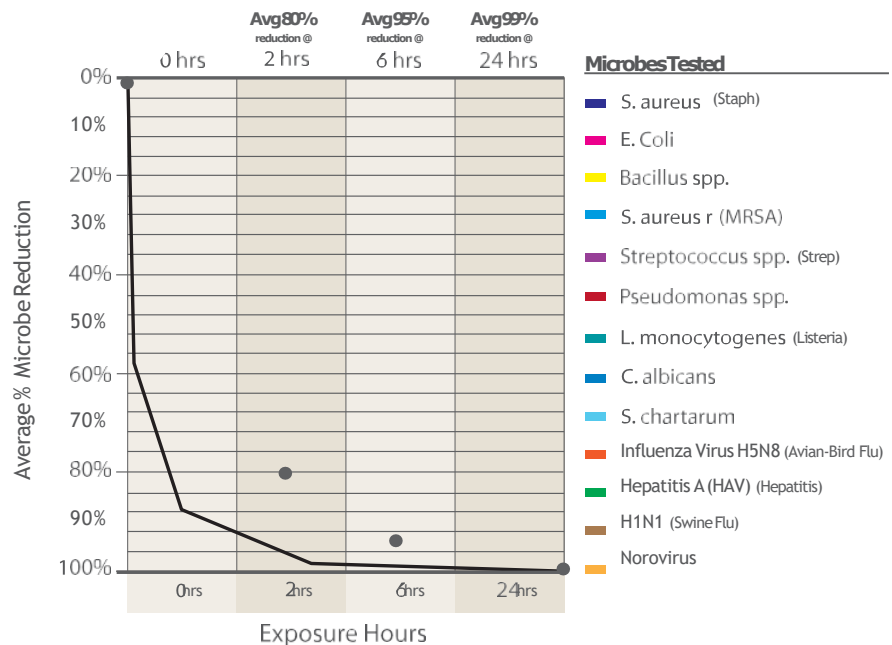

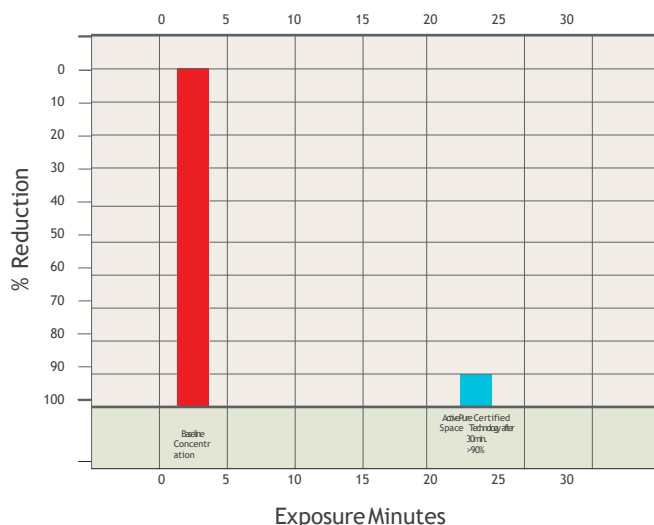

Scientifically Proven to Clean and Purify

Reduction of Surface Contaminants

ActivePure® (RCI) Technology 24 hour testings conducted by Kansas State University

