24 HOUR SERVICE & INSTALLATION

Specializing in Forced Air Systems

Radiant Floors & Snowmelt Applications

Let Us Design Your System

B.J.'S PREFERRED CUSTOMER

Furnace & A/C Maintenance \$150.00

B.J.'s Heating & Cooling agrees to provide two (2) complete semi-annual service calls per year. Your specialized service will be performed only by a skilled qualified Service Technician who is trained to make your heating and air-conditioning system operate as efficiently and economically as possible. Your service will be scheduled in the spring and fall pre-season during normal business hours. Service will include:

FALL

- Clean condensate drain (90% AFUE)
- Check and lubricate blower assembly
- Check and test all electrical components
- Clean and inspect heat exchanger (gas furnace)
- Test for carbon monoxide and natural gas leaks
- Check filters

SPRING

- Clean condenser coil and check for damage
- Check refrigerant pressures
- Test compressor and motors for voltage and amp draw
- Check and test all electrical components
- Check and lubricate fan motor
- Check filters

This service plan was designed with you, our customer, in mind and will afford you the following benefits:

- Less chance of major repairs
- Extended equipment life
- Lower utility bills
- Efficiency and comfort maintained
- Greater capacity and dependability
- 15% discount on all replacement parts, including filters and humidifier pads
- \$20 off diagnostic fee
- 24-hour emergency service availability (additional cost) *Winter only*