Reduction of Airborne Contaminants

ActivePure Technology testing conducted by University of Cincinnati

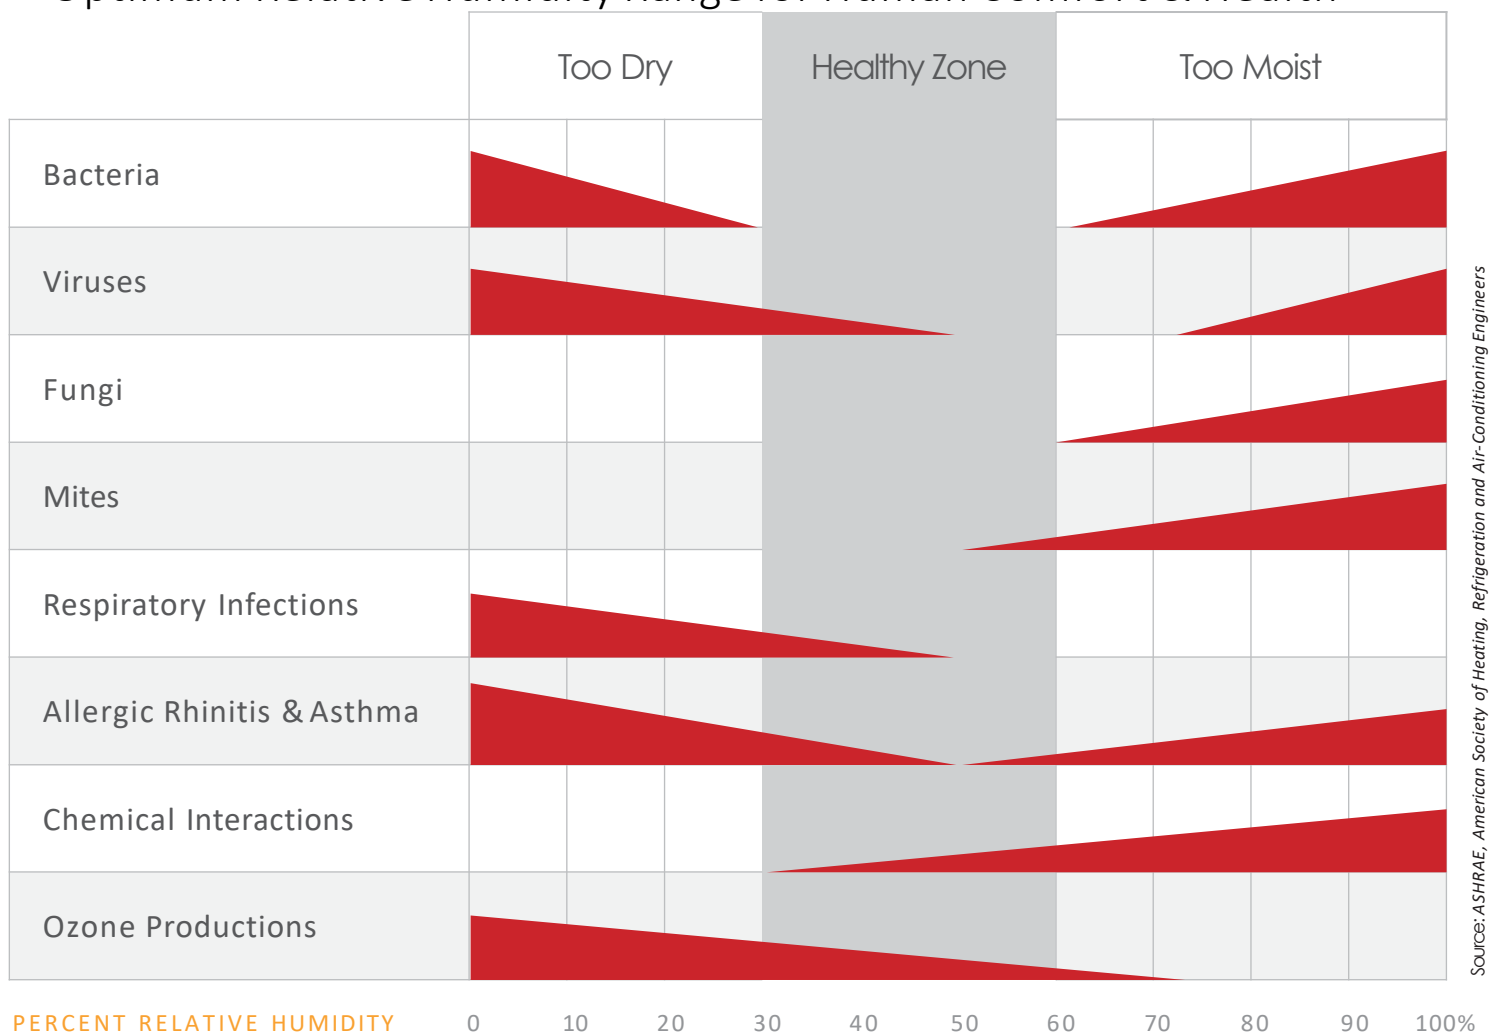

Healthy Humidity Plays a Key Role in Wellness

By Improving the air you breath, you could benefit from greater, overall health, less stress, better sleep and a happier Family

Optimum Relative Humidity Range for Human Comfort & Health

Every @ 6% RH You Go Up or Down In A Home Feels Exactly Like 1 Degree Fahrenheit
The EPA Says ...Every 1 Degree We Move Our Thermostats Equals 5% Savings On Our Energy Bill
So If We Lower The RH In A House By Just @18% We Can Raise The
Thermostat 3 Degrees And Feel Exactly The Same.
That Means A Savings Of 15% On An Energy Bill.

The new standard for protecting your high-efficiency HVAC.

Compare The Protection

One inch panel filters won't protect your new system from these common problems

Traditional 1" Filter

Less than 75% efficient;
requires replacement
4-12 times per year.

1" FILTER
3.4 Sq. Ft.

Aprilaire Air Purifier

The New Standard

More than 90% efficient
when replaced 1-2 times
per year.

APRILAIRE
FILTERING MEDIA

27 Sq. Ft.
9x MORE media to filter
out harmful particles

With Aprilaire high-efficiency filtering media, you can be assured of:

- ++ Peak Equipment Performance** – Proper heating, cooling and airflow
- ++ Energy Savings** – Dirty components can raise energy cost by as much as 15%*
- ++ Enhanced Reliability** – Clean systems reduce malfunctions; extends service life
- ++ Improved Air Quality throughout your home** – Airborne contaminants are trapped

CLEAN AIR

VACUUM & DUST LESS OFTEN

- + Highly efficient HVAC protection
- + Up to 1-year filter life

HEALTHY HOME

REMOVES MOST COMMON ALLERGENS

- + Vacuum and dust less often
- + Excellent HVAC protection
- + Up to 1-year filter life

ODOR REDUCTION

REMOVES PET & COOKING ODORS

- + Removes most common allergens
- + Vacuum and dust less often
- + Excellent HVAC protection
- + Up to 6-month filter life

ALLERGY & ASTHMA

REMOVES 99% OF ASTHMA TRIGGERS

- + Our highest efficiency, healthiest filter choice
- + Vacuum and dust less often
- + Superior HVAC protection
- + Up to 6-month filter life

Plumbing Heating & A/C

Air Scrubber

The Air Scrubber Plus by Aerus substantially reduces odors, visible smoke in the air, and microbial populations on **surfaces**, utilizing the patent pending ActivePure Technology. ActivePure consists of special UV light and photocatalyst target, creating an Advanced Oxidation Process containing several friendly oxidizers. Certified Space Technology continuously protects and purifies the air and attacks contaminants on all surfaces.

Dehumidifier

Aprilaire Dehumidifiers reduce overly humid conditions to help protect furnishings and belongings from warpage, mildew and rot. Reduces growth of allergens like mold & mildew and dust mites and gets rid of that sticky, cold clammy feeling and musty smell.

Air Cleaner

Aprilaire 1000 Whole House Air Cleaners are ducted air cleaners that install on or near your furnace or air handler and remain out of site. As your HVAC system heats, cools, or circulates the air, the electrostatically charged filter simultaneously removes airborne allergens and particles. Clean conditioned air is then re-distributed throughout your entire home using your supply ductwork.
